

# THE MONEY

to its quantity. As a matter of fact, silver was not produced in such quantities as...

Such a plea was a mere pretense on the part of the banker and usurer to take in more than their share of the product of the labor of the world.

The speaker said the efforts of silver men had created more interest and been more successful than any one expected.

The meeting was held for the purpose of sounding a warning note that Congress might hear; it was held that the people of San Francisco might assemble, and by their presence give voice and weight to the protests now being sent from the great West to Washington, urging the Representatives...

When President Belshaw began his opening address the room was comfortably filled, but before he had finished there were many in the rear who were compelled to stand.

By means of a letter Congressman Bowers spoke to the audience there assembled. President Belshaw was the spokesman for the legislator, who is fighting the battle for silver at the nation's capital.

It would have done Mr. Bowers and other friends of silver good to have heard the cheer with which this was greeted, and it would also have been a warning note to those who seem bent upon legislating in the interest of Wall Street.

On the platform, resting upon a table immediately behind the speaker's desk, was a large roll of paper—a roll that to prevent spreading had to be tied up with heavy binding twine.

It was also announced from the platform that petitions were rolling in from the country, and would be forwarded with this document from here.

# INTERESTING TO WINE MEN.

How the Tests of the Exhibits Are to Be Made by the Jury.

The following are announced by telegraph as composing the jury on wines at the Chicago exposition: Delorme, Villandri and Vera, Spain; Silombra, Italy; Ribera, Portugal; Sturm and Coblenz, Germany; Lessee, Bonfort's Wines and Spirit Review; Madlener, Chicago; Campbell, Ohio; Schuler, Indiana; Collins, Kentucky; Corbin, District of Columbia; Pacheco, California.

It is reported that the external indicia of production and ownership are not to be the principal matter of examination, so that the jurors pass on the merits of the different exhibits with the labels on.

Timothy G. Phelps was received with general applause. He said it was self-evident that everybody in the country, with the exception of a few bankers, was in favor of the free and unlimited coinage of silver.

# OVER IN OAKLAND.

A Divorce That Created Surprise.

WAITED SEVENTEEN YEARS.

A Wife Who Lost Trace of Her Husband—Victims of the Flyer.

Berkeley Football.

A Railroad's Debt.

A certificate of increase of bonded indebtedness was filed by the Oakland, San Leandro and Hayward Railroad yesterday.

Yesterday the footballs went skimming over the campus for the first time this season, a few of the men beginning preliminary practice.

On Wednesday a decree of divorce was granted Mary F. Jordan by William H. Jordan by Judge Greene on the ground of willful desertion.

The case was not contested, the plaintiff being the plaintiff by the decree is awarded the custody of the daughter, Mabel, and the custody of the son, William H. Jordan Jr., is given to the father.

The matter of property interests and the custody of the children were amicably adjusted.

Mrs. Jordan leaves on Monday for an extended trip through the East, accompanied by two children, William H. Jr. and Mabel, and by Alice Jordan, the daughter of Mr. Jordan by his first wife, whose sad and sudden death years ago is still remembered.

Judge Elmer granted a divorce yesterday to Mary A. Lewis from her husband, Richard Lewis, on the ground of willful desertion.

Mrs. Lewis has since been remarried, and the return of her husband for the past several years, and she acts reluctantly in the matter of securing a separation from him.

The parties went to Virginia City early in the evening, where the gold miner was at his height and things were booming in mining circles.

For ten years she kept up a continual search for her husband, because she did not believe he intended to abandon her family. Once she located him at Susanville, but before she reached the town he had disappeared and all traces of him were lost.

Victims of the Flyer. Hugh McGrath, a laborer, 60 years of age, living at 1239 Twelfth street, in attempting to jump from the 10 o'clock train Sunday...

# TO SAVE CURTIS.

Footo and Wilson on Their Mettle.

Counsel Offer a Whole Day's Hearing in Their Efforts on Behalf of the Defendant.

If M. E. Curtis, at present on trial for the murder of Policeman Grant, is to go free, after two years of anxious suspense, he may thank the very able counsel he engaged to defend him.

The whole of yesterday's hearing was taken up by W. W. Foote and J. N. E. Wilson in their strenuous and eloquent efforts to convince the jury of their client's innocence.

When court resumed yesterday morning it was generally thought that the case would go to the jury in the evening, but the evidence of the witnesses for the prosecution was so strong that the jury was not called out.

Wilson made a grand effort in his client's behalf, which suffered a slight lull in the "sting of death and victory of the grave" he resumed his seat, it was with the conscious air of one who knows that he has "done his level best."

PERSONAL NOTES. Dr. E. S. O'Brien of Merced is at the Lick.

At a meeting of the Pacific Coursing Club held last evening the following dogs were drawn to compete at the races at Ocean View next Sunday.

"THE QUEEN OF TABLE WATERS."

# CHAIRMAN BELSHAW.

The meeting was called to order by M. W. Belshaw, president of the executive committee, who read the following list of vice-presidents: L. K. Ellet, Mayor of San Francisco; Captain William L. Merry, T. J. Jewell, Hon. T. G. Phelps, J. H. Nell, W. J. Raiston, Senator J. C. Campbell, Colonel Isaac Trumbo, Frank J. Cannon, T. J. Maxwell, M. A. Morton, Dr. W. F. McNutt, Charles W. Manwaring, J. M. Gray, John K. Orr, W. C. Price, Martin Jones, J. S. Lyon, C. W. Wetmore, M. H. de Young, B. F. Dunham, W. Edwards, S. Dixon, James L. Flood, Augustus Waterman, Charles Fish, J. C. Green, Major Frank McLaughlin, S. F. Curtis, Simpson Wendell, Joseph K. K. E. E. E.

# FRANK CANNON.

Frank Cannon of Utah commenced with a strong appeal in favor of maintaining the gold and silver ratio of 16 to 1. He had been struck that day by the number of unemployed in a procession going to Golden Gate Park. Their position was largely due to the insufficiency of the circulating medium. They declared that there were 10,000 unemployed in San Francisco. So there might be some money for all if the value of silver was maintained.
