The New Mexico Fair Association has arranged for a large improvement in the fair grounds in Albuquerque, to be made in time for the coming twenty-fourth territorial fair to be held in Albuquerque in October. The grand stands will be practically rebuilt, the stables enlarged to accommodate the host of new horses, and the exhibition hall will be remodelled. The Albuquerque traction company with its splendid new electric line now nearing completion has finally solved the problem of transportation to the fair grounds. Each year Albuquerque is becoming better equipped to entertain the people who flock to the annual fair, and this year the gain in that direction is greater than for many years past.

Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by F. J. Watron.
