BRANCH OFFICE; -- Bagby & Stofer.

ORANGE C. H., VA.

MR. A. HOPKINS, has this day formed a partnership with Joel Miller, (the former sole proprietor of the Piedmont Land Agency at Cuideper Court House,) under the name and style of Miller & Hopkins.

This firm will devote all their energies to the development of this section by the sale of lands, believing that to be the only manner in which prosperity will be assured to us, and while their own interest is certainly in view, they believe that interest depends upon the general prosperity of the country, and promise that its development shall be paramount in the exercise of their influence and energies. Our object is not temporary success, but we hope by a wide system of advertising and correspondece to build up an office, that will not only be of advantage to us, but to the country generally. We intend to visit the North with statistics and endorsements and canvass the farming regions. We shall publish letters and information in regard to the country, not only in the country paper of the North, but in the leading City Journals. We will very soon complete arrangements to have the country visited by leading journalists, by scientific and practical farmers, who will aid us in bringing into notice most prominently our section.

We have seen the rapid prosperity of a ORANGE C. H., VA.

bringing into notice most prominently our section.

We have seen the rapid prosperity of a grass country over all other sections, and we know from location, soil and climate, this particular section is destined to be thickly settled and highly prosperons. It shall be our effort to hasten that day. All that we ask is that lands for sale shall be registered at our office, with accurate descriptions. We will visit each place so registered, in order that we may be able to represent it fully to our customers.

that we may be able to represent learny, our customers.

We invite all persons who desire to sell, to call on us, examine our correspondence and ability to do so. Seeour terms, and compare with any and all other Agencies.

Persons desirous of having their farms placed in our hands, can have the same attendeded to by calling at the office of the Native Virginian.

Railroad, 2 miles from Fredericksburg and Charlottesville Railroad, same from Orange and Fredericksburg Plankroad, containing 110 acres, 500 cleared with 100 rich low grounds, soil amalgam of gray and red, producing finely all of the cereals and grass. It is located in the celebratad limestone valley, pienty of limestone can be procured upon it to advantage; apple and peach orchard. The residence is a handsome frame, well located, commanding a view not only of the farm but a thickly settled neighborhood. The place can be easily divided into three farms as there are three tenements on it with all necessary out buildings at each place. The timber can also be divided to suit. The cleared land is now divided to felid, with water in each field. There is also a fine site for a Mill with a very short dam. The stable nearly new, with room for twelve horses. Neighborhood the very best. NO. 71.

No. 78.

Farm in Orange County, containing 203 acres in nearly a square, with about half of it arable, about 61 acres well timbered with oak, pine and cheestnut, 30 or 49 acres new land but in second growth, having been cut off by Gen. Lee's army in '63 and '64; fencing good as usual, a never-failing creek runs though the cleared land for about nine hundred yards, about 25 acres of low grounds that will produce as much hay as any other land, a vein of limestone runs through the entire length of the farm, in some places in a foot of the surface; a suitable place for a lime kiln can be had near the vein, with wood and stone in 159 yards; 1090 cords of wood might be used from the place without missing it in making lime; it might be carried to the railroad, not quite two miles of, and sold for good prices. It lies three miles South of Orange C. H. and two miles from Madison Ran Station, O., A. and M. Railroad, convenient to churches, shops, mills and schools. The improvements consist of a framed dwelling house with four rooms, beside the hall, store-room and closet; the basement is of brick, the whole plastered and painted; framed meat house, log kitchen, corn crib and barn of newn logs, stable and cow shelter, all having been built in the last few years; excellent garden newly enclosed, three acres of low grounds enclosed, suitable for cramberries; grasses are indigenous to the soil, orchard of 30 or 49 young peach trees just commenced bearing, twelve young apple trees, blue plum and damson trees bearing. No. 79.

A farm of 200 acres, situated in Orange County, ten miles from the Court-house, near the Plank Road to Fredericksburg and within three miles of the Fredericksburg and within three miles of the Fredericksburg and Charlottesville Railroad, now under contract, already graded and rails purchasted. The soil is gray with red subsoil, or an amalgam of gray and red and of the best character, adapted especially to wheat, corn, tobacco, fruit and grass; the most of it is well taken in blue grass; thmothy and clover. Blue grass, which in this section is the best for grazing, grows spontaneously and luxuriantly on nearly the whole farm. Almost all of the open land is in good condition and a large part of it in a high state of cultivation, producing fine crops, especially of wheat. It is well enclosed with oak rail fences and has fine water in every field.—About 65 acres of the tract are in original timber, oak, hickory and pine, the balance cleared. The only building is a tobacco house 60 x 20 feet, built about 12 years. This farm is believed to offer inducements in the quality and condition of soil, abundance and convenience of timber, water, &c., which are rarely combined in one of like size.

Churches, schools, mills, shops, &c., near.

Price, 252 per acre, one-third cash, balance in one and two years with interest.

No. 80.

A farm containing 417 acres, located eleven miles east of Orange C. H., 3 miles from the Fredericksburg and Charlottesville R. R., now in course of construction, in one of the most fertile sections of Orange County; soil of excellent quality for wheat and other grain crops, and especially adapted to grass, Improvements consist of a good dwelling house of nine rooms and passages and basement containing dining room and store rooms, large and convenient stable and barn, good kitchen and houses for laborers, fine ice house, excellent corn house and other necessary out-houses. These buildings are of excellent material and all in good condition. A spring of excellent water near the house; a TANNERY on the farm, built in 1822, with one building 24 co feet, another 29 x 30 feet, about 35 vats, with houses for lanner; 300 apple trees, most of them select fruit, about 100 peach trees, a vineyard with 250 grape vides, beside other fruit. The above orchards have been selected, planted and attended with great care and expense and are really desirable. The farm has about 100 acres of good timber and an abundance of excellent water. All the fields are under good fences.—Two mills convenient, one a corn the other a corn and flouring mill. Churches, schools shops, &c. very convenient.

Price \$30 per acre.

A two story frame Store-house and Lot at Orange C. H., 90 feet front with a depth of 100 feet. The Store room is 18 x 32 feet, with a dry cellar running the entire length of the house. On the second floor there are two well lighted rooms.

ROUTT'S SOUTHERN CORN PLANTER WITH GUANO ATTACHMENT.

IN again calling the attention of the Farmers of Virginia and adjoining States to this simple yet effective implement, the subscriber begs leave to say that it has been greatly improved for the ensuing season of 1869. It is now worked by a chain band instead of a leather band as formerly, thereby insuring a more constant operation. By a very sinple adjustment it will drop corn at the distances of 18 inches or 3 feet, together with any pulverized Fertilizer.

Full printed directions accompany each machine. He would also call attention to ROUTT'S DOUBLE-SHOVEL PLOW.

ROUTT'S DOUBLE-SHOVEL PLOW, with Coulter and Briar Cutting Attachments, the latter especially adapted to any foul lands, whether with Briars, Sassafras or wire Grass. Also, to

ROUTT'S DRAIN PLOW, which completes at one operation the double course of the ordinary plow, besides saving a great deal of hand labor.

He has certificates of many well-known farmers, vouching for the strength and efficient action of all these implements, which will be furnished on application.

As the senior partner in the new concern of A. P. Routt & Co., he would return his thanks to a generous public for their kind patronage in the past, and pledges unremitted exertions to maintain and increase that full confidence in the future.

A. P. ROUTT & CO.

Liberty Mills, Va., February 12, 1869. ROUTT'S DRAIN PLOW,

I take great pleasure in recommending to the farmers of Virginia the implements constructed by A. P. Routt & Co. Mr. Routt is my countyman and neighbor, and I have had ample opportunity of testing his skill as a mechanic, and his untiring energy in his laudable efforts to satisfy the community with well-constructed and effcient implements.
