His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvelous medicine is the greatest and quickest world for all throat and lung troubles. Regular size 50 cents and \$1.00 trial bottle sent at Copper Queen store and Bisbee Drug Co. every bottle guaranteed.

An Editor's Life Saved by Chamberlain's Cough Remedy.

During the early part of October, 1896, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expectorate which I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—B. S. Edwards, Publisher of the Review, Wyan, Ill. For sale by all druggists.

Taken From The Enemy.

The awful hint is thrown out by the Mexican Herald that Admiral Dewey probably intends to approach Washington on a gun boat the 4th of March next and take the place Manila fashion. This suggests the thought that he may steam up the mighty river Kaw on the 4th of July and capture the Kansas City convention. Col. Bryan should keep his eyes on the Kaw.

California experience was repeated in Cripple Creek, Colo., last week.

A miner coming off shift at the Independence mine was found to have several gold ore specimens secreted on his person, which he admitted having taken out while at work in the mine. He was arrested, but on trial was discharged, the court holding that no value was placed upon the ore stolen, and the witnesses for the defense were not able to swear that the ore in evidence was Independence ore.—Mining & Scientific Press.

"No family can afford to be without One Minute Cough Cure. It will stop a cough and cure a cold quicker than any other medicine," writes C. W. Williams, Sterilizer, Pa.

It cures croup, bronchitis and all throat and lung troubles and prevents consumption. Pleasant and harmless. Copper Queen store and Bisbee Drug Co.

The canaigre industry of the Salt River valley promises to be highly remunerative.

The product and shipments per month is now fifteen cars, which will be increased to thirty cars. Canaigre, or tannin plant, is indigenous to Arizona and grows wild in the valleys and canyons of the territory. Its value is in the tannic acid it carries. The demand, which is rapidly increasing, is much in excess of the production. It is one of the most profitable products of the soil that can be cultivated in Arizona. It grows and matures during the winter months.—Arizona Daily Star.

J. I. Carson, Prothonotary, Washington Pa., says, "I have found Kodol Dyspepsia Cure an excellent remedy in cases of stomach trouble, and have derived great benefit from its use."

It digests what you eat and can not fail to cure. Copper Queen store and Bisbee Drug Co.

E. T. Dunning, attorney for the Los Angeles Board of Trade, arrived home yesterday from a trip to Tucson, Ariz., where he went in the interests of the many Los Angeles creditors of Rosario Brena, a merchant of Tucson, who operates two retail stores and a wholesale establishment at that place.

As the result of Mr. Dunning's visit, proceedings in involuntary bankruptcy were begun, and a receiver appointed for the business by the Federal Court. The receiver is Fred Fleischman, cashier of the Farmers' and Merchants' bank of this city. Brena's assets were conservatively estimated at \$84,000. His debts amounted to \$52,000.

Cleanse the liver, purify the blood invigorate the body by using DeWitt's Little Early Risers.

These famous little pills always act promptly. Copper Queen store and Bisbee Drug Co.

The cheapest advertising is that which gives the largest amount of results in proportion to the amount expended.

"Cheapness is not regulated by what you pay, but by what you get for what you pay."—Ex.

Carl Clawson of Bisbee, Arizona, is registered at the Grand Central.—El Paso Herald.

A recent discovery of ore near Charleston may bring that long dead camp into prominence. The Pittsburg-Arizona G. & C. Co. has developed a group of claims near the one time prosperous smelting town, the Porto Rico, San Juan, Manila, Rensselaer, Giant, Santiago and Havana running rich in gold, silver and lead.—M. & S. Press.

Experience is the best teacher. Use Acker's English Remedy in any case of cough, cold or croup.

Should it fail to give immediate relief money refunded. 25 cts. and 50 cts. Sold by J. S. Williams & Co.

The simplicity of truthfulness is a merit in a mining prospectus, and more convincing than meretricious statements.

Exaggeration exhausts itself and arouses instinctive distrust. Understatement is better than bombast for convincing those whom it is worth while to convince.—Ex.

"I think DeWitt's Little Early Risers are the best pills in the world," says W. E. Lake, Happy Creek, Va.

They move all obstructions of the liver and bowels. Act quickly and never gripe. Copper Queen store and Bisbee Drug Co.

NOTICE OF FORFEITURE.

BISBEE, ARIZONA, May 8, 1898. To Frank Bobb, his heirs or assigns: You are hereby notified that I have expended during the year 1898 \$100 on the Little Mary mine and \$100 on the Emma mine, situated in Warren Mining District, county of Cochise Territory of Arizona, location notices of both of which are recorded in the office of the County Recorder, in Book of Mines, Mining Records of Cochise county, Arizona, in order to hold said claims under the provisions of Section 2324 of the Revised Statutes of the United States and the amendments thereto concerning annual labor upon mining claims, it being the amount required to hold said claims for the period ending December 31, 1898. And if within ninety (90) days after the publication hereof you fail or refuse to contribute your proportion of said expenditures as co-owner, your interest in the said mining claims will become the property of the subscriber, your co-owner, who has made the required expenditure by the terms of said section 2324. (Signed) GEORGE BERNARD. First publication May 8, 1898.

Copper Colored Splotches.

There is only one cure for Contagious Blood Poison—the disease which has completely baffled the doctors. They are totally unable to cure it, and direct their efforts toward bottling the poison up in the blood and concealing it from view. S. S. S. cures the disease positively and permanently by forcing out every trace of the taint. I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out in sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do no good, I had spent a hundred dollars, which was really thrown away. I then tried a "Blood Purifier" medicine, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved and was delighted with the result. The large red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass. H. L. MYERS, 100 Mulberry St., Newark, N. J. Don't destroy all possible chance of a cure by taking the doctor's treatment of mercury and potash. These minerals cause the hair to fall out, and will wreck the entire system. S. S. S. For Blood is PURELY VEGETABLE, and is the only blood remedy guaranteed to contain no potash, mercury, or other mineral. Books on the disease and its treatment mailed free by Swift Specific Company, Atlanta, Georgia.
