

THE SPRAY SHAFT

The Line to the Shaft is Almost Completed.

An Important Addition to the Copper Queen's Great Plant in Bisbee.

The track to the Spray shaft, and which connects that mine to the main works, will be completed this week.

The work has been pursued with great vigor on this important addition to the Copper Queen's vast plant in Bisbee, and a considerable force of the best workmen has been engaged on the line, which has been, from its course and the peculiarities of the position, an effort and proof of high engineering skill, and has been brought to a most successful conclusion.

LOCAL BRIEFS.

N. S. Berray is registered at the Angius.

Jim Douglas was an arrival from Mexico Saturday.

Steve Aguirre arrived in town from the Cananeas Saturday.

Mrs. Whitehead and Mrs. Moore left for the ranch yesterday.

Sheriff Scott White went out Saturday night bound for the county seat.

R. Lellner came in from Los Angeles yesterday and registered at the Norton Hotel.

J. Bond of New York City is in town and has his headquarters at the Hotel Angius.

J. Tresovich, of Los Angeles, was an arrival by the passenger on Saturday evening.

B. J. O'Rielly, of Naco, came in Saturday evening and spent some hours in town on business.

F. Jordan, a New Mexican, is among the guests whose names are on the register at the Norton House.

Ben Pringle, head of the Copper Queen hardware department, will leave Bisbee on the 15th of this month.

Al Gibson came in from Pearce Saturday on his wheel and spent a few hours in town among his friends.

J. S. Martine, of El Paso, is a visitor in Bisbee, having arrived yesterday and registered at the Bessemer Hotel.

F. G. McGauney was a passenger on the incoming train. He comes from the City of Mexico. Mr. McGauney is at the Bessemer.

W. Kline left for Turquoise Saturday with goods for his restaurant. He says that trade is first rate in the camp and he is doing a brisk business.

I. N. Wallace went over to Tombstone Saturday where he will stay a few days with Mrs. Wallace and the children who are visiting the county seat.

Quite a number of families are beginning preparations for an outing in the Huachuacas, and next month will see many of Bisbee's citizens rusticating in those delightful hills.

Gus Pearson, for some time a resident of this town, has gone to California, where he expects to locate permanently. He will take a holiday on the coast for some weeks and then settle in San Bernardino.

Miss Adelle duPlessis, an experienced nurse, is now resident here, and is nursing for the local physicians. The young lady graduated at the hospital training school at Philadelphia, and has lately been in the cities of Colorado Springs and Denver.

Dr. and Mrs. H. W. Fenner came in from Tucson Saturday. The doctor is an old timer here, where he lived from 1881 to 1883. He then settled in Tucson and enjoys an extensive practice. The visitors will remain in Bisbee a day or two with their numerous friends.

There was quite a grass fire down at Don Luis yesterday. The flames were near enough to the station to cause considerable anxiety, and Mr. Stiles sent down a man to watch the fire. The watcher was in constant communication with the head office, and everything was in readiness to fight the fire should it attack the depot itself. However it burned itself out, and was kept away from the building.

The Bisbee Gun Club.

The gun club held a tournament yesterday afternoon at the grounds. Quite a number of spectators witnessed the shooting which was on the average very good. After half an hour practice a number of local shots entered for the event of the day. One well known and skillful marksman gave an unusual exhibition of fancy shooting. He offered to bet that he could send the shot in the direction of the bird and while apparently shooting at it would actually miss it by a hair's breadth, this he did every time amidst the applause of the

spectators. The two highest scores, Downs and Ives, were both up at 18, and in the shooting off both men did fine work, each killing his first five birds when Downs missed his sixth, Ives killing and thus winning.

The score was as follows, out of 25 birds: I. Ives.....18 A. E. Downs.....18 W. Munch.....16 G. L. Davidson.....5 O. B. Pettv.....0

NEGRO'S HOPE IS IN TOLL.

Their Industrial Education is Urged at a Meeting Held in New York.

The future of the negro race was the subject of discussion at Carnegie hall, New York, the other day before the Society of Ethical Culture. William H. Baldwin, Jr., president of the Long Island railroad; Prof. Felix Alder and Isaac Fisher and Robert W. Taylor, two graduates of the Tuskegee (Aka.) school, were the speakers. All spoke hopefully of the negro's future and found a solution of existing problems in industrial education.

Mr. Baldwin held that the fine distinctions between black and white in the south were proper and beyond criticism. Labor, he said, was the only solution of the troubles in the south. A negro and a mule were the only combination that could grow cotton, and consequently were both essential to the welfare of the south. The religious and moral welfare of black and white in the south could only be secured by industrial education.

"The fifteenth amendment to the constitution of the United States," Mr. Baldwin said, "cost 1,000,000 lives to enact. As many more stand ready to maintain it. The fault is not in the amendment, but the suffrage right should be equal to black and white. The negro stands ready for educational or property qualifications if the same qualifications be enforced for white men. It is a general question of education for the whites and blacks." Robert W. Taylor said that when he first went to Tuskegee his ambition was to go to congress and help to enact laws for the benefit of his race. Under the teachings of the school he soon learned that the salvation of the negro could come through no law but the law of labor.

BOYS ARE EXPANSIONISTS.

Rebellion Caused at a Philadelphia School by Action of Its President.

The boys of the Isaiah Williamson trade school, near Media, Pa., which the late Isaiah V. Williamson established, leaving for its erection and maintenance nearly \$1,500,000, are making strenuous efforts to have retained as superintendent Lieut. Robert Crawford, who recently resigned at the request of President Shrigley. The lieutenant is an officer of the United States navy, and several times lately clashed with the president upon questions relating to the war in the Philippines, which the latter, being a member of the Universal Peace union, and an admirer of Edward Atkinson and Alfred Love, condemns. The boys have manifested their disapproval of the removal of Lieut. Crawford by refusing to attend classes, and the other day they became further insubordinate by erecting a flagpole and running up the banner of the stars and stripes against the order of the president, who is of the opinion that the flying of the flag during the progress of war may be taken as an endorsement of the conflict. The pole was erected about one o'clock in the morning and from that hour until daylight the boys stood around singing patriotic airs. At six o'clock they ran up the colors and went back to their rooms. President Shrigley has also stopped drilling because it instills a warlike spirit and has suppressed a debating society because the war was discussed and a weekly paper published by the pupils because of an article commending the acquisition of Hawaii.

Evidently Come to Work.

More than 20,000 Italians have landed at New York during the month of April. We are pleased to be able to report, says the Chicago Times-Herald, that comparatively few of them brought hand organs or were accompanied by monkeys.

HAPPENINGS AT NACO

The Railroad Almost an Assured Fact.

Newspaper to be Published, Buildings Being Constructed and Business Good.

The Moctezuma Mining company is shipping machinery to their Nacosari property every day. Evidence of the Fourth of July celebration still exists. Flags and bunting still float from many housetops. W. W. Pardon is rushing work on his new building and hopes to have it ready for occupancy within ten days. Naco is to have a newspaper—a need that has been felt for some time. On Saturday J. F. Haley was interviewing a number of our people in regard to the feasibility of a paper here, and they all pledged their hearty support to the enterprise. The paper will be published weekly. It will be independent in politics. The paper will devote its energy to advancing the interests of Naco first, last and all the time. The talk of Naco these days is railroad. The question is, "Are we to have a railroad, or is our town going to be off the route." However, the consensus of opinion among persons who are supposed to know is that Naco is to be on the line and that work will be begun within ten days, and with the advent of the road comes prosperity, as our town is destined to be the metropolis of Cochise county. The citizens of Naco have confidence in the future of their town and are enterprising to a man.

The Wigwam.

All persons desiring to take advantage of our unique 2 dozen photos for 50 cents should come at once, as no sittings will be made later than Sunday, July 15, but we will remain in Bisbee to finish all work, and to conclude our views. We have the following for sale at bargains: One 12 x 19 tent. One 12 x 14 tent. One 12 x 24 tent. 3 back grounds, cheap, for amateurs. 250 feet lumber, good as new. 1 heating stove.
