A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent cough remedy to anyone afflicted with a cough or cold in any form.—"The Banner of Liberty," Libertytown, Maryland. We must have constant employment or entertainment.
