

LABOR DAY.

General Preparations Being Made by the Unions.

The Striking Molders Send Missionaries to the East—Nine of the Last Batch of Arrivals Returned Yesterday.

The Printers' Committee on Labor Day Parade met yesterday afternoon with George J. Saunders in the chair. The Walking Delegate will be the book and job office as the printers to suspend work on the parade on Labor day so as to permit every one to join in the procession. The newspaper men will turn out in caps, of which the captains will draw lots as to which newspaper shall occupy first place. The following committees were then appointed: On Music—C. M. Jones, W. W. Shannon, J. P. O'Connell, E. F. Conway, J. H. Woodward, etc. On Banners and Floats—H. F. White, W. W. Shannon, George H. Saunders, etc. On Invitations—S. H. Jensen, C. E. Backus and G. D. Dill, with instructions to invite all persons connected with the printing business. Messrs. Hixon, Kelley and Clayton to make arrangements for a float.

A FLANK MOVEMENT.

The Striking Molders Send Missionaries to the East—Nine of the Last Batch of Arrivals Returned Yesterday. Another of the newly imported molders, working at the Pacific, was captured by the strikers yesterday. He joined the eight already captured on their return East. Another strategic move has been adopted by the Union as a flank movement. It is to get into the city as much as possible. Accompanying the captured arrivals on their return from the East are several of the strikers, who have been ordered by the union to go to the East as missionaries in their own cause. Their work will be to enlighten the nature of the strike as thoroughly as possible and doing what they can to prevent other molders from joining the ranks of the employers. The two sailors that came with the last shipment of molders were captured on a deep-water vessel yesterday.

Butchers vs. Chinese.

An interesting statement from the Secretary of the amount of money, time and labor expended since the organization, five years ago. Over 1000 Chinese employed in the meat business were discharged and their places filled by white men. The number of hog cuts, which were formerly 1000, was reduced from 500 to 50 or 60. The manager of the new packing company has expressed themselves in sympathy with the butchers' movement in breaking up the Chinese trade, and stated that his new buildings are finished. They would supply the requirements with best and most dressed meats at the lowest market price.

Indignant Musicians.

The Independent Musicians' Union appears to be growing very rapidly. The number of members were added to the membership and many applications are waiting. Judgment at the club yesterday received from the National Association of Golden West, they passed resolutions denouncing the action of the body in refusing to receive their charter after it was produced at their own request. The Independent Musicians' Union has communicated to the Federated Trades in reply to the charges made against them by the latter organization. The new instrument will be read at the next meeting of the council.

A Sweeping Boycott.

The Book-Binders' Association has taken up the defense of the Wellington coal mine strikers by inducing the boycott on the coal product of that mine. The boycott is not only against Wellington coal, but also against the coal produced by the mine. The book-binders approve of the action of the miners and the Federated Trades is trying to have enacted, and it will support the measure at the proper time. The Committee on Constitution and By-Laws has been at work on the revision for two months has made a final report and the new instrument will be voted on at the next meeting of the association.

Will Exhibit at the Fair.

The Boot and Shoe Makers' White Labor Union will exhibit at the State Fair. A committee was appointed to arrange for Labor day, and the Shop Committee reported that there would be a very large turnout from the shops. It was reported that the Leather Federation had applied to the Mechanics' Fair for space to make a large display of California-made goods.

Granite-Cutters in Line.

The Granite-cutters held one of the largest meetings of the season last night, specially called to take action in regard to Labor day. The parade about 2:30 o'clock, with appropriate bands, an elegant banner and a large number of flags. The granite-cutters also have in line a piece of Cornish granite, as the case was in the city.

Another Delegate Wanted.

Branch of the Bricklayers Workmen has increased the \$200 contribution made by the Executive Committee to the striking miners at Wellington, N. C.; also the \$100 donation to the miners of this city. The total membership is now 60, and estimates the union to another delegate in the Federated Trades.

The Book-Binders' Association.

The Book-Binders' Association has induced the boycott on Wellington coal produced by Dunsmuir & Sons, also of all retail dealers selling it. An indictment was also given the reform ballot law to be presented at the next session of the Legislature. The Committee on Constitution made its final report, having been engaged for the past two months in a thorough revision.

MRS. STOREY MARRIED.

Again Wife of the Editor of the Chicago Times. Joseph R. Dunlop, editor of the Chicago Times, was married on Tuesday, the 6th inst., to Mrs. Storey, widow of William F. Storey, of the same city. The bride and the man who gave that paper its reputation. The ceremony was conducted by Professor Swing of the People's Church at his residence at 3110 Broadway. The bride was dressed in white, and wore a very beautiful and charming affair. Only a few intimate friends of the contracting parties were present. The partners were tastefully decorated with flowers by orders of the thoughtful groom. The bride party left on the afternoon train for New York City, accompanied by a suite of rooms at the Fifth-avenue Hotel upon their arrival in New York City. A special car was provided for their comfort on the Pennsylvania Limited train. After a brief stay in New York City, Mrs. Dunlop will go to Block Island, Mass. Mrs. Dunlop is well and favorably known in newspaper circles, and is a business strong character and business ability. He is rapidly gaining the Times in the position held before the disastrous business methods of a recent administration embarrassed him. He has recently purchased the interest in the paper held by William Henry Smith, manager of the Associated Press, and is in a position to carry on a successful termination of the scheme of rehabilitation which he inaugurated when he became editor. Mrs. Dunlop has a host of admirers, and the suitors for her hand have been numerous and persistent. She is one of the most beautiful as well as one of the best-dressed women of this city.—Ex.

BITTEN BY A CAT.

A Maddened Feline Terribly Lacerates Its Mistress' Face. The monkey of Dr. Lagorio's existence was broken yesterday by a blow from the two persons to the Chicago Pasteur Institute, suffering from the treacherous caresses of a pet cat. The patients were Mr. and Mrs. J. B. Thye of Cable, Ill. Three years ago the Thyes received this cat, and it had grown up in the household like a general favorite. Its tricks were so amusing and its caresses so suggestive of a mother's love that no one suspected its madness. The excessive heat of last week, however, had affected its brain, and a few days previous to going mad it showed symptoms of rabies. Sunday last Mrs. Thye was quietly reading when the cat jumped upon her shoulder in its usual way. Mrs. Thye half turned her head when it fastened its claws in her neck. With a vicious snarl the cat gazed with gleaming eyes into Mrs. Thye's face, and then met her with a blow which struck her in the forehead. The blow was so violent that she was thrown into unconsciousness that she reeled back to the floor. Mrs. Thye's lip was torn across and her neck broken by a blow from the animal's wounds from its claws. The cat bit Mrs. Thye through the thumb. Dr. Lagorio does not think there is anything dangerous in the bite of a cat. This is the first case of the kind, and is considered a very rare one. The cat is now in the custody of the police, and will be shot, Aug. 7th, to the St. Louis Stray-Bays.

From Cooks Inlet.

The schooner Green arrived last evening from Cooks Inlet after a passage of sixteen and a half days. Captain Jorgensen brought down with him the crew of the bark Green, which sailed from this port on the 27th of last March and one month later was wrecked on Kaigwa Island reef, Cooks Inlet, and proved a total loss. All on board are reported well and a pleasant passage was had. The salmon season in Cooks Inlet has been unusually good. The women of the Northern Tackler Company at Keno have about 11,000 cases and George Hamer has nearly 8,000 cases of salmon packed as date of the Glen's sailing, with poor prospects than of many more.

ACROSS THE BAY.

Mrs. Lulu Nelson Returned to Fresno by Constable.

A Call to Rev. Mr. Coyne of Chicago—Ellsworth's Candidacy—Stocking Creaks With Truth. Shipped to England.

Mrs. Lulu Nelson was taken back to Fresno last evening by Deputy Constable Nelson of that place. He states that the immediate charge on which she was arrested was for defrauding the proprietor of the place where she boarded, but there are also other charges against her. She has done considerable trading in the city of the country, exchanging horses for town lots and so forth, and it is charged, but without proof that she did not belong to the city. Her story was that she was swindled out of \$2400 by a real estate agent in Fresno and that she had come here for a vacation. She was entirely unexpected, for she did not even know that legal proceedings had been commenced against her. Her sister called on her in the City Prison and had a long conference with her yesterday, but was unable to do anything to help her out of her difficulty. Mrs. Nelson worked up considerable sympathy by her recital of her side of the case, but not enough to secure a writ of habeas corpus. Francisco Rodriguez, accused of an assault with a deadly weapon, pleaded guilty to simple assault yesterday, and was sentenced to three months in the County Jail by Judge Greene. The defendant was accused of attempting to stab a man at Central Market.

A CALL EXTENDED.

It is understood that a call has been extended to Rev. Dr. Coyne of Chicago by the First Presbyterian Church of this city, with a salary of \$5000. Whether or not an additional \$1000 will be raised for an assistant pastor has not yet been determined. Dr. Coyne will remain in Chicago until Sunday before returning to his charge at Chicago. It is understood that the salary of an assistant pastor was broached to Dr. Horton, he was very favorable to it, and hoped that one would be secured, but when it was suggested that he should be made responsible for the \$1000 to pay the assistant pastor, he was lessened any attention by the assistant.

Judge Ellsworth thinks the tenure of office of the additional judges proposed to be appointed by the Legislature creating the position and not by the Constitution is a question.

quitting the selection every six years. He says, however, that if Governor Williams should make an election for three judges in Alameda County he will be a candidate for re-election. Judge Ellsworth is a resident of San Francisco, and is the husband of Amelia Augusta Hollinger, died yesterday. His funeral will be held tomorrow at the Lutheran Church, Thirtieth street, near Clay.

Mrs. Nettie Springer yesterday petitioned the Superior Court to appoint a trustee.

in order that she may support herself, and her husband and child. She is a widow, and her husband was a member of the San Francisco Police Department. She is now a resident of San Francisco, and is the wife of a member of the San Francisco Police Department. She is now a resident of San Francisco, and is the wife of a member of the San Francisco Police Department.

The officers of the Pacific Coast Amateur Athletic Association met last evening at the Olympic Club.

The full board was present. Messrs. McGehee and Hill represented by proxy the Amateur Athletic Union, University Athletic, Lullin and Garden City clubs. The records made by P. D. Skellman and S. V. Cassidy at the Olympic Club grounds on July 4th were approved.

The President appointed a Membership Committee.

consisting of J. H. Gilhilly, T. Scamman, A. J. Rosborough and P. W. Nahl. The application of the Sacramento Athletic Club for membership having been reported favorably upon by the Membership Committee, the club was elected a member of the P. C. A. A.

It is very evident that wrestling will not again become a popular sport in this city.

"Parson" Davies has been making great endeavors to get the wrestling in this city on a paying standard, but it is extremely doubtful if he will succeed. He has arranged a meeting between Alameda and Evan Lewis, to take place at some large hall yet to be named. It will be a repetition of the fight between Alameda and Jimmy Faulkner, in which the more powerful man had an easy victory, notwithstanding the fact that both men are equally scioned in this art. Every sporting man who knows anything of wrestling will advise that Lewis can throw McLeod as often as he pleases, consequently a contest between these two men would be of little or no interest to an audience composed of critics on wrestling.

On next Tuesday evening the Young Men's Christian Association of Oakland will give its deciding game of football.

Fred Boggs and Pete Sides are matched to fight at the Seattle Athletic Club on the 20th inst. They will do battle at 125 pounds.

THE GALATEA.

The racing sails and spars of the Galatea, which have been stored in this country since the Mayflower-Galatea race for the America's cup, have arrived at Glasgow. The main boom will be cut plumb to the taffrail, and a new mainsail will be made for the cutter.

The prospect of an interesting contest between McLeod and Lewis is very slim indeed.

when Joe Acton, who is a more experienced wrestler and a heavier man than McLeod, is to meet the "big" Lewis, unless the latter would consent to reduce to within five or eight pounds of his weight. The match will be held at the National Athletic Club, on Tuesday evening, September 9th, Wimbledon and Judd end members' September 10th, long-range and McLeod and Lewis on the 11th. The National Athletic Club's match for the military championship of the United States, the Malloy match, will be held on the 12th. The match between McLeod and Lewis will be held on the 13th. The match between McLeod and Lewis will be held on the 14th.

NICHOLAS LUNING.

His Remains Laid at Rest in Laurel Hill Cemetery. The funeral of the late Nicholas Luning took place from the residence of his son-in-law, George Whittell, at the corner of California and Jones streets, yesterday. Rev. O. C. Miller of the First English Evangelical Lutheran Church officiated at the service, and the following named gentlemen acted as pall-bearers: W. E. Brown, William Alford, J. P. Crocker, A. J. Langbehn and J. D. Grant. A multitude of friends gathered to pay their last respects to their last resting place in the family plot in the Laurel Hill Cemetery, where the funeral offerings were many.

Security Savings Bank.

The stockholders of the Security Savings Bank have elected the following named as Directors: William Alford, Jerome Lincoln, William Haddock, D. O. Mills, A. K. Harmon, James Grant, W. J. Jones and D. C. McNeer. The vacancy in the board caused by the recent death of S. L. Jones was filled by the election of W. J. Jones, Vice-President, and S. L. Abbot Secretary.

IT NEEDS REPAIRS.

TRY IT YOURSELF.

SAN FRANCISCO, Jan. 29, 1890. GENTLEMEN:—I have been a sufferer from kidney complaints for several years, and have used medicine upon medicine without any apparent relief, until a friend of mine told me of the wonderful cures accomplished by your remedy. I was induced to buy a bottle, but without much faith. After using the first bottle I noticed such an improvement that I kept on until I had taken three bottles, and can safely say that I am entirely cured and never felt better in my life. I can gladly recommend THE GREAT KIDNEY, GOUT AND LIVER CURE to all people that are suffering in any way with kidney or urinary disorders. Resp'y Yours, L. H. COHN, Atlantic and Pacific Publishing Company, Room 25 St. Ann's Building.
