PARNEILL'S INJURY. Fears That His Eyesight May Be Destroyed.

A Strong Appeal to the Hillside Men to Stand by Their Leader. Joseph Chamberlain's Remarkable Speech at a Private Unionist Caucus. The Cork Convention.

Special to THE MORNING CALL.

DUBLIN, Dec. 17.—Though Parnell suffered intense pain from the effects of the time taken in his eyes yesterday, he was able to attend to his duties from the window of the Victoria Hotel at Kilkenny a large crowd. During the address his face was covered with bandages. He detailed the events of the day, and the crowd became exasperated at the manner in which he had been treated and many threats of vengeance were made.

This morning Parnell's breakfast was served in bed. A close examination of his eyes revealed the fact that his sight is not injured. The surgeon declares, however, that inflammation may set in. He ordered Parnell to keep his eyes closed, and that hot water fomentations be constantly applied.

It was announced this afternoon that the surgeon attending Parnell fears the injuries to his eyes may result in serious consequences. He has given orders that for the present the shooting shall be discontinued.

A new paper appeared here to-day under the title of THE INSUBMISSIBLE. It is a published information of the people of the political crisis is possible by arbitration. The contest, he said, will be fought to the bitter end. Notwithstanding the injunction issued against suppressed Unionist Ireland.

Parnell has issued a strong appeal to the hillside men, calling on them not to submit to English dictation. He said, in part: "Will you give up your chief and your wolves, or will you rally around him as your father did around the men of '88, and show the surrendering? I appeal to Parnell, the leader of the Independent Irish party, Gather men of the hillside, at St. John's Well on Sunday around your chief and hurl defiance as his enemies and the enemies of your race."

Parnell was interviewed to-day with reference to the charges referring to the fund of £20,000 raised several years ago for his benefit. He said he spent it among the workmen of Wicklow, giving 200 men employment. He referred to the development of the mine, and the possible development of coal and iron fields in other districts, which would give Ireland a great industrial future.

McCarthy in an address declared that if the Irish party were to be destroyed for what they had done, the magnificence of the gathering they assembled gave it to them. After such a meeting they would be entitled to speak in the name of the Irish people, and they would still be a better body than so to speak after the election in Kilkenny.

Resolutions were passed expressing approval of McCarthy's speech.

THE HOSTILES. Two Strike and His Followers at Pine Ridge Agency.

No Confirmation of the Rumored Engagement at Daly's Ranch. Exchange of Shots Between Settlers and Bands of Thieving Indians—General Miles at Rapid City. Special to THE MORNING CALL.

WASHINGTON, Dec. 17.—General Schofield this morning received a telegram from General Miles, dated Long Pine, Neb., December 16th, as follows: "General Brooke reports Two Strike and about 800 Indians now camped at Pine Ridge Agency, and are exchanging shots with the settlers. Rosebud are all that can be drawn out of the disaffected camp. The others are defiant and hostile, and are determined to go to war, and has no hope that any other effort at pacification would be successful. He estimates the number of men in the hostilities at Pine Ridge at 250. General Miles' estimate represents 200 men on the Cheyenne River, and 300 at Standing Rock Reservation, who would have been liable to leave before the death of Sitting Bull, making in all 700 men. Every possible means are exhausted to retain and restrain friendly Indians on the reservation. The 16,000 Sioux who are now on the reservation are repressed loyally should have positive assurance with the least possible delay that the Government will perform and fulfill its treaty obligations."

WASHINGTON, Dec. 17.—General Rugeley to-night telegraphed from Fort Yates and Rapid City on the Indian troubles. The Indians are exchanging shots, but no fighting has occurred. The Indians are reported from Rapid City were probably all there to last night's report of many being killed.

WASHINGTON, Dec. 17.—General Miles arrived here to-day and is in communication with General Carr. He knows nothing of the reported engagement at Daly's ranch with the loss of life and undoubtedly untrue. General Carr is encamped at the junction of Rapid and Cheyenne rivers, with 400 men. Thieving bands of Indians about him, have been stealing cattle and there has been some skirmishing with the Indians, in which one Indian has been killed. The troops will soon cross the Cheyenne River and proceed toward Pine Ridge, when trouble may ensue.
