Sandy Bob returned from Kingston last evening.

Heavy thunder showers visited this city last evening.

Golden Rule mining camp wants a delegate to the Republican Convention, and they should have it.

Dan says that that watermelon in the Maison Doree window weighs just an even ton.

The city of Phenix is now organizing a fire department. Something that it should have done some time ago.

The Republican County Central Committee will meet at the Occidental Hotel at 7:30 o'clock this evening. It is thought that a full membership will be present.

The Tombstone is in receipt of a handsome wedding card from Mr. and Mrs. Joseph Pascholy, who are spending their honeymoon in Santa Cruz, California.

Miss Kate Sweeney of Bisbee, came over from that camp last evening, and took her departure this morning for California, where she will spend a couple of months.

Judge Easton is being spoken of as a candidate for County Judge on the Republican ticket. The Judge would fill the office with credit to himself and the people should be elected.

J. A. Kelso returned from Kingston last evening. He says that the town is no good, and no place for a working man to go to, as there are more there now than can find employment.

WHAT HE HAS DONE.

Below we publish a Bill that was introduced in Congress recently, whereby we who live in Territories would be subject slaves to the Federal Government as a careful perusal of the same will show. Our Delegate to Congress, Curtis C. Bean, worked night and day for the defeat of this Bill and happily succeeded in defeating it:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled; That the legislatures of the Territories of the United States now or hereafter to be organized shall not pass local or special laws in any of the following enumerated cases, that is to say:

Granting divorces.

Changing the names of persons or places.

Laying out, opening, altering, and working roads or highways.

Vacating roads, town-plats, streets, alleys, and public grounds.

Locating or changing county seats.

Regulating county and township affairs.

Regulating the practice in courts of justice.

Regulating the jurisdiction and duties of justices of the peace, police magistrates, and constables.

Providing for changes of venue in civil and criminal cases.

Incorporating cities, towns, or villages, or changing or amending the charter of any town, city, or village.

For the punishment of crimes or misdemeanors.

For the assessment and collection of taxes for Territorial, county, township, or road purposes.

Summoning and impaneling grand or petit-jurors.

Providing for the management of common school.

Regulating the rate of interest on money.

The opening and conducting of any election or designating the place of voting.

The sale or mortgage of real estate belonging to minors or others under disability.

The protection of game or fish.

Chartering or licensing ferries or toll bridges.

Remitting fines, penalties, or forfeitures.

Creating, increasing, or decreasing fees, percentage, or allowances of public officers during the term for which said officers are elected or appointed.

Changing the law of descent.

Granting to any corporation, association, or individual the right to lay down railroad tracks, or amending existing charters for such purpose.

Granting to any corporation, association, or individual any special or exclusive privilege, immunity, or franchise whatever.

In all other cases where a general law can be made applicable, no special law shall be enacted in any of the Territories of the United States by the Territorial legislatures thereof.

Sec. 2. That no Territory of the United States now or hereafter to be organized, or any political or municipal corporation or sub-division of any such Territory, shall hereafter make any subscription to the capital stock of any incorporated company, or company or association having corporate powers, or in any manner loan its credit to or use it for the benefit of any such company or association, or borrow any money for the use of any such company or association.

Sec. 3. That no law of any Territorial legislature shall authorize any debt to be contracted by or on behalf of such Territory except in the following cases: To meet a casual deficit in the revenues, to pay the interest upon the Territorial debt, to suppress insurrections, or to provide for the public defense, except that in addition to any indebtedness created for such purposes, the legislature may authorize a loan for the erection of penal, charitable or educational institutions for such Territory, if the total indebtedness of the Territory is not thereby made to exceed one per centum upon the assessed value of the taxable property in such Territory as shown by the last general assessment for

taxation. And nothing in this act shall be construed to prohibit the refunding of any existing indebtedness of such Territory or of any political or municipal corporation, county, or other sub-division therein.

Sec. 4. That no political or municipal corporation, county, or other sub-division in any of the Territories of the United States shall ever become indebted in any manner or for any purpose to any amount in the aggregate, including existing indebtedness, exceeding four per centum on the value of the taxable property within such corporation, county, or sub-division, to be ascertained by the last assessment for Territorial and county taxes previous to the incurring of such indebtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void: That nothing in this act contained shall be so construed as to affect the validity of any act of any Territorial legislature heretofore enacted, or of any obligations existing or contracted thereunder, nor to preclude the issuing of bonds already contracted for in pursuance of express provisions of law; nor to prevent any Territorial legislature from legalizing the acts of any county, municipal corporation, or sub-division of any territory as to any bonds heretofore issued or contracted to be issued.

Sec. 5. That section eighteen hundred and eighty-nine, title twenty-three, of the Revised Statutes of the United States be amended to read as follows:

"The legislative assemblies of the several Territories shall not grant private charters or special privileges, but they may, by general incorporation acts, permit persons to associate themselves together as bodies corporate for mining, manufacturing, and other industrial pursuits, and for conducting the business of insurance, banks of discount and deposit (but not of issue) loan, trust, and guarantee associations, and for the construction or operation of railroads, wagon-roads, irrigating ditches, and the colonization and improvements of lands in connection therewith, or for colleges, seminaries, churches, libraries, or any other benevolent, charitable, or scientific association."

Sec. 6. That nothing in this act contained shall be construed to abridge the power of Congress to annul any law passed by a Territorial legislature, or to modify any existing law of Congress requiring in any case that the laws of any Territory shall be submitted to Congress.

Sec. 7. That all acts and parts of acts hereafter passed by any Territorial legislature in conflict with the provisions of this act shall be null and void.

Approved, July 30, 1886.

A Deserved Compliment.

The following letter was received last evening by Ike Isaacs, and contains a well deserved compliment to the Tombstone Fire Department:

FRIEND ISAACS:—Phenix had a big fire yesterday morning, and to-day are making strong efforts to organize a fire department; will you be kind enough to send me a copy of the by-laws of the Tombstone Fire Department. Your fire department is considered the best organized one in the Territory, and you will confer a great favor upon the citizens of Phenix as well as myself, if you will send me a copy.

Give my regards to all and please write soon.

Truly yours,

W. M. BRACKENRIDGE.

War! War!

Owing to the present attitude of the United States and Mexico, and the inflammatory dispatches that are being received, we believe that our citizens should meet together and prepare for any trouble that might occur, as we are close upon the border of Sonora. Therefore we suggest that a mass meeting be held to-morrow evening at the court house, and ask everybody to attend.

will go to the Front.

The following is a copy of a telegram sent to Gov. Ireland to-day.

Tombstone August 10 1886.

To Gov. Ireland Austin Texas—We have a force of twenty-eight men armed and equipped ready to take the field at once subject to your order.

FRANK BROAD,

WILL BE WAR

The Mexican Government Will not Yield, and

Secretary Bayard Declares That this Government Will Never do So.

Special to THE DAILY TOMBSTONE.

EL PASO, Texas, Aug. 10.—12:25

p. m.—No new developments in the Cutting quarrel this morning. There are hundreds of unauthentic rumors.

It is not generally known although it is a fact, that Cutting has been removed to the interior until his lawyers appeal is heard. Mexico shows no inclination whatever to yield, and is more defiant than ever. Flags are flying all over Paso del Norte. Several pieces of artillery are planted opposite Fort McIntosh, on the Mexico side.

Dispatches received this morning from Secretary Bayard, state that the United States Government will never yield if it costs the lives of the whole nation.

Cutting believes that he will be murdered, and the story given out that he has escaped so as to relieve the Mexican Government of the embarrassment of the situation without surrendering the principles involved.

There is intense excitement throughout Western Texas, and it is almost the unanimous belief that war must and will come.

Later to THE DAILY TOMBSTONE.

EL PASO, Texas, Aug. 10.—3 p. m.—

Dispatches are being received from all quarters offering armed and equipped bodies of men for the fray which must come within the next few days. Several telegrams have been received from Arizona; but the general belief here is that as there are between 650 and 1,000 Mexican troops within 100 miles of Tombstone and Tucson, that the people of those cities had better prepare for protection of cities and towns near the Sonora line.

Citizens here are forming companies and arming them in case of war which will surely come.

J. J. Williams came in to-day from the Cananess.

Mr. Elias, accompanied by his wife and daughter, came up from Sonora last evening and are registered at the Occidental.

Armand Tognet, the former proprietor of the Maison Doree, has purchased the Gregory Restaurant on Fremont street, and will throw it open to the public in a few days, as a first class French Rotisserie.

Mrs. Kate Sweeney, Frank Grester, Geo. Klein, Biebee; W. F. Nichols, Willcox; Mr. Hilsinger, Tucson; J. Smith, Benson; Leo. Korner, Charleston, are registered at the Occidental hotel.

Mr. Gres who has been employed for the past few years in the establishment of Schoenfeld & Heyman, has branched out for himself, and can now be found in the building occupied by Hill's carpenter shop, ready to do all kinds of upholstering and repairing.

From William Cummings, better known as Dublin, who has been acting as a government scout and trailer with Capt. Lawton, we learn that the latter is now stationed in Opodepe, with instructions to remain there until further orders. Lieut. Gatewood and two Apache chiefs from the reservation are in communication with Geronimo, and band whom it is thought will soon surrender.

The following instruments were filed in the office of the County Recorder, to-day:

EDITOR DAILY TOMBSTONE.

Please insert in your locals the following:

A certain Tombstone gentleman on a trip down the San Pedro called on our worthy citizen, Mr. Goslin and having accepted of an invitation to sample his private bottle he wandered around until he chanced to meet Baldwin and a "God Bless you" from his lingering illness and then a trip to Finch's and a "how are you from his sudden death" was all that was required to start him on his trip. He finally brought up with buggy upside down in the river. As the mail is leaving he is undergoing repairs. Goslin on one end of the hose and Dyar supplanting.

BESSON CITIZEN.

There are now thirty-five men working at the Golden Rule mine and a big strike is reported in the mine yesterday.

Harry Jenkins and wife returned last evening from San Francisco. Harry says that the Chinese curse is terrible in that city.

Hon. W. F. Nichols of Willcox came over from that lively little town last evening to attend the meeting of the Republican County Central Committee this evening.

The Epitaph editor should read the bill introduced in Congress in a - other column which was deleted by Col. B. and then tell us whether he thinks our delegate has done anything.

TELEGRAPHIC.

BORDER RUFFIANS.

BROWNSVILLE, Tex., August 9.—Advice from up river state that Adolfo Gonzalez and a large number of his revolutionary followers are scattered about the Russian ranch having crossed the river for safety. Two of the Milled boys are with him. One M. Milled and Martin and Apollinario Trevino were captured by Col. Prejedes Cava's cavalry. As they are well known marauders they will probably be hung. Inocencio Tapaia and eight of his men are camped between this city and Point Isabel.

Tapia has a wound in his arm received in his recent fight with Herandez and one of his men Reyes is hurt in the head. It being reported to-day that they intended to attack the Steamer Train on which a large amount of specie is usually carried Sheriff Brito and a posse of Sheriffs went on to guard it from assault.

Wisconsin Moonshiners.

MILWAUKEE, Wis., August 9.—The United States revenue officers are about to make a raid on a large number of illicit whisky stills reported to exist in the woods of Manitowoc County. The moonshiners are said to have flourished there for years having been enabled to avoid suspicion by representing themselves as farmers. They have raised their own grain for whiskey distilling purposes and have smuggled the product to various parts of the state where they have readily disposed of it to saloon keepers. One of the principal secret distilleries is owned by an old woman and she is said to have made a fortune out of it. A Kau'fman of Manitowoc has been arrested and his still has been demolished by the revenue officers. Other arrests are to follow. It is said that business has been carried on for years by a large number of the so-called farmers.

Fatal by Stabbed.

ALBUQUERQUE N. M., August 9.—This morning a serious cutting affair took place at the village of Atrisco near this city which will prove fatal to one of the parties engaged. It appears that Santos Armijo a wealthy Mexican citizen was driving home in his wagon when Invario Sanchez a half witted Mexican laborer attempted to climb into the vehicle to this Armijo objected when Sanchez drew a pistol and struck the owner of the wagon over the head. In the melee which ensued Santos Amarijo stabbed Sanchez with a long knife in the region of the heart inflicting a fatal wound. Senor Armarijo at once surrendered himself and after a preliminary examination before a Justice of the Peace was bound over to the next term of the District Court in the sum of \$5,000.

A Postoffice Robbed.

TOPEKA Kan., August 9.—The

Post Office at Oange city was robbed last night of \$350 in money and \$100 in postage stamps. The store in which the Post office was kept was entered by burglars and they effected entrance to the safe by boring a small hole through the outer door and inserting a small wire and throwing back the bolts. They then blew the inside door to the burglar proof box open with blasting powder and securing several hundred dollars made good their escape. The same store was entered a few weeks ago and it is thought by the same parties as they seemed to have thoroughly understood the premises. It is thought that the burglars are professionals and are perhaps the same gang that have recently been operating in Newton Hutchinson, Alma and Topeka.

Legal Fight Over an Opera House.

KANSAS CITY Mo August 8.—The Gillis Opera House management and the trustees of the Gillis estate have been long disagreeing as to the proper policy to pursue in the management of the opera house. Yesterday the trustees of the estate Messrs Bernard Donnelly, J. Campbell and W. S. Gregory claimed that Manager C. F. Craig who was left in the management of the house in the absence of his brother refused to yield possession and was arrested in consequence on a charge of unlawful detainer. He was promptly released on bail. The warrant for his arrest was only one of the formalities incident to the forcible change of management. "The violation of contract," which Mr. B. Donnelly explained was the cause of the rupture, means that the trustees believed the house had deteriorated in character and had lost standing both with the public and the profession. Mr. Mori Craig says the old management will make a bitter fight on the case in the courts.
