More Chinese Driven From Selma.

BUSINESS MEN THIS TIME.

The Restaurants of Two Mongolians Closed by a Job and the Owners Sent to Fresno.

Special to THE MORNING CALL.

SELMA, Aug. 19.—A week ago today, when the people of Selma held a meeting and decided that the Chinese should leave the packing-houses and that white people should take their places, the Earl Fruit Company, which was packing pears at the time, complied with the demands, and the Chinese in their employ returned to Fresno. It was also ordered at a meeting that the Chinese restaurant-keepers should leave in five days and the laundrymen by September 1. The restaurant and laundry men, it seems, did not obey the injunctions, and Friday night another meeting was held to consider the proposition, when it was again decided to notify them to leave. Some twenty-five men, about 11 o'clock last night, went to the restaurant of Loy & Wah, called the two proprietors out, made them lock up the place and then took them to the train, giving them tickets to Fresno. Turn Kee, the other restaurant man, could not be found by the mob, but his place was not opened to-day. The Chinese cook from the Vinzent vineyard was also sent off by the men.

UNABLE TO DECIDE.

Deadlock in the Sullivan Court-Martial.

The Judges Find It Impossible to Come to a Decision in the Paymaster's Case.

VALEJO, AUG. 19.—There is evidently a hitch somewhere in the proceedings and findings of the Sullivan court-martial. Just where or what this hitch is cannot be ascertained with any degree of accuracy, as the members comprising the court-martial are exceedingly reticent, fearful, as it would seem, of the wrath of the Secretary of the Navy should any portion of their deliberations become public gossip prior to their report presenting official action at the hands of Mr. Herbert.

FRESNO, AUG. 19.—The event of to-day in this city was the feeding of laboring men at the Free Labor Bureau. Charles Cawrey, who is just opening a new bakery and restaurant, served a hungry mob of 200 men with a choice fresh luncheon. Temporary tables were provided in an adjoining room to the Labor Bureau, and from 12 to 2 o'clock there was a happy time with them.

An enthusiastic anti-Chinese meeting was held at Madera last night. Resolutions were adopted to the effect that "the Chinese must go," and also to send abroad for 100 white men to work on the flume and in the timber.

To-day it was learned that, notwithstanding the many who have found work, the number of idlers is increasing. One of the newcomers said he was just from Denver, and that there were 1000 more on the road headed for California. He said that many had found jobs along the road, but that the bulk of them were headed for the raisin sections and for San Francisco to work on the Midwinter Fair buildings. They are principally miners and some will seek the mining camps.

Chief of Police Morgan yesterday visited the Earl packing-house, where many Chinamen are employed, and after staying before the manager the danger he was in by keeping Mongolians around, obtained from him a promise to discharge all and replace them with white men and women Monday.

VACAVILLE, AUG. 19.—Last night the largest meeting ever held in Vacaville took place at Bowler's Opera-house. It was called for the purpose of organizing the anti-Chinese sentiment, and giving expression to the laboring masses who find themselves confronting an overstocked labor market. The meeting was addressed by local speakers, and resulted in the organization of a free labor bureau. A committee was also appointed to wait on the employers of Chinese and request them to give employment to white labor. Both will be in operation at once. A second meeting will be held next week. Every expression was in favor of peaceful and legal methods of action, but the demand is earnest for the enforcement of the Geary law and the passage of an exclusion act against the Japanese.

STOCKTON, AUG. 19.—Stockton's anti-Chinese agitation flattered out to-night, as was expected, and no demonstration was made. The speaker of last evening talked again about the Chinese evil, and the meeting dispersed without excitement. The police were out in full force to quiet the people if the speakers roused any feeling, but there was no occasion for the precaution. The heads of the labor unions promptly repudiated any connection with a disorderly movement, and the mechanics and laborers were not led into mischief. Few Chinamen are employed here, except in kitchens.

BAKERSFIELD, AUG. 19.—A large and orderly meeting was held here to-night, at which the citizens of Visalia, Tulare and Fresno were denounced for the manner in which the Chinese were treated. The people here will resort to no violence, but will pass resolutions calling upon the United States District Attorney to take action and have the Government deport the Chinese. Everything was quiet at 10:30 o'clock.

MARKHAM AT HOME.

The Governor on the Special Session and Anti-Chinese Trouble.

PASADENA, AUG. 19.—Governor Markham and party arrived home this evening from a two weeks' fishing trip in the San Gabriel Canyon. The Governor was much benefited physically by the outing. When questioned on the matter of calling a special session of the Legislature to consider the Midwinter Fair project he said he had not yet made up his mind, but would do so until he had given the subject serious consideration. Regarding the request for troops to quell the anti-Chinese trouble, he said he had wired for information to Judge Conklin of Bakersfield, and was informed that there was no immediate necessity for the militia. He had notified Judge Conklin that Captain Cook could call out the troops if necessary, but with discretion. The Governor has requested that he be kept fully informed as to the situation.

NATED CAMP BROWN.

Outing of the Second Artillery at Eureka.

EUREKA, AUG. 19.—The regular routine of camp life will begin to-morrow, when the advance guard of the Second Artillery, now in camp, accompanied by the Tenth Battalion, will form line upon sighting the Humboldt off the bar and march to the wharf to receive the balance of the troops. The Tenth Battalion and Companies A of Eureka and of Arcata will go into camp to-morrow. The camp has been named Brown in honor of J. B. Brown of the Tenth Battalion. All are doing their best

ARMED FOR WAR.

Striking Welshmen Who Mean Business.

FIFTY THOUSAND STRONG.

They Will March Against the Coal-Miners Who Are Still at Work in the Pits.

Special to THE MORNING CALL.

LONDON, Aug. 19.—The situation in South Wales, owing to the coal strike, has not improved. The strikers made repeated attacks on the collieries yesterday, and numbers of strikers and workers and police were injured in the conflicts. The district is greatly excited and great military and police precautions have been taken. The seriousness of the situation can be judged by the fact that coal-owners asked for 2000 infantry and 1000 cavalry to protect the collieries and working colliers. Over 700 infantry have already left Plymouth in trains for Rhonda Valley, and 500 others will proceed to-day. The desperate measures which the men are taking to coerce coal-owners were shown yesterday, when a body of strikers endeavored to stop work in a colliery which alone supplies the Pontypridd Gas Works, in order to put the town in darkness, while to-day stones were found on the railway line which evidently had been placed there by strikers. The district has the appearance of being in a state of siege. Sentinels are stationed on the hillsides and around the collieries to announce the approach of strikers to the troops. The police are guarding the collieries, of which less than twenty out of 204 are now working. The working collieries are chiefly in the Ebbwvale district, and the strikers announce their intention of marching there on Monday, 50,000 strong, to stop work. It is estimated the men have already lost £300,000 in wages, while the output of the collieries has fallen off. In the Midlands, where nearly 500,000 miners are striking, a more peaceful condition prevails. The scarcity of coal is causing great inconvenience among tin miners and Scotch iron masters and 11,000 Westshire miners will go out on Monday.

NAPA MEET CLOSED.

A Peerless Day Sees the End of the Races.

The Favorite Beaten in the Mile Dash. Cyrus Captures the Event for Pacers.

Special to THE MORNING CALL.

NAPA, AUG. 19.—The sixth and last day of the Napa meeting proved an ideal day for racing. The weather was clear and warm and the park was well crowded with visitors, both in the grand stand and in carriages. As on Friday, the event of the day was the mile bicycle race for the Hamersmith & Field trophy. It was a hotly contested race. Gardiner winning in 2:38 1/2, with Jennie second and Chapman third. In the unfinished special trot, postponed from Friday, Polly and Dan Brown, not having taken a heat, were sent to the stable. Like-Like won the heat and the race in 2:26 1/2, with Mollie Patten second and Autares third. In the yearling district mile dash there were six entries as follows: Select, Pilot Nelson, Maud Pilot, Spotted, Gallagher and Cuno. Spotted shot favorite, but E. P. Heald's Pilot Nelson won easily in 3:02 1/2, with Select second. In the 2:25 pace there were nine entries, with Cyrus the hot favorite. Cyrus won the first heat in 2:17 1/2, Jingle second and Bonde Wilkes third. The second heat was won by Cyrus, Jingle second, Orland third and Pascal distanced. Time, 2:18. After this heat the Palo Alto stallion Truman (2:12) trotted an exhibition mile, going to the quarter in :33, the half in 1:08 1/2 and home in 2:16 1/2. Later he trotted a second mile, making the quarters as follows: :34 1/2, 1:09 1/2, 1:45 and 2:17 1/2. The third heat of the 2:25 pace was won by Cyrus, with Jingle second and Wilkes third. In the four-year-old 2:30 class trot Muta-pha won in two straight heats. Summaries—Unfinished special trot, Like-Like won, Mollie Patten second, Autares third. Time, 2:26 1/2. Pacing, 2:25 class, purse \$400: Jingle, 1:11; Bonde Wilkes, 2:22; Spotted, 3:33; Cuno, 3:33; L. A. Dick, 4:46; G. C. C. 5:57; Forrester, 8:8; Pascal, 11:7 1/2.

Let a Frightful Death.

SPOKANE, AUG. 19.—A terrible accident occurred in an old sawmill at the foot of Bernard street this morning. George H. Maxwell was caught by a revolving shaft, whirled over it, dashed a hundred times against the floor and ceiling and crushed and mangled and torn to pieces till his body was hurled across the room, a lifeless mass of flesh and broken bones. Maxwell came here from Little Rock, Ark., where his parents now live.

Struck With a Bottle.

SAN BERNARDINO, AUG. 19.—Last evening Bronco Charley, a negro, went into the Redlight saloon to get a drink and was set upon by three Italians. They pushed him to the sidewalk, when he struck one of them over the head with a bottle, cutting the scalp open and making a wound several inches in length. All the parties concerned were arrested.

Sort of Rubbing It In.

SAN BERNARDINO, AUG. 19.—Steel, the man who was stabbed in the back twice by

WARREN EARP A FEW DAYS AGO, and who got Earp out of a bad scrape by admitting that he was the aggressor himself, was arrested by the police to-day on a charge of simple assault and fined \$10. Not having \$10, he went to jail.

EMBEZZLEMENT AT MODESTO.

The City Clerk, G. H. Golden, Found Short in His Accounts.

MODESTO, AUG. 19.—The Board of Trustees of the city declared the office of City Clerk, held by G. H. Golden, vacant on August 3 on account of a shortage in his bond. Yesterday at the Board of Equalization it was found that Golden, as ex-officio Assessor, had falsified the roll of personal property, collecting larger amounts than were turned in. Out of twenty receipts examined a shortage of \$30 was discovered. It is believed that further investigation will develop still greater discrepancies. In addition they had claims to be paid in the amount of \$55 short.

A warrant was issued last night charging Golden with feloniously changing the assessment roll. He has disappeared and the police have failed to arrest him. Two hundred tax receipts were issued, and the total discrepancy will not be known for several days. The roll also shows many clerical errors. The estimate of the amount of the shortage is about \$250. As Assessor he only had power to collect the personal property tax. Since Golden was deprived of office he has made many charges against members of the Board of Trustees and threatened to institute a suit for his office and damages.

The missing ex-City Clerk of Modesto came toward Stockton this morning, and was seen walking into this city; but the police have failed to find him. A Constable from Modesto was here to-day with a warrant for Golden's arrest, but could not locate the man.

Body of a Suicide Found.

SAN JOSE, AUG. 19.—Rancher James Linahan, while at work beyond Milpitas to-day, found the body of a man much decomposed. The man was identified as James Dennison, a laborer, aged 45, who had been employed by John Sherman in Calaveras valley. It is thought he committed suicide about a week ago while on a drunk. An inquest will be held in the morning.

LONDON, AUG. 19.—The engine-room of the British steamer Indefatigable, which vessel is stranded on Harker Island, is full of water and the bottom ripped open from the forward to No. 3 hold. As the tide rises the main deck is flooded. All hands are shore.

WILL PAY CHECKS.

Novel Plan to Increase the Currency.

BELIEVED TO BE FEASIBLE.

There Will Be a Large Circulating Medium Even Though Ready Money Is Scarce.

Special to THE MORNING CALL.

NEW YORK, AUG. 19.—The City Bank of Buffalo has devised a new scheme for the temporary relief of the financial stringency. Briefly stated, the plan is for the City Bank to issue New York drafts in uniform sums of \$1, \$2, \$5 and \$10, payable to bearer, and let them be passed from hand to hand as cash till it becomes convenient to redeem them in Government currency. Being drawn to bearer no indorsement will be needed to pass title, and being drawn on New York they have both the collateral deposited with the local Bankers' Association and money on deposit in New York to secure the holder against loss. An amusing incident occurred to-day at a bank in Wall street. A depositor demanded \$2000 in currency. He had a large balance to his credit. It is said he admitted that he was going to sell it at a premium, and the bank-teller refused to give him the currency. The officers of the bank were appealed to and strong language was used on both sides. Finally the bank-teller, pur-unt to orders, offered the depositor \$2000 in silver dollars (legal-tender money) and told him to take it away. It was necessary for that purpose. Silver dollars, however, command a premium, although not much as currency. Currency on Wall street is quoted at 1 1/2 to 3 premium and gold 2 1/2 per cent premium. The supply of cotton and provisions augurs well for the continuance of further imports of gold. The imports for the week were \$11,249,769; exports of silver \$264,600. There was an increase of \$702,000 in the circulation for the week. La Touraine arrived from Havre to-day with 5,741,000 francs in gold. LONDON, AUG. 19.—Gold to the amount of £110,000 was withdrawn to-day from the Bank of England for shipment to the United States. The Cambrian sails from Liverpool to-day with £265,000 and the New York from Southampton with £30,000. CHICAGO, AUG. 19.—The Anderson Press-brick Company made an assignment to-day. The plant is valued at \$250,000 and there are about 200,000 completed brick on hand. The liabilities are chiefly to stockholders. ST. LOUIS, AUG. 19.—The Greely-Burnham Grocery Company filed articles of assignment this afternoon. The firm was not engaged in active business, having been in liquidation since May 15 last. The assets are stated to be \$302,842 and the liabilities \$300,000. If there is no shrinkage in the assets the firm will be able to meet all of its obligations. HAVANA, AUG. 19.—The Bank of Commerce of this city has suspended. PUEBLO, COLO., AUG. 19.—Bank Examiner J. Sam Brown to-day gave permission to the Central National Bank, which suspended July 15, to resume business on Monday morning. The American and Western national banks, which suspended the same day, have received permission from Comptroller Eckels to resume, and are rapidly complying with the conditions required. COAST GOSSIP. Senator White Anxious to Pass His Midwinter Fair Bill. WASHINGTON, AUG. 19.—Senator White will on Monday make an attempt to pass his Midwinter Fair bill. Edward J.
