## SPELLMIRE & LYONS DISPOSE OF MERCANTILE INTERESTS

C. J. Spellmire and J. A. Lyons members of the firm of Babbitt Bros. Mercantile Co., for the past nine years and acting as local managers yesterday severed their connection with the firm with which they have so long been identified.

Their purpose is to devote their entire attention to their live stock interests in which they have for years been recognized as among the prominent sheep raisers in Navajo county and breeders of the celebrated Rambouillet rams for which they have a wide market.

In the near future they will take up residence in southern California and establish a general brokerage agency to be conducted in conjunction with their Arizona interests.

Mr. L. W. Quinlan has already been installed as local manager of the Babbitt Bros. Mercantile Co., and his long experience in the executive duties of merchandising in northern Arizona, together with his genial manner and progressiveness, make him a worthy successor to the retiring members of the firm. No immediate changes in the personnel of the working force are contemplated.

Mr. Quinlan when interviewed today stated that it would be his purpose to continue the high standard of excellence in service and quality of goods which have built up an enviable reputation for the Babbitt Bros. Stores, and as a general policy their aim will be to suit the wants of the general public in Winslow.

While the departure of Messrs. Lyons and Spellmire with their families will occasion keen regret to their many friends and business associates, they expect to visit Winslow frequently in supervising their local live stock interests.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Fred Demarest accidentally shot himself this week Thursday evening in his room with a 41 rifle while cleaning the same being unaware that the same was loaded. The bullet went thru the palm of his left hand and entered and lodged itself in his left thigh. The attending physician says the wounds are not serious.

Mrs. A. J. Lyons has issued invitations for an "At Home" afternoon of Feb. 4th.

Mr. and Mrs. Padgett entertained several friends Saturday evening with cards.

## SCHOOL NOTES

Patrons and friends of the Winslow Schools:

We invite your careful attention to a few of the merits of the "Horace K. Turner Art Exhibit" which will be held here February twelfth to fifteenth inclusive under the auspices of the third and fifth grade classes of the grammar school.

All lovers of true art will find this exhibit a treat which they rarely have an opportunity to enjoy in a town of this size.

The collection consists of two hundred large pictures, replicas of the originals of ancient and modern art. These include the finest brown and gray prints, carbons, engravings, etchings, photogravures, and color facsimiles. Any one visiting the exhibit will see many of the masterpieces as they appear in the great art galleries of the world.

Our purpose in bringing this exhibit to Winslow is to give any, who wish it, an opportunity to study for a few days, the best pictures produced by this and other countries, to discriminate between true art and the art, falsely so called with which they constantly come in contact, and to develop in them a love of beauty. We also desire, by means of the exhibit, to raise funds with which to beautify the school rooms by placing on their walls some of the world's best pictures.

Any one desiring to purchase pictures for home decoration may leave orders with the committee in charge of the exhibit and they will receive careful attention. Pictures will be furnished with or without frames and in various sizes from 8x10 inches to six feet long, so they may be procured to suit any wall space.

Catalogs will be on sale for any who may desire to study the artists in connection with the pictures. We cordially invite you to attend this feast of beautiful things and to incidentally assist us in the development of the artistic side of the child nature.

Total 398  
Average number absent on account of illness during the past two weeks 61.

Semester Examinations were held in all Grades above the Third and at H. S. Thursday and Friday January 16 and 17. A summary of the 204 people examined, shows that 179 passed in all subjects, or 87 percent. The majority of the failures were made in but one subject. Make-up examinations will be given to all students who were absent from sickness.

Four new students have recently been enrolled in the H. S. and a like number left school.

High School students have decided to follow the plan of other High Schools this year and issue an Annual, to be published some time during May. At the election last Tuesday evening the following Editors were elected to see the issuing of the year Book.

The 3rd and 5th Grades will have the Turner Traveling Art Exhibit on display in this city from Feb. 12 to 15 inclusive. These pictures include 200 copies of the Worlds Most Famous Paintings and are extremely valuable. These Art Exhibits have been shown in all the larger towns of the State and have been highly successful. Admission to the Exhibit, children 15c, Adults 25c. The money raised will be used in the purchases of pictures for the Third and Fifth Grade Rooms.

The cast of the Operetta "Snow White" gave a party at the home of Mrs. Cornelius last Saturday evening. Many games were played and refreshments were served late in the evening.

Commercial Class gave a dancing party in the H. S. building, last Saturday evening. About 50 were present and all reported a good time.

A meeting of the patrons of the Kindergarten with the School Directors was held in Room I. at 3:30 Thursday. Business connected with the Kindergarten was transacted.

The High School desires to thank Professor Ellis for his kind invitation to the Minstrel Dance. Many accepted the invitation.

Winslow High School was recently fully approved for 14 Entrance credits at the University of Kansas. Papers were forwarded to that effect.

The School Census will be taken in the near future. It is expected that the number of those of census age will exceed 650. The new State Laws require that the census be taken on Feb. 1st of each year.

The High School play "The Merchant of Venice Up-to-Date" will be given Monday evening, Feb. 4th, 1913. A complete synopsis of the play will be given in next week's issue.

A special meeting of the School Board was held last Monday. Routine business was transacted and the Census Marshal was appointed.

### FRESHMAN CLASS NOTES

The results of most of the tests were learned Monday and there were a great many scenes of surprise and disappointment.

A grand move took place in the assembly Tuesday morning. A very few escaped having their seats changed. All appear to be well pleased with their present locations.

Professor Cornelius was unable to meet his classes last week on account of sickness.

Miss Snyder suffered most of last week with a toothache. Ruby Donaldson has been absent from school the past week on account of sickness.

We now have some new song books and morning chapel is something grand now with all of our talented singers.

M. P. CLASS EDITOR

### COMMERCIAL CLASS

We are all rapidly convalescing from the severe attack of Examinations given us last Thursday and Friday. Miss Snyder has done very much toward our recovery as she reports that she is very much pleased with the papers she received.

We are sorry to say that Ida Drumm has quit school and has accepted a position in Babbitts but we have taken a new girl in her place, Miss Hazel Butler.

Since we have taken up Arithmetic this second semester, Irene Dadey spends most of her time dividing fractions while Pauline Woods diligently stays with addition yet.

We received a very great surprise Tuesday morning. We were

told to take out our books and Rose Downs at once commenced thinking what she had done to be expelled, but it was moving day for every one in the Assembly Hall and now it is not quite so congenial for some of us, as we have not our former neighbors to talk with.

John Drumm is certainly going to be an A. No. 1 stenographer some day but we cannot make him understand why "Ray" is made up instead of down in Short-hand.

After being absent for several days last week on account of a severe cold Professor Cornelius was welcomed back to school this week.

The Commercial Class wish to thank Ruth Hesser, May Proctor and Theresea White for their kindness in helping furnish the music for their dance last Saturday evening.

G. B. CLASS EDITOR

When you want a reliable medicine for a cough or cold take Chamberlain's Cough Remedy. It can always be depended upon and its pleasant and safe to take. For sale by all dealers.

## Stock Market

Kansas City Stock Yards, Jan. 27, 1913, Monday. Killing kinds of cattle declined 10 to 25 cents last week, and stockers and feeders sold 20 to 30 cents lower the last half of the week. Country buyers heard of the lower prices and bought freely after Tuesday, the outgo to farms for the week reaching 15,000 cattle, out of a total run of 40,000 head. The decline in fat stuff last week which was greater at other markets than here, especially at Chicago, had the effect of halting the heavy liquidations of partly fat steers, and the run here today is but 10,000 head. Everybody had to show their hand on the buying side today, and all hands proved to be empty, hence the market is strong to 10 higher today, applying to both killing and country grades. The top on fed steers last week was \$8.25, but two loads of steers here today received a bid of \$8.65, which the owner refused, holding out for \$8.85. They were prime Herefords. Bulk of the fed steers go between \$7.00 and \$8.00. Cows are a little lower than ten days ago, and bulls are off 25 to 40 cents, but all killing kinds appear now to be on a stable basis. Veal calves bring up to \$10.50, and will sell around present figures till dairy calves begin to swarm to market, several weeks ahead; Middle class quarantine steers sell at \$6.25 to \$6.75, best steers \$6.90 to \$7.35. Stock steers sell at \$6.00 to \$7.25, feeders \$6.90 to \$7.50, \$1.40 above a year ago. Hogs are not changing much in prices lately, the market steady today, top \$7.40, bulk \$7.25 to \$7.35. The net result last week was a gain of 10 cents on light hogs, and a loss of 5 cents on heavy weights, which accounts for the narrow range of prices today. The packers hope for larger receipts of good weight hogs later this winter and next spring, as weight making is profitable at the present prices of corn. The situation in the hog market this winter certainly should stimulate the business of hog raising. Sheep and lambs struck another rough place today. Local buyers moved slowly, claiming that Chicago was off half a dollar today, with top lambs there at \$8.50. They had to have supplies, however, and finally paid \$8.40 to \$8.65 for lambs here, yearlings worth up to \$7.50, wethers \$5.85, ewes \$5.50, though common ewes sell down around \$4.60. Run here today 10,000, prospects favoring a light run balance of this week.
