## MEMORABLE MEMORIAL.

### The President Attends Antietam.

#### ADDRESSES BY NOTABLE MEN.

#### Dedication of Maryland Monument. Services at Arlington.

WASHINGTON, May 30.—McKinley and several members of his cabinet left at 9:30 o'clock this morning for Antietam Battlefield, where they witnessed ceremonies incident to dedication of the Maryland monument. Decoration day exercises here were held under the auspices of the department of the Potomac at all cemeteries. The most striking observance of the day was at Arlington, of course, where Hon. Mariot Brosius, the Pennsylvania congressman, delivered a patriotic address. Congressman Gardner of Michigan, was orator at the Congressional Cemetery. His address was supplemented by one from Congressman Watson, of Indiana. Many Veterans from the Soldier's home attended. Addresses were delivered at other cemeteries by Congressmen Tongue of Oregon, Andrews of Nebraska, and others. The graves of Confederate veterans were not forgotten. The Senate adjourned over until Thursday but the house remains in session.

#### Mr. ANNA GOULD.

#### He Has Been Monkeying With The Political Mule.

PARIS May 30.—Count Boni De Castellane is receiving the congratulations of the Nationalists for his leading against the government Monday which culminated in the resignation of General De Callfet from the Ministry of war. The count takes his honors easily and expresses regret that he did not succeed in overthrowing the government. The Nationalists are telling Count Boni that he is a wonderful politician with the expectation of increasing the party's coffers. Countess De Castellane is also being felicitated on her husband's success.

#### UNTIMELY AFFLICTION.

#### Homer Garvin Becomes Insane on His Bridal Tour.

QUINCY, Ills., May 30.—Homer Garvin of this city, who a week ago married Etheline Griffith, a society belle of Carthage, Illinois, and went to Denver on his bridal tour, has been adjudged insane and sent to the Jacksonville insane asylum. His first symptoms of insanity were noticed two hours after his marriage. Garvin recently graduated from Galesburg college. No cause for his malady is known.

#### PHILIPPINE COMMISSION.

#### Believe They Can Pacify the Archipelagic Men.

HONG KONG, May 30.—The Philippine commission will sail for Manila on Friday, and probably will be accompanied by Consul General Rounselle Wildman, with whom the commission has been in consultation several days. Several days have been devoted to the formation of a policy since the arrival of the commission, and they confidentially believe they will be able to pacify the Filipinos very rapidly. Wildman has urged upon the commission the following policies: Free trade, the free admission of Chinese, expulsion of Friars and return of all property that has been confiscated illegally.

#### May Have Been Opium.

Dr. Edmundson reported that an examination of the stomach and other internal organs of John Gin, the Chinaman whose death was recorded in yesterday's REVIEW, revealed a perfectly normal condition. When asked if death might not have been caused by the excessive use of opium, the doctor said it was possible.

#### Gets His Horses.

Herring, of Naco, who has experienced so much trouble with the Mexican government officials concerning his horses, has the stock once more in his possession.

## HOUSE WAS BUSY.

### Would Not Adjourn for Memorial Day.

WASHINGTON, May 30.—On motion of Davis, Teller's senate resolutions of sympathy for the Boers was by a vote of 40 to 28 referred to the foreign relations committee yesterday. Messrs Chandler, Hale, Hoar and Mason (Republicans) and Potigrew and Teller (Silver Republicans) voted against the motion and Lind say for it. Chandler asked unanimous consent that Martin Magginis of Montana be granted the privilege of the floor of the senate during penitence of the question of his right to a seat. Tillman facetiously asked if the request included both claimants. Chandler stated that Clark accorded the right by reason of his being an ex-senator. By unanimous consent the privilege was granted Magginis. He soon made his appearance. He was cordially greeted by the members of both sides of the chamber.

WASHINGTON, May 30.—There was a large attendance of members when the House assembled at noon in expectation of the consideration of the anti-trust legislation proposed by the Republicans. Dalzell (Republican), of Pennsylvania, presented the rule recommended by the committee on rules to govern the debates during the next three days, which was printed yesterday. Brown (Republican), of Ohio, asked Dalzell to withhold the rule in order that the house might adjourn in recognition of Decoration Day. Dalzell replied that he would withdraw it in order to secure unanimous consent to pass the pension bills, which are pending from last Friday. To this Tabert (Dem.), of South Carolina, objected. Steel (Rep.), moved the recognition of Decoration Day. This motion was defeated by 118 to 107. The bill to send a commercial committee to China and Japan was then laid before the house, the object being to strike out the enacting clause, which would mean the defeat of the bill. The house refused by a vote of 130 to 105 to strike out the enacting clause, and it consequently was restored to its position on the calendar. The pension bills were taken up and Talbert commenced filibustering. Speaker Henderson appealed to him to desist and Talbert yielded. The nineteen pension bills were then passed.

## BRITISH DEFEATED.

### IMPERIAL FORCES DRIVEN BACK.

#### Dr. Leyds says Pretoria Is Well Fortified And Will Resist.

PRETORIA, May 29 (Delayed).—An official bulletin says the British made an attack on Wilwatersrand, but were beaten back by the federals. The loss of the British is reported as being considerable.

BRUSSELS, May 30.—Dr. Leyds in an interview today on the situation in the Transvaal said that Pretoria is well fortified and that the Boers will resist for some time.

LONDON, May 30.—(Delayed). Roberts is confident that he will occupy Johannesburg today. He cabled the war office yesterday afternoon as follows: "I expect to enter Johannesburg with all my troops at noon tomorrow." The posting of the dispatch caused great jubilation in London yesterday evening.

LONDON, May 28.—London is restlessly awaiting Roberts' announcement that Johannesburg has been occupied. Roberts, by the rapidity of his march, has outstripped the expectations of even the most optimistic Englishmen. It is believed now that June 1st will see the British in Pretoria. The advance from Bloemfontein has been little more than a mere parade. The 240 miles have been covered in thirty days, including all halts. From Boer sources continue to be heard only stories of confusion and collapse. Nothing more has been heard concerning the British force from Mafeking which had marched east to Lychtenburg.

LONDON, May 30.—Buller reports from New Castle as follows: "General Hildyard has captured Utrecht in the Transvaal. Clerly is bombarding Laings Nek. The enemy has been forced to retire from Donberg, where he threatened my right and rear. The Boers are disheartened and if they did not occupy such strong positions I doubt if they would show any fight."

## CAPTURED DERBY.

### Did The Prince of Wales's "Jubilee."

#### SIMON DALE CAME IN SECOND.

#### The American Horse Disguisil Could Get No Better Than Third Place.

EPSOM, May 30.—Glorious weather prevailed today when the Derby was run over Epsom Downs. There was an unusually large and brilliant attendance and many royal turnouts. There was an unusual scene of gayety and confusion in Epsom road which was jammed with vehicles from an early hour, bringing all classes from London to the great turf event. There were many Americans on the coaches. The Prince of Wales' Diamond Jubilee was the favorite for the Derby stakes at 2 to 1. James P. Keene's American horse, Disguisil, by Domino Bonnie, was much talked of as a likely winner and had many backers at 7 to 1, but he made only third place. The favorite, Diamond Jubilee, won. The Duke of Portland's Simon Dale was second. Diamond Jubilee was ridden by H. Jones; Gannon rode Simon Dale, and Sloan rode Disguisil. Fourteen horses ran. In the betting Diamond Jubilee was an even favorite with Simon Dale at 9 to 3.

## KID M'COY AND RYAN.

### THE FORMER GETS THE DECISION.

#### But The Spectators Vociferously Disapprove The Verdict.

CHICAGO, May 30.—The discussion of the outcome of last night's McCoy-Ryan six-round fight continues this morning to be as acrimonious as when the crowd howled its disapproval of Malachy Hogan's opinion that McCoy won on points. The fact is, Hogan was not aware that the articles of agreement contained a clause providing for a draw if both men were on their feet at the end of the six rounds.

George Siler says: "Hogan has sat in judgment once or twice, and being closer to the men, decided as he saw them fight. All fighters look alike to him when they enter the ring, and I am sure he decided, as he considered, rightly. Ryan was there good and strong at the end. He did all the forcing, certainly landing as often as the Kid, and from an unbiased standpoint I will say the worst he should have had was a draw, irrespective of the clause in the agreement."

## STRIKERS MURDERED.

### Five Wounded, Two Will Die.

#### CARMEN DID THE SHOOTING.

#### Riot Call Brought Police, But Too Late to Prevent The Murder.

ST. LOUIS, May 30.—At 1 p. m. five boys were shot down at the intersection of Broadway and Pestalezzi street, at which point a crowd had gathered, hooting and throwing missiles at a car. Fully half a hundred employees of the bottling works of a nearby brewery stopped on the corner on their way to work from lunch. When the motorman began shooting they scattered and hid behind a lumber pile in the brewery yard. The motorman, re-enforced by others on cars, came up later and fired a steady volley into the yard. Cries of pain arose whenever one of the boys was struck by a bullet. A riot call brought a squad of police, but not until the car men had fired about a hundred shots and had thrown the neighborhood into a panic.

The police searched the lumber yard and found five boys wounded, two of whom are expected to die. They were carried to a nearby dispensary. One was shot through the breast, another through the abdomen and another in the head. A fourth was wounded in the arm and a fifth in the leg. A number of windows in the vicinity were demolished.

## THE NEW Automatic Colt Pistol

We are the First in the whole Southwest to show this pistol, and we should be only too glad to have you inspect and examine this new wonder in the firearms world.

Briefly described, it is a pistol with a magazine attachment holding seven shots, which are capable of being fired off in rapid succession—all automatically. The action of this pistol is automatic, except that the trigger is pulled for firing each shot. The arm can be discharged at the rate of five shots per second, the cartridges being automatically supplied from an attachable magazine inserted in the handle of the pistol.

After the pistol is charged with a filled magazine one opening movement is made by hand, bringing the first cartridge into the chamber. On pulling the trigger the cartridge is fired, the empty shell is extracted, a new cartridge is loaded into the chamber, all these operations taking place automatically without any manipulation of the arm. This automatic operation of the pistol is effected by the recoil of the moving parts, and as a consequence the recoil is so absorbed in being utilized that it has not the usual disturbing effect.

The length of the barrel is 6 inches, length of pistol over all 9 inches, weight of pistol 35 ounces. It is made only in the 38 calibre, with a 6-inch barrel, blued finish, and shoots a rimless, smokeless, metal-patched bullet.
