W. S. Flemming is a very quiet gentleman, but he understands the art of making votes. He is an old timer who understands the wants of our people and who will be a sound debator in the Legislative hall of Prescott and who will always be found on the side of the people.

Frank Frame is before the people for the second time as a candidate for the legislative assembly. Two years ago he served the people of this county faithfully and the records of the 13th legislature will show that his vote was always found on the side of the people, as it will be in the 14th legislature to which he is sure to be elected.

And now the Democrats charge the Republicans with scheming to get Judge Peel to run independent for the office of County Judge. We think that it is nothing but honorable in Judge Peel to come out and deny this base slander published in the Democrat, and the columns of this Tombstone are open for such denial.

Advices from all parts of the country are to the effect that Billy Bradley will run away ahead of his ticket all over the country, swooping in both Democratic and Republican votes.

The paymaster reached Fort Huachuca yesterday afternoon and paid off the soldiers now stationed there. We understand that quite a squad of them will visit Tombstone in a few days on leave, in order to have a good time.

Justin McCarthy, was a pleasant, ruddy-faced, bevyish-looking man when last he visited the United States. The cares of state and sorrows of Ireland have weighed heavily upon him since then, and he looks considerably older.

CHAS. N. THOMAS is the strongest man on the legislative ticket, and will receive the vote of every right thinking man in the county. His record in this county is open to everybody and, it represents the faithful discharge of every duty of the office he has filled, as well as an upright and honorable course as a man.

HON. W. A. HARWOOD, or the "Little Giant," as he is better known has already served the people of this county faithfully, and with credit to himself and the county, and he will do so again. The people of Cochise county had rather elect a man whom they have tried, than one whom they have not tried, and as a result of this reasoning they will reelect W. A. Harwood to the 14th Legislature.

B. S. Coffman the next Joint-Councilman from the southern district is a man whom no one Democrat or Republican need be afraid to vote for, as he is a progressive man whose every interest is in this territory and who will work early and late for our people. Cochise will give him such a vote as seldom falls to the lot of a candidate, on the second day of November.

In reading over the call for an election in this county we notice that acting Governor Bayard has left out the call for a County Clerk. As we did not see the original manuscript, we cannot say whether the omission was intentional or an oversight, but we think that in justice to the candidates on both tickets the matter should be attended to at once, and the omission rectified.

A gentleman from the San Pedro river informed us to-day that he has been a democrat for thirty years, and that when Mark Smith was nominated he intended to vote for him, but since the Epitaph commenced to support him he had undergone a change and would now vote for Bean, as a man whom Duabar supported was unclean, and could not be trusted. He also stated that there were several more ranchers on the river that felt just as he did, and would vote for C. C. Bean.

Two years ago, the Democratic Convention of this county nominated for Sheriff of this county, W. A. Daniels of Bisbee, one of God's noblemen. This nomination did not suit Ground Grabber Berry, and he refused to allow the Democratic ticket to appear in the paper that he was then publishing in this city, but charged the Democratic Central Committee a good round sum for the use of his paper, for two months. This year this same Berry had control of the Democratic Convention and set down upon every candidate who had anything to do with the Daniel ticket two years ago, and is now running the party to suit himself, but he will find that the brave Daniels still lives in the memory of democrats of this county, and that upon the second day of November next, they will repudiate this man Berry at the polls for the injury he done to W. A. Daniels.

Bob Hatch will take his departure early next week for a trip through the county, to have a chat with our citizens. To those who know him it is unnecessary to say anything, and to those who do not know him we feel assured that after he meets them they will fall into line as the opinion that he is the right man for Sheriff of Cochise county, and deposit their ballots for him on the second day of November next.

Old reliable, Andy Ritter, is making votes daily, notwithstanding he is being abused by a disreputable ex-county treasurer, who was short several thousands of dollars when he went out of office.

The mail and stage will be one hour and a half late this evening. There will arrive two western and one east mail. The eastern train due to-day, will not arrive until midnight at Benson.

John Slaughter has not yet given his reasons for not becoming a citizen of this county until after he was offered the nomination of Sheriff on the democratic ticket, and there are a great many democrats in this county who will not vote for him until he does.

In our editorial columns will be found an extract from a recent speech made by Mr. Swift, the Republican candidate for Governor of California, giving plain and specific reasons why no Irishman should vote the Democratic ticket, and we hope that all of our readers will cut it out and paste it in their hats, and remember it when they vote on election day.

The following extract from a speech made by the Hon. Mr. Swift, the Republican candidate for Governor of California, gives specific reasons why Irishmen should not vote the Democratic ticket: "Mr. Swift next turned his attention to the 'sympathy' plank of the Democratic platform, wherein sympathy was given to the Irish people in the struggle in which they are engaged. This, in his opinion, is another instance of the uncertainty of Democratic public protestations, for, in spite of many such, a treaty which a Republican Administration would not make, has just been made with England by a Democratic Administration. The particular clause in the treaty which is leveled at the Irish, and which, in fact, is the entire motive for the treaty (for otherwise the treaty of 1842 is quite good enough), is in these words: It provides that 'any person guilty of malicious destruction of property which may endanger the lives of others, and which is in either country made a crime by law, shall be extradited on demand of the power whose laws are violated.' It is so clearly intended for Irishmen that they might almost have provided in terms for the extradition of any Irishmen guilty of such an offense and stopped. The Spectator thus shows the snarling advantages it gives England in its struggle with Ireland, and particularly calls attention to the fact that England and America are now substantially one country, on the Irish question at least:

"The English police will no longer have to collect their evidence and draw their conclusions in a few hours which is all that intervene between the commission of the crime and the escape of the criminal. They can now draw up their case at leisure, in the full assurance that for the purposes of criminal justice England and the United States are now but one country."

To make a long story short, the Irish Extradition Treaty—as it ought to be called—that Mr. Lowell, the Republican Minister to England, could not be cajoled into making, Mr. Phelps, the Democrat, has just concluded. It has been accepted by President Cleveland, and is now before the Senate for confirmation as a party measure, and unless the Republican Senate defeats its confirmation it will be confirmed, and in a few months will be the law of the land, and the Irish political refugee must go.

For my part, I do not pretend to be the special champion of the Irish people. That is a claim the Democrats monopolize. But I think that man for man, they are as good as Englishmen, and cannot see why they should not be protected as well. The truth is, that the love of the American Democrat soldiers till about election time, and then it bursts forth in a sudden blaze, which lasts till the election is over, and then goes out."
