Utah has again asked Congress  
to give here that slice of Arizona  
which lies north of the Colorado  
river, claiming that it is so in ac-  
cessible to the Arizona author-  
ities that it has become a rendez-  
vous for outlaws. We thank  
our northren sister for her kind-  
ness, but there is no portion of  
Arizona so remote but what the  
Arizona rangers can rid it of des-  
peradoes.

The Christmas entertainment  
given at the school house Satur-

Jones announced that Santa  
Claus would soon be there.

ceeded to make Mr. Jones' an-  
nouncement good, after distri-  
buting the many presents, the  
youngsters informed us, he left  
on foot for Snowflake.

The entertainment was a suc-  
cess in every particular, and re-  
flects great credit on those who  
drilled the children.

Some unknown party was  
out testing his gun late last  
Thursday evening, as a gun usu-  
ally serves as a fire alarm here,  
the citizens were out in a force  
to find out the location of the  
fire. Some ran to the hose house,  
to get the hose cart, but were  
unable to unlock it and bars were  
gotten to pry the lock off; by  
this time it was found to be a  
false alarm. Although it was a  
false alarm in rendered a service  
in letting the citizens know that  
the hose house lock was out of  
order and should the fire have  
been a reality an immense  
amount of property would have  
been destroyed before the hose  
cart could have been brought in-  
to action.

ter's hall Monday night. Every

## A HAPPY NEW YEAR

Do you owe the Argus? If so  
the time of the year has come to  
settle up. We do not think it  
necessary to state we are hard-  
up or doing well. We never yet  
knew a man to get insulted if you  
paid him what was justly due  
him. This is a matter of busi-  
ness, and we have to look after  
it in order to keep this paper go-  
ing. If you owe us any thing  
don't forget the number.
