

### MOBILIZE FOR ROOSEVELT IN ARIZONA

#### Inevitable Club For Third Term Boom Is Now Under Way

### BACKING STRONG OPPOSITION

PHOENIX, Ariz., Jan. 30.—The Roosevelt third term boom has at last struck Arizona. It materializes in the same form in which the boom has come to other places—a Roosevelt club whose members are pledged to the task of sending a Roosevelt delegation to the Republican national convention at Chicago. The organization, which will have its headquarters here will be statewide in its scope and will exert a strong influence in state politics, its promoters say.

The movement here is headed by former governor Joseph W. Kibbey, who was a Roosevelt appointee and who served four years as governor of the territory preceding the incumbency of the present governor, and Dwight B. Heard, a personal friend of Mr. Roosevelt. Both of these men are hard at work securing names of men who will join the club and pledge themselves to work for the nomination of the former chief executive. Republicans in large numbers have taken to the idea with avidity; but at the same time it will meet with determined opposition from the Taft forces. The prospects therefore are for a pretty political fight.

Ramifies the Chicago Club. The Phoenix club is an auxiliary of the club recently formed in Chicago of which A. H. Revell is president. Mr. Revell and Mr. Heard have been in telegraphic correspondence for several days and the result of that correspondence is the organization of the Roosevelt club here. A meeting of this club will be held within a day or two when a permanent organization will be effected.

As stated by one of the leaders of the movement the desire for Roosevelt's nomination is a desire for the settlement of some of our perplexing business and political questions. Promoters of the movement here believe that his nomination will solidify the Republican organization as nothing else could. They say it means a square deal in both politics and business.

On the other hand the Taft supporters say to turn down Mr. Taft would be suicidal. They demand to know wherein he has failed in his administration of the affairs of the nation, and they say that to deny him a re-nomination would be a slap in the face. They also make no secret of their belief that even in the event of the nomination of Mr. Roosevelt he could not be elected since he would antagonize by every one of the supporters of the present administration. Then the third term idea is repugnant to many of them.

#### Unify Educational System

Them ost active man in state politics just now is Senator C. B. Wood of this county. Wood has just returned from a tour of the southern part of the state in which he visited the university at Tucson and the industrial school at Benson. He says the last named institution is in a deplorable condition, and that one of the buildings is positively dangerous. The matter will be brought to the attention of the legislature as soon as it convenes.

Mr. Wood and Dr. A. H. Wilde, president of the university are working on a plan, which while not in any sense of a political nature, will have to be supported by the legislature that it may be carried through. This plan contemplates the solidification of the university, the normal schools and all the public schools of the state in a harmonious educational system. It is proposed to arrange the courses of study in such a manner that from the primary grade of the public schools to the senior year of the university there shall not be a single break. The plan will doubtless receive the cordial support of all educators and it is not likely there will be any opposition among the legislators.

It is now hoped to have the state admitted February 12, the anniversary of president Lincoln's birthday. This proposition has met with the approval

of governor-elect Hunt, who had expected to be inaugurated February first. There has been no change in the inauguration program which contemplates an entirely informal event including the swearing in of the governor, the inaugural address and a public reception.

### MAIL CARRIERS OF THE AIR FOR ARIZONA.

WASHINGTON, D. C., Jan. 27.—Aerial mail carriers are entirely practicable in the opinion of Joseph Stewart, second assistant postmaster general, who has charge of the transportation end of the postal business.

Mr. Stewart appeared before the house committee on postoffices and postroads and was asked to explain the department's estimate of \$50,000 for experimental aeroplanes.

He said the department wanted to try them in Arizona, where, at present it is necessary for many rural carriers to make wide detours in order to avoid mountains and canyons.

A mail carrier mounted on an aeroplane, he said, could reach his destination in a few minutes when it would take the man on horseback several hours and perhaps days.

### TAXPAYERS LEAGUE OF GILA COUNTY WINS

#### Many Members Being Added to the Rolls of the New Gila County Organization

### SECRETARY TO BE EMPLOYED

#### Who Will Look After Interests of the League and Boost For New Industries

GLOBE.—The membership of the recently organized Gila County Taxpayers League is daily adding new members to its roll. Within a few days it is expected that a permanent secretary will be employed to look after the affairs of the organization and in addition to his duties as secretary will boost for Gila county in the matter of bringing new industries into the county.

Within the next day or two the following letter will be mailed to every taxpayer in Gila county, which will contain an application blank: To the Taxpayers of Gila County, Arizona: The movement started some time ago to follow the example of Cochise and Greenlee counties in taking a greater interest in the administration of city and county affairs, has, with the co-operation of a large number of persons, resulted in the formation of this association. In order to make the work productive of good results it is very necessary that every citizen of the county should take an active interest in the work and lend his influence to furthering the objects of the association.

The newspapers of the County have already called attention to this matter and many have already signified their intention to join. Enclosed herewith is an application which you are urged to sign at once and mail to the president of the association, Mr. G. H. Dowell, Globe, Arizona.

The annual dues have been fixed at 2 per cent of the amount of taxes paid by each member for the previous year, with a minimum of \$1.00. In many cases this is but a trifling amount, but the help of each taxpayer is earnestly solicited, aside from any consideration of his financial standing. The hope is that every taxpayer in the county will join and by his influence add the weight of public opinion to the efforts of the association. Your name on the roll of membership will be a greater help than the money you can contribute.

While every confidence is reposed in the integrity of our public officers, we believe that by lending all the assistance possible from the association toward the proper performance of their duties according to law, many economies in the expenditure of public monies can be effected, which could not otherwise be brought about; also should it be demonstrated that any new laws would prove beneficial to the county, our influence will be brought to bear towards securing the proper revisions.

The organization, is not formed for the gain of any individual or corporation, and the benefits will accrue to each and every property holder in proportion to his holdings.

Every member of the association is asked to co-operate with us towards the ends as outlined above and if you have any suggestions to make regarding the betterment of our plans for obtaining results in the way of reducing public expense to the minimum, a letter to our president will receive prompt attention.

Remember that you are a stockholder in Gila county and no matter how small your taxes are, we again urge you to send at once your application for membership to the association. (Signed) G. H. DOWELL, President

### UNION MEN OF STATE JOIN TO FIGHT FOR LEGISLATION

#### Will Initiate Them if First Legislature Fails to Pass Those Recommended by Convention

### Unequal Statutes Condemned, Better Schools, Woman Suffrage and Other Changes Demanded

Forty-four delegates, representing 7,000 labor union men in Arizona, met at Phoenix last Saturday and continued in session until Tuesday evening. They formed the Arizona Federation of Labor, the main object of which is to recommend laws to the legislature. This organization is designed to be permanent and will be affiliated with the American Federation of Labor.

J. C. Provost, a member of the Phoenix Plasterer's union was elected president; William Griffin of Phoenix Typographical union, secretary-treasurer; W. L. Langford, Bartender's union, Globe, first vice-president; Sheldon A. Reed, carpenter, Tucson, second vice-president; O. L. Warner Prescott, third vice-president; C. S. Prostel Snowflake, fifth vice-president Harry Kendall, Miami, sixth vice-president. A fourth vice-president will be elected by a referendum vote as soon as it is found who is most acceptable to the unionists of Apache and Navajo counties.

All the officers elected from the floor were nominated to go before the members of the federation as candidates to succeed themselves from a date ten days following the adjournment of the legislature till the third Tuesday in November.

Nicholas E. Edwards of Phoenix was made state organizer for the federation after Frank Lightfoot had refused the position. Lightfoot was later declared the unanimous choice of the convention for state printer. It was decided to recommend Walter Holm to the governor and legislature for the office of mine inspector and Jack Dodson for boiler inspector.

The officers comprise the executive board. A permanent committee on legislation, composed of Messrs. George Phebe, Clark, D. V. Smith, Whims and Lightfoot, were appointed. Messrs. Loan, Blake, DeWinton, Greene and Adams were made the auditing committee.

Speeches were made by Frank Lightfoot, Frank H. Blighton and others, and then the convention adjourned. In the evening the delegates enjoyed the hospitality provided by the entertainment committee.

William Griffin called the convention to order. Frank H. Blighton donated his services as official stenographer.

Laws providing for the imprisonment of blacklisters, a weekly pay day for employes, an eight-hour day for persons engaged in dangerous occupations and a complete reorganization of our voting system, will be recommended to the first state legislature by the Arizona Federation of Labor. If the legislature does not pass such laws and some others which the delegates to the first convention of the Federation are considering, that organization will initiate the measure and refer them to the people.

### SUPREME COURT SUSTAINS EMPLOYER'S LIABILITY ACT

WASHINGTON, D. C., Jan. 15.—After nearly a year's consideration the United States Supreme Court today unanimously approved the employers' liability law enacted by congress in 1908. This decision marks an epoch in labor legislation. The old common law, hedging in the rights of employes, is displaced in several particulars by the decision. Most notable among these is the abolition of the fellow servant doctrine and the substitution of a law making the employer liable for the negligence of an employe resulting in injury to an interstate employe. It further frees the employe from contributory negligence and limits the effect of the doctrine in others. Likewise in many cases it liberates the employe from assuming risk when he enters employment, knowing the danger of such employment. In announcing the decision, Justice Vandevanter said: "Now that congress has acted, the laws of the states, in so far as they cover the same field, are suspended."

### CHAMP CLARK CANDIDATE FOR NOMINATION

#### Speaker in Statement Declares He Stands on Own Feet Free From All Combinations and Seeking No Alliance

### SEEKS LOYAL DEMOCRATS

#### Wants Those From Missouri Who Will Stand by Him as Long as Chance Exists. After That They Are Free

WASHINGTON, Jan. 27.—Speaker Champ Clark, in a public statement, declared that he is a candidate for a representative delegation of "loyal Missouri Democrats" who will stand by him as long as he has a chance for the nomination. Clark was emphatic in declaring that he is in the presidential race on his own records, standing alone and seeking alliance with no other candidate.

Standing on His Own Feet. "Governor Folk and his friends," said Speaker Clark in his statement, "may make combinations with other candidates if they wish, but they have no right to excuse such conduct by wrongfully charging me with like practices. So far as I am concerned, I have stood and propose to stand on my own feet, without leaning on any other candidate. If I carry Missouri, I want a representative delegation of loyal Democrats who will support me with fidelity as long as they believe I have a good chance for nomination. Beyond that I am entirely willing to leave the delegation to do what may seem best for the party and the country."

### Folk on Statement.

ST. LOUIS, Jan. 27.—Former Governor Joseph W. Folk, replying tonight to Speaker Champ Clark's insinuations that the former governor had formed a combination with another presidential candidate, said:

"Clark is wrong in insinuating that I have a combination with any other candidate. I would not be ashamed, though, to have the support of Gov. Wilson's friends, for I regard him as a real progressive. I want the delegation from Missouri to be composed of progressive Democrats. No one familiar with the situation in Missouri can deny that the reactionary forces in St. Louis are supporting Clark with the hope of finally capturing the Missouri delegation for their own purpose."

### FAREWELL BANQUET TO JUDGE LEWIS AT GLOBE

#### Occasion a Most Enjoyable One. Judge Nave Acted Toastmaster and All Attorneys Present Told Good Stories.

GLOBE.—The farewell banquet tendered Judge E. W. Lewis at the Dominion hotel last night in honor of his retirement as judge of the fifth judicial district, was a decided success.

Judge Nave acted as toastmaster. All of the members of the Globe bar were present and during the evening each member was called upon to tell a story. Many were told of humorous and sad incidents and all of the stories were good ones.

George R. Hill told of the bench and bar of Globe's early days and many a hearty laugh he brought forth. The incoming judge, Walter G. Shute, delivered an excellent and clear-headed speech concerning his prospective duties and expressed his confidence in the local lawyers.

Judge Lewis made the closing talk of the evening. He spoke in general of the responsibility of judges; he paid a tribute to Clerk George H. Smalley and Court Reporter E. B. Van Veen, praising their ability and reliability. He said he was leaving Globe with a feeling of regret and with thoughts of the many things which have made his term pleasant, but that mingled with this feeling was a sense of delight that he was to return to the practice. In closing he spoke highly of the Globe lawyers.

At the close of his remarks the banqueters drank a toast in honor of Judge Lewis.

Those present were Judge E. W. Lewis, Governor-elect G. W. P. Hunt, G. W. Shute, Hon. F. S. Nave, P. C. Little, C. L. Rawlins, L. L. Henry, C. F. White, T. C. Hendricks, J. M. McCollum, P. C. ### DOAN TO HEAR FIRST CONTEST AT NOGALES

#### Chenoweth Disputes Election of Earhart for Treasurer and Judge Will Decide Question When Canvass is Complete

TOMBSTONE, Ariz., Jan. 30.—Judge Doan will leave this week for Nogales where he goes to hear the election contest that has been filed there in regard to the office of the County Treasurer. The republican candidate Chenoweth has contested the election of Earhart, his democratic opponent. The suit has been filed in the courts there and will come up for hearing. It is expected that by the middle of the week, the court will be able to secure from Phoenix the official count as returned by the Territorial Canvassing Board and if necessary the court will go over the ballots from the various precincts of Santa Cruz County and canvass the entire returns. This will be the first case of the contested elections to be heard in the territory. The canvassing board at Phoenix decided that they had no jurisdiction in the contest cases and has passed the matters up to the courts. There are several others to be heard but in all probability there will be none of the others heard until after the new State officials have been installed. It is expected that the hearing will last for several days. Court reporter John W. Walker will also go to Nogales to take the testimony in the case.

### HAYWOOD DENOUNCED BY DENVER ORGANIZATION Declared to Be An Enemy of Organized Labor in Resolution.

DENVER, Jan. 28.—William D. Haywood, former secretary of the Western Federation of Miners, who is now in Lawrence, Mass., working in the cause of the striking textile workers, was denounced by the Denver Trades & Labor assembly today as an "enemy of organized labor." The resolution attacking Haywood was adopted after evidence had been presented tending to show that Haywood had been quoted correctly in the newspapers recently when he made statements attacking the American Federation of Labor because of its withdrawal of support from the McNamara following their pleas of guilty in the Los Angeles dynamiting cases. Haywood's remarks were branded in the resolutions today as incendiary, and unworthy of a man connected with organized labor.

### STUBBS SAYS T. R. WILL GET NOMINATION

#### Kansas Governor Lanches With Roosevelt and Goes Back Home to Work For Former President

NEW YORK, Jan. 27.—Roosevelt is not a candidate for president but will be nominated, nevertheless, according to a statement issued tonight by Walter R. Stubbs, governor of Kansas, who lunched with former President Roosevelt today at Oyster Bay. Stubbs is the second governor in 24 hours to say he was going back home to work for Roosevelt.

"There is no doubt that Roosevelt will be renominated by the Republican convention at Chicago and elected the next president of the United States, reads Stubbs' statement. "I say this knowing his personal merit to me and repeated during a personal conversation today, that he is not a candidate and will not be out for nomination."

"I am fully convinced he means exactly what he says and that he honestly and sincerely feels he is endeavoring to gain personally by another term as president. But he never said to me, or any other person, that he was not a candidate, or that he would not be out for nomination if it came as a result of genuine demand on the part of the American people. There is no demand at this time."
