**mstock Miners on the Wages Question.**

**DRAINED BY THE MILLS.**

**Profits of the Business Eaten Up in the Reduction of the Ores—Union Well Fixed.**

Special to THE MORNING CALL.

CARSON, Nev., Aug. 1.—An Appeal representative has been on the Comstock lode during the past few days, meaning what he could of the wages situation among the miners. A member of the union who was interviewed said:

"Our meetings are secret and I can give nothing official. You can say that it will be a big surprise if the miners accept the reduction. Our wages are none too large. We don't propose to sweat in the sweating drifts and inhale poisonous gases for less than \$4 while there are men loafing in San Francisco, drawing fat salaries as superintendents and secretaries of a dozen different companies. We have enough money in our treasury to run us a long time, and none of our members out of employment will suffer. Don't believe a word of the talk about putting 1000 men to work at \$3. That is all bluff. If the mine-owners meant business they would put their proposition in black and white. Suppose they put it in writing the proposition to put 1000 men on for a year at \$3.50. We would consider that we will not be caught in a trick."

Another miner said: "Let them begin economy with the mill. Why, not long ago a mine here lost \$2000 a month and the mill that crushed the ore made about \$5000 on it. The mill sump hole takes the money out of the mining industry, and when the mills cheapen, as they can and still make a profit, there is no need of a reduction of wages. Let an outsider go down to those heated levels and see if he thinks \$4 too large a sum for a day's work. Aside from that under economical management and cheap milling there need be no cut in wages."

The miner asserted that the reports of low-grade ore were misleading. "Why," said he, "I saw ore in a drift one long ago that assayed \$280 and the car samples of that same ore were reported at \$19. The game has been played a long time and covers up a great deal of crooked work. We see what is going on and keep our mouths shut. While we know these things we don't propose to submit to a reduction in wages, because we know that if the mines were honestly managed there would be no need of a reduction."

The amount claimed to be in the treasury of the union is \$50,000, with \$10,000 promised from the unions of San Francisco, and also quite a sum from Butte City, Mont., which on a former occasion was aided by the Virginia miners' union.

**VETERANS IN CAMP.**

Annual Encampment of the Southern California G. A. R.

SANTA BARBARA, Aug. 1.—The sixth annual encampment of the Southern California G. A. R. Encampment Association opened to-day. The camp is located at Burton Mound, which is conveniently situated within a short distance of the center of the town, and next to the boulevard and beach. It makes a very charming camping-ground, and visitors express delight with the surroundings. Veterans from all parts in Southern California, with their families, are present, and to-night between 500 and 600 people were on the grounds.

Among to-day's arrivals were Department Commander Seymour of San Bernardino and Post Department Commander Buckles of Fairfield. Commander Hobart Ventura has been here several days. A. G. Weissert of Wisconsin, Commander-in-Chief of the G. A. R., is expected in a day or two in company with Assistant Adjutant-General Masteller of the Department of California. Preparations are being made to receive the noted guests. The veteran drum corps of Los Angeles is in attendance. To-day nothing was done but to assign quarters, and the formal opening of the encampment takes place to-morrow. In the evening address of welcome will be given. Saturday will be the most important day of the camp. A street parade will be held that day, and a large number of visitors are expected to-morrow. More arrivals are expected, and some will not reach the camp until Thursday. At the grounds the various corps, the relief corps, the camps of Sons of Veterans and the Boys' Brigade have opened headquarters. The encampment continues ten days.

**SEAMEN FOR THE ADAMS.**

Large Draft of Men to Fill the Places of Deserters.

VALLEJO, Aug. 1.—A draft of seamen will be detached to-morrow from the United States receiving ship Independence at Mare Island Navy-yard for the United States ship Adams at Honolulu. The draft will take passage on the steamer leaving San Francisco to-morrow. This is the third draft sent to the Adams since the ship left Mare Island for Hawaii. From reports received here it is ascertained that a large number of desertions have occurred from the Adams since her arrival at Honolulu. Aside from the draft going to-morrow, there are many more men required to complete the complement of the Adams. It is rumored to-night that the Adams will soon be detached from Honolulu and ordered to Samoa. On the arrival of the Adams at Samoa the Philadelphia will, if peace reigns, be ordered to Honolulu to relieve the Boston, which will come to the navy-yard without delay.

**MERCHANTS ENTERTAINED.**

Progress of the San Francisco Party Through the Willamette.

SALEM, Or., Aug. 1.—The San Francisco party of Board of Trade delegates arrived here to-day and were given a hearty welcome by the people. At Corvallis, Albany and other points in the Willamette Valley the excursionists have been royally entertained. At each point banquets have been held and all pledged of an exchange of trade have been made. This afternoon the visitors were shown about the city in carriages, and were accompanied by a number of fruit orchards. The party left here at 9 o'clock in the evening for Eugene, from which point they will return to Yaguina to take the steamer on Friday for home.

**NAVY-YARD FORCE INCREASED.**

The Work of Completing the Monadnock to Be Pushed.

VALLEJO, Aug. 1.—An order was received at the Mare Island Navy-yard to-day authorizing an increase in the force here. It is understood that additional

forces will be put on the Monadnock and that her completion will be pushed with all dispatch. From the same source it is ascertained that fully 800 men will be at work in the navy-yard within the present year, and more if found necessary to complete the work already under way.

**HIGHWAYS OF THE STATE.**

Gathering Information for the Use of the Road Convention.

SACRAMENTO, Aug. 1.—The committee of promotion of the State Road Convention to-day sent to all county surveyors in the State blanks to secure replies for the use of the convention which will meet September 7. It is believed that the facts asked for will bring out most interesting and remarkable information. Nearly all the county surveyors have agreed to furnish the desired statistics. The facts asked for are, in brief:

Miles of public road; miles of gravelled; miles of macadam; miles of sand; miles of dirt; miles of dirt and sand; miles of country roads? How much money was spent on roads in the last ten years? Good roads remaining to-day. Miles of gravel, macadam, dirt and sand. What is their value to-day in the light of the expenditure of ten years? Is a good road stone obtainable? What is the cost of the best road per mile in your county? Would it be economy to construct and maintain a highway? The general cost, even if the cost had to be raised on county bonds, taking into consideration the use of good roads meanwhile, the time saved, the power saved and the values enhanced pending the forty years' life of the bonds. Is the new road law making Supervisors district superintendents an improvement? Do you believe roads can be built better and cheaper under the contract system and according to a comprehensive county scheme? Are the roads sprinkled in your county, and to what extent and at whose cost? What is the average width of your main thoroughfares? Will good roads properly constructed make a less width serve as well?

**SONS OF HERMANN.**

Election of Officers by the Grand Lodge.

FRESNO, Aug. 1.—The Grand Lodge of Hermann's Sons has elected the following grand officers: William Cron, Ernest von Bandel, Lodge No. 3, grand president; Fred Ott, Mission Lodge No. 10, vice-president; P. N. Lampe, North Beach Lodge No. 9, secretary; Charles Trattner, Alexander von Humbolt Lodge No. 17, treasurer; grand trustees—C. Schmitt, Dietrich of Hercules No. 8, Louis Scharenberg of North Beach No. 9, H. Roman of San Francisco No. 1. The officers were installed and the convention adjourned sine die. This evening there was a banquet at Armony Hall.

**HEATH STILL IN JAIL.**

He Has Been Unable to Secure the \$75,000.

FRESNO, Aug. 1.—William Spense, the witness in the Heath case who was arrested for making a perjured affidavit, was discharged to-day, owing to the absence of the prosecuting witness, C. J. Stiwell.

Richard Heath's bail of \$75,000 has not been secured.

**San Benito Stage Robbed.**

HOLLISTER, Aug. 1.—Al Leonard's mail stage, between San Benito and Hernandez Valley, was held up and robbed yesterday afternoon by three armed men. Leonard overtook the robbers, but was covered with revolvers and forced to retreat. Sheriff Hobrock is in pursuit. The amount of booty secured is not known.

**High License at Vacaville.**

VACAVILLE, Aug. 1.—A proposition is on foot to raise the liquor license to \$2000 a year. A petition to that effect was presented to the Board of Town Trustees to-day, but much opposition was manifested. The question will come up two weeks hence. Until settled high license is the burning question.

**Says He Murdered Tovie.**

SAN ANDREAS, Aug. 1.—U. S. Gregory, Sheriff of Amador County, and the District Attorney, R. C. Rust, were here this evening and successful in getting a full confession from Eagan, in jail here, that he was the murderer of Tovie, the Wellis-Fargo's messenger, in Amador County.

**Of Course He Was Not Struck.**

RENO, Aug. 1.—J. H. Ward, an inmate of the County Hospital, felt this morning, hitting his head and causing instant death, during an altercation with O. W. Ager, the superintendent. Ward was full of whisky and very quarrelsome. Coroner Brown will hold an inquest.

**Bounty on Rabbits.**

SAN BERNARDINO, Aug. 1.—Citizens of Ontario have petitioned the Supervisors, asking that a bounty of 10 cents per head be given on rabbits. The District Attorney, in accordance therewith, has been instructed to prepare an ordinance and present it at the next meeting of the board.

**Raising the San Pedro.**

VICTORIA, B. C., Aug. 1.—Nothing will be done to-day raising the San Pedro till the end of the week. Meantime, another large hole in the hull has been discovered and plugged, and with the new and powerful pumps to be used it is expected she will come up without difficulty.

**Ontario Fruit Shipments.**

ONTARIO, Aug. 1.—The orange and lemon shipments from Ontario for the season have now been completed. The total shipments of oranges comprised 133 cars and of lemons 10 cars. This is an increase of 150 cars over last season.

**San Joaquin County Hospital.**

STOCKTON, Aug. 1.—The Board of Supervisors to-day voted to call for proposals to erect the new County Hospital buildings five miles from here, the bid to be opened October 3. The structures will cost about \$50,000.

**President of Santa Clara College.**

SANTA CLARA, Aug. 1.—Yesterday Rev. Joseph W. Riordan, S. J. was duly installed as president of Santa Clara College, in which office he succeeds Rev. John Pinasco, S. J.

**Looks Bad for Vincent.**

FRESNO, Aug. 1.—Petition requesting the Governor not to commute the sentence of Vincent, the murderer, has been largely augmented by new signers. Over 300 have now signed.

**Sacramento Teachers at Victoria.**

VICTORIA, B. C., Aug. 1.—A party of thirty Sacramento schoolteachers are here to-night enjoying themselves. They are on their way to the East via the Canadian Pacific Railroad.

**Found Guilty in Short Order.**

SAN JOSE, Aug. 1.—Charles Hanson, who assaulted Mrs. May B. Marrott, near Los Gatos, was to-day found guilty. The jury was out five minutes.

**MONEY IN HAND.**

**New York Banks Can Get It Easily.**

**HOW TO EASE THE TIMES.**

**Gold Is Coming Back From Europe and Everything Begins to Look Vastly Brighter.**

Special to THE MORNING CALL.

NEW YORK, Aug. 1.—A new and unexpected element of relief has been injected into the financial situation. United States bonds have reached such a low figure that the national banks see their way clear to make a profit by issuing circulation against them, and arrangements have therefore been made by several of the more prominent banks to increase their circulation from the minimum limits at which it now stands to such an amount as will materially relieve the present tension. It is estimated that \$3,000,000 or \$10,000,000 will be so added to New York's supply of currency within a very short time. Orders have already been placed for a part of the bills, and some of the banks have bought bonds preparatory to depositing them in Washington.

Harvey Fish Sons, who make a specialty of Government bonds, to-day sent a circular to national bank officers, urging the importance of enlarging their circulation. They said: "There is room for over \$400,000,000 of new bonds that can be secured for deposit. The banks perform a service by increasing circulation, and receive a reward in the shape of large profits. A bank currency is the best which the country can have, because it expands when needed and contracts when not needed, instead of in the latter case remaining in circulation to induce foolish speculation, which hastens and intensifies panics such as we are now passing through."

The shipment of gold from England to New York by to-day's steamer reached \$30,000. Arrangements are also reported to have been made at Chicago for the import of \$1,250,000, it being engaged against the forwarding of wheat and produce to England.

The total gold now afloat from Europe for America, must of it due here within the week, is between \$7,000,000 and \$8,000,000. About the only difficulty the banks now have to contend with, it is said, is the great scarcity of currency.

The general depression in trade is severely injuring the tin-box industry in Brooklyn, and it is said the tin-box manufacturers will petition Congress to repeal the tariff on tin, both block and plate. The three largest works in Brooklyn—S. A. Iljsey & Co., the Meserau Manufacturing Company and Sommers Bros.—are working on three-quarters time. One member of the firm of Sommers Bros. said that if Congress did not repeal the duty on tin the tin-box manufacturers would have to close down their works.

There is trouble among the hat factories of Orange and Orange Valley. Orders have been steadily falling off and many countermands have been received for orders already booked. The cause is stagnation in the Western trade. Some shops have already closed and others are about to follow. Not one is working to its full capacity. The closure of these shops would throw 3000 operatives out of work.

**NO AGREEMENT YET.**

Harbor Commissioners Postpone the Ferry Terminals Decision.

The Board of Harbor Commissioners met yesterday afternoon, all the members being present.

Two communications were received from K. A. White, agent of the Southern Pacific Company, in regard to changes he desires made in the depot at the foot of Market street. They were referred to the chief engineer.

It was reported that at the request of the captain of the ship Cedarbar he proceeded to that vessel and offered his services free of charge. Subsequently the vessel was towed to the mud flats and his services were not required. The communication was placed on file.

The contract of the San Francisco Bridge Company for removing wharf structures on the site of slips 5 and 6 was signed by the board and its bond in the sum of \$5000 approved.

At the request of representatives of the Powell-street, Omnibus and Market-street railway companies final consideration of the location of terminal of the street railways was postponed until Tuesday, August 15. It was stated that an anti arrangement in the matter was expected.

On motion of Commissioner Brown the location of terminal of the street railways on the south side of the bridge was awarded N. P. Gleason for \$100, and removing the shed on the north side for \$125 to points designated. The board then adjourned.
