

ROVING INDIANS. Eighteen Apaches Reported On Their Reservation. Given Passes by the Authorities to Gather Cactus Fruit. Tucson Citizens Organizing to Drive Them Back to San Carlos—Miners Greatly Alarmed.

Special Dispatches to THE MORNING CALL. Tucson, June 4.—The report of the killing by Indians of a woman and two children near Pantano is unconfirmed. This afternoon three Mexicans came in from a camp seven miles north of Tucson and reported Indians near there. A party of armed citizens rode to the camp to see the bodies of the slain. The alarm was caused by a band of eighteen Apaches who are of the San Carlos Reservation with passes hunting and gathering cactus fruit. They have been seen in the vicinity of Pantano, a north and east of Tucson, during the last few days. They are all armed, and the recent killing of Harde at Tucson Canyon has excited ranchers, miners and others.

It is believed by some stockmen on the San Pedro that the band are on their way to the reservation to strengthen their forces. There is much feeling expressed against the policy of allowing Indians to leave the reservation on passes, especially as they are armed, for ranchmen, miners and travelers have no means of knowing whether they are hostile or friendly.

That there is a band of them now in the mountains near here is well established by reports from reliable sources who have seen them many times during the last few days. A large party of citizens of Tucson, ranchers and stockmen, are organizing to interview the band, who will have to return to the reservation or fight, and the next few days will see whether it is determined to keep them on their reservation, and if found running at large with arms, to treat them as hostiles.

ALL KINDS OF SPORTS. Bogan Wins the Bantam Championship From Hawkins. Chick Defeats Captain Brewer Two Straight Pigeon Shoots—La Blanche and Mitchell. The Fish Wardens.

President Fulda of the California Athletic Club received the following dispatch yesterday from George La Blanche: DENVER, June 4, 1890. President Fulda: I am O. K. Will be in San Francisco next week. GEORGE LA BLANCHE.

The club is very much annoyed over the prospect of a postponement of the 29th inst. The Marine, according to late advice, weighs about 180 pounds now, and many of the Directors have wisely concluded that it would be better to have a fight with Mitchell for \$2000 each, than to have a fight with Mitchell for \$2000 each, than to have a fight with Mitchell for \$2000 each.

THE BANTAM MATCH. The Sporting Life correspondent at Melbourne cables that the reason O'Connor, American champion, refused to accept a challenge from Mitchell is that he does not want to fight unknown, but will meet Mitchell for \$2000 each, than to have a fight with Mitchell for \$2000 each, than to have a fight with Mitchell for \$2000 each.

LA BLANCHE AND THE CLUB. In conversation yesterday with a well-known sport and member of the California Club, it was learned that La Blanche had a motive in staying away longer than he would be pleased to have him.
