TO THE SON OF AN EARL.

Brilliant Ceremony Performed in a London Church.

MANY MAGNIFICENT PRESENTS.

The California Girl and Her Husband Congratulated by the Elite of England.

LONDON, March 10.—The marriage of Miss Virginia Bonyne, stepdaughter of Charles William Bonyne of California, to Viscount Deerhurst, eldest son of the Earl of Coventry, took place at 2:30 this afternoon at All Saints Church, Ennismore Gardens.

Among the officiating clergy were Rev. Mr. Ravenscroft, the Earl's vicar, and Rev. Hugh Bennett, vicar of Croome, estate of Lord Coventry. The service was fully choral. The church was crowded with a representative and brilliant assemblage, which included Prince Christian of Schleswig-Holstein, many of the American colony and numerous representatives of the English aristocracy.

The bride, attended by four bridesmaids—namely, Lady Barbara Coventry, Lady Dorothy Coventry and Lady Alice Coventry, sisters of the bridegroom, and Miss Angela Maxwell—and a page, looked charming. She wore a beautiful gown of ivory satin, and her toilet included a priceless fichu of old crown lace, the present of Princess Christian. The bridesmaids' costumes were white silk trimmed with sky blue and hats en suite.

Hon. Thomas Coventry, the youngest brother of the bridegroom, was picturesquely attired as a knight in brilliant reception was held afterward at Mrs. Bonyne's house, and the fine rooms were filled with a distinguished gathering, all of whom heartily congratulated the young couple.

Late in the afternoon the Viscount and Viscountess Deerhurst left for Colne, in Essex, where the first part of the honeymoon will be spent. The happy couple will afterward stay for a time with the Earl and Countess of Coventry at Croome. When in town the Viscount and his wife will stay either at Mrs. Bonyne's or at Lord Coventry's. Their residence, which has not yet been decided upon, will be in the country.

Among those present at the ceremony and reception were: Princess Christian of Schleswig-Holstein, Lord and Lady Ashburton, Lord and Lady Burton, Hon. A. Baring, Lady Theresa and Miss Boyle, the Rev. A. and Mrs. Bonyne, Mrs. Cavendish Bentinck, the Dowager Countess of Craven, Lady Carey, Miss Chamberlain, Ladies Barbara, Dorothy and Alice Coventry, the Rev. G. The presents, many of which were very costly, numbered considerably over one hundred. MURDERED BY INDIANS.

A Ghastly Discovery Near the Nevada Line.

CARSON, Nev., March 10.—On Wednesday night or Thursday morning Mrs. Eggleston, aged 66, was horribly murdered at her home in Anolepe Valley, half a mile from Coleville, in Mono County, Cal. Thursday afternoon a lady called to visit Mrs. Eggleston. After knocking and receiving no answer she walked in and found the lady had been murdered.

WANTS IT BACK AGAIN.

Frederick Marriott and His Wife in Court.

SAN JOSE, March 10.—Frederick Marriott of San Francisco to-day began an action against his former wife, May Blanche Marriott, for the recovery of his interest in two pieces of property. The plaintiff alleges that he and the defendant were married in 1873, and in January, 1893, they were divorced in San Francisco. Marriott now claims that in 1899 he conveyed to the defendant his three-tenths interest in fifty acres of the Narvaez rancho, and a four-tenths interest in another tract of land containing seventeen acres, trusting in her fidelity to him, and upon the belief that she would reconvey the property to him when requested to do so.

OREGON POPULISTS AT WORK.

Their County Conventions Held and Candidates Nominated.

PORTLAND, March 10.—The Populists to-day held conventions in a number of the counties of the State for the purpose of nominating county tickets and electing delegates to the State convention, which meets at Oregon City next Wednesday. It is understood that the Populists will nominate a full State ticket and candidates for Congress. A large number of Democrats

throughout the State favor fusion with the Populists, and in the event that this is brought about, which is not unlikely, a number of the Populists will withdraw to make places for Democrats on the ticket.

The Populists held the balance of power in the Presidential election, and succeeded in electing one Presidential elector, who was induced by the Democrats. Encouraged by this success, they are preparing for a vigorous campaign in the State election next June.

THEY NEVER SPEAK.

Cleveland and Hill Pass by in Silence.

NEW YORK, March 10.—The Mail and Express' Washington special says: Since the President's return, Mrs. Cleveland has resumed her habit of taking him out riding. The favorite carriage is a non-descript sort of vehicle, a cross between a surrey and a victoria. The day the President arrived home Mrs. Cleveland had the carriage at the White House promptly at 5 o'clock, and they started forth for an afternoon drive. The carriage rolled out of the executive grounds on Madison place to Vermont avenue, and just as it reached H street, Senator Hill was crossing the wide plaza. He was obliged to stop to let the carriage pass and every one gazed to see what greeting there would be between the President and the Senator from New York. They both looked at each other full in the face, "and never spoke as they passed by."

DID A LOSING BUSINESS.

In Failing One Large Firm Drags Down Another.

BOSTON, March 10.—Morse, Smith & Co., prominent merchants, assigned to-day. Their liabilities are \$300,000. The firm is a result of the failure of J. R. Morin & Co., of Cedar Rapids, Iowa, who were the Western agents for the Boston firm. Mr. Smith said: "We were forced to the wall through carrying the Morin Company, who did business at a loss of \$100,000 for the last year."

WHEAT OF THE WORLD

There Was a Perceptible Shortage Last Year.

WASHINGTON, March 10.—Statistical returns of the Department of Agriculture for March consist principally of estimates of the distribution of wheat and corn and the amounts remaining in farmers' hands, the proportion of merchantable corn and the average prices of both merchantable and unmerchantable. The indicated stock of wheat in farmers' hands is 114,063,000 bushels, or 28.8 per cent of the volume of the crop of 1893. This is nearly 21,000,000 bushels less than the estimate for March 1 of last year and nearly 20,000,000 less than the average for the past eight years.

ARMOR PLATES TESTED.

Experiments That Show the Strength of a New Make.

WASHINGTON, March 10.—The Navy Department has tested the first armor plates completed by the new Harveyizing plant of the Carnegie Works. The plates do not represent any particular lot designed for a vessel, but are experimental plates. The experiment was continued at Indian Head. Only one plate was tested, being 10 inches thick and 8 by 10 feet. Three shots were fired from a distance of 300 feet. The first was a Carpenter 8-inch shell, a little longer than the ordinary shell, which struck the plate about sixteen inches from the top and the same distance from the inside, with a velocity of 1841 feet. The point of the shell was welded into the plate and fragments were scattered. Two slight cracks were inflicted upon the plate, neither touching the rivet-holes. An 18-inch Howitzer striking with a velocity of 2000 feet was the second shot. This also struck near the upper edge and was shattered, its point being welded into the plate, and two cracks, one from the shell to the bottom of the plate the other to the top, were made. The third shot was a 10-inch cast-steel shot, with a velocity of 1500 feet, and broke the plate, lifting the upper part over the oak backing and destroying that, the shell being smashed also.

THEY ARE AMBITIOUS.

National Guard Officers Anxious for Preference.

SAN DIEGO, March 10.—The election of Colonel and major for the Ninth Regiment, N. G. C., took place to-night in the armory of company B, under the direction of Major George F. Aldrich, and the number of seventeen were present, and these with the eight officers in this city comprise those entitled to vote. Colonel A. B. Spelman of this city, who has for four years held the chief office in the regiment, and Lieutenant-Colonel John R. Berry, also of this city, were the only candidates for election as colonel, and the contest was spirited, Spelman having a majority of but one vote. Berry will appeal to the adjutant-general, claiming that improper means were used to prevent his election.

DISCUSSING THE TARIFF.

Several Schedules May be Modified by the Committee.

WASHINGTON, March 10.—The Senate Committee on Finance met this morning to consider the tariff bill presented by the Democratic majority. They examined the details of the bill and discussed the salient features. The proceedings were entirely amicable and no points on which the committee was expected to divide were discovered. It looks as if it would be comparatively easy to arrive at an understanding at the time which the bill will remain in committee. Aldrich, after the committee adjourned, said they will begin the real work on Monday morning, and he thought it possible it could be concluded next week. The Republicans will try to secure some changes, and if successful will probably attempt more. They are hopeful that Mr. Pierson will join them in an attempt to modify several schedules. If he does this the bill will be amended as far as he is willing to co-operate with them.

CIVIL SERVICE IRREGULARITIES.

Chief Webster Will Make a Tour of Investigation.

WASHINGTON, March 10.—Chief Examiner Webster of the Civil Service Commission is en route to Kansas, where he will commence the work of instructing the local civil service boards in the Western States, and later will investigate the charges of civil service irregularities at San Francisco and other cities. Among the cities included in the tour of inspection are Denver and Trinidad, Colo.; Las Vegas and Albuquerque, N. Mex.; El Paso, Tex.; Tucson, Ariz.; San Francisco; Reno, Nev.; Portland and Roseburg, Ore.; Seattle, Spokane and Walla Walla, Wash.; and Helena and Miles City, Mont.

DISTRICT OF COLUMBIA BILL.

After Much Argument It Finally Passes the House.

WASHINGTON, March 10.—The House completed consideration of the District of Columbia appropriation bill to-day, and passed it after defeating the final effort of Dr. Armond to reduce the share of expense of the District to be borne by the General Government. The debate was devoid of general interest. After an unsuccessful effort by Sayers, chairman of the Appropriation Committee, to reach an agreement as to the limit of the general debate upon the sundry civil appropriations bill, a consideration of which will be given Monday, the House adjourned.

WITHIN TEN DAYS.

Bland's Seigniorage Bill Soon to Pass.

GROVER'S CUNNING COURSE.

Will Let the Measure Become a Law Without Signature.

ANTI-SILVER MEN SATISFIED.

While Mints Are Slowly Grinding on the Bullion It Will Be Good Campaign Material.

WASHINGTON, March 10.—[There is every indication that the seigniorage bill will be disposed of by the Senate during the coming week. The Senators generally feel that the action of the Senate late yesterday afternoon is sufficient reason to believe there will be no opposition to the bill sufficient to defeat it. The test vote was on an amendment to adjourn and in the interest of filibustering against the measure. It was voted down by a vote of 28 to 26, showing that the opponents of the bill were weak to an extent that will not even allow them to fight the bill with any effectiveness.

EXPLOSION OF BOMBS.

Two Men Killed by a Cartridge in Madrid.

Six Deadly Missiles Found in the Sand Near Herr Most's Residence in New York.

MADRID, March 10.—A dynamite cartridge was exploded to-day at Puentevelago, Province of Segovia, killing the alcalde or local judge, and the sacristan of the local church. It is believed to have been the work of anarchists. There were no arrests.

NEW YORK, March 10.—Three boys playing in the sand lots at Williamsburg, in an anarchistic neighborhood, near where Johann Most lives, found a tin box containing six bombs. One of the boys threw one at a bowler and it exploded, injuring the lad frightfully.

ROME, March 10.—A man acting suspiciously was arrested while entering the gallery at the Chamber of Deputies to-day. His pockets were filled with stones. The man, who gave his name as Forti, said the stones were souvenirs, but the police thought he meant to throw them at the Deputies. The doctors declared him a harmless lunatic.

FIGHTING IN ADVANCE.

Arizona Democrats Squabbling About the Senatorship.

PHOENIX, Ariz., March 10.—A meeting of the Territorial Democrat Statehood committee, which was called here for to-day to elect a chairman to fill the vacancy caused by the death of Chairman Parker, failed of its purpose for want of a quorum. The spathy of the members was due to a belief that the purpose of those calling the committee was to make war on the administration. An incident of the meeting was the struggle between the Zulick and Barnes factions over the United States Senatorship in the event of Statehood. Out of twenty-six members of the committee only seven were present.

ONE OF SAN RAFAEL'S PRETTY HOMES IS DESTROYED.

SAN RAFAEL, March 10.—The residence of Mrs. M. A. Jones, situated near the Hotel Rafael, was burned with its contents last night. Mrs. Jones smelled the smoke, and upon investigation, discovered the upper part of the house in flames, and she immediately gave the alarm. The fire company responded and every effort was made to save the house, but the fire had got such a headway that the efforts of the firemen were fruitless. The loss on the house and contents is about \$8000. Insured for \$5000.

MORALES HELD FOR TRIAL.

The Evidence Shows That Ozuma's Murder Was Deliberate.

RIVERSIDE, March 10.—Andrew Morales, the man who shot and killed Ramon Ozuma near Elsinore last Saturday, has his preliminary trial to-day. The evidence went to show that the killing was a cold-blooded affair, and Morales was bound over for trial in the Superior Court with bonds fixed at \$10,000. The prisoner, although in a tight place, takes matters coolly and was not in the least perturbed when he was held for trial, though it may lead to his execution.

PASSED A WORTHLESS CHECK.

A Los Angeles Attorney Said to Be Somewhat Demented.

LOS ANGELES, March 10.—M. V. Biscailuz, a prominent attorney of this city, was arrested for forgery by Constable Richardson this morning. Mr. Biscailuz was too ill to be removed, and he was placed under surveillance in his own house. There is a specific charge that he gave a worthless check for \$25 to Cohen Bros. Biscailuz is said to be a little demented, brought on by recent trouble with his wife, from whom he is divorced.

WEAVING THE WEB

McWhirter's Opinion of Heath.

WAS SUBJECT TO INFLUENCE.

The Widow Tells Who She Thought Was Responsible.

SHIELDING JUDGE HARRIS' NAME.

The Court Says That His Associate Has Been Mentioned Often Enough in the Case.

FRESNO, March 10.—Some testimony of a very sensational nature was elicited to-day at the trial of Richard S. Heath for the murder of McWhirter, the testimony in question being given by the widow of the murdered man upon her cross-examination by Attorney Foote.

"When they carried you husband into the house dying, did you exclaim, 'Why did they do this?'" asked Mr. Foote.

"No, I did," replied Mrs. McWhirter.

"Whom did you mean by 'they?'" questioned the attorney.

"Judge M. K. Harris and Reel E. Terry immediately came into my mind when I saw my husband was shot."

"What brought them into your mind?" "I felt that they were responsible."

"You felt that Judge M. K. Harris, Judge of one of the Superior courts of this county, and R. E. Terry had something to do with the death of your husband?" asked Mr. Foote, half interrogatively and half exclamation.

"That was answered once," said Mr. Johnston. Then without waiting for any reply from the witness Mr. Foote asked again: "You knew there had been trouble between Judge Harris and your husband?"

"I did."

"And you thought he and Mr. Terry had something to do with the killing?"

"I did."

"Do you think so now?"

"I do."

"Did you write a letter to some one in San Francisco in which you expressed the belief that Judge Harris was the owner of the pistol with the H and triangle on the handle?"

"I do not think I wrote any such letter as that," replied Mrs. McWhirter.

"Did you believe that Judge Harris had either done the shooting himself, or had got some one to do it?"

"I did."

"Do you think so now?"

An objection to this question was sustained by the court, and Foote then asked another question:

"Have you not said to persons that you did not believe that Heath had anything to do with the murder, but that he knew who had?"

"No, I did not say that."

Mr. Johnston here took up the redirect examination of the witness to inquire further into the matter, but the court sustained the objections entered by the defense.

"Did you ever hear your husband express an opinion of Heath?" asked Mr. Johnston.

"Yes, I heard him say Heath was a good fellow when sober and under the influence of good people, but when drinking and when under the influence of bad people he was a bad man."

Foote here took up the cross-examination and asked: "When did you hear your husband express that opinion of Heath and who was the occasion of it?"

"It was in the mountains and the occasion was when Mr. Baker and Mr. Heath had some trouble."

"Whom did your husband refer to when he spoke of the bad influence which made Heath a bad man?" asked Foote.

"He mentioned no one in particular."

"You thought he meant Judge Harris, did you not?"

"That is enough of Judge Harris," interrupted Judge Shaw. "Out of justice to my associate I will put a stop to it."

W. S. Raines was the next witness. He testified that he heard seven shots on the night of the tragedy. He also heard a buggy driving rapidly away from the McWhirter residence.

Katie Neilson, a domestic at McWhirter's residence at the time of the murder, told the same story as at the first trial. She was so upset by the occurrence that she remembered only three shots, the saw the flash of two, and their direction was toward the house.

S. S. Wright said he counted eight shots, W. S. Eastwood six or seven, and W. N. Rührer said he heard between six and eight. He was not certain as to the exact number.

Though Heath is in the custody of the Sheriff, he enjoys privileges not usually accorded to other prisoners. He goes out to his meals and for exercise, but sleeps at the jail.

RILEY WAS DISCHARGED.

The Shooting of Lawrence Botto Pronounced Justifiable.

SUTTER CREEK, March 10.—Andrew Riley had his preliminary examination here yesterday, being charged with murdering young Lawrence Botto, who was shot on Tuesday night. It appears that on the night of the killing Botto went to the fence in front of Riley's house and began swearing and abusing Mrs. Riley. The husband happened to be at home, and he picked up his shotgun, stepped out and shot his tormentor. Botto dying in about twenty minutes. Botto was known to always carry a weapon with him, and on numerous occasions he had made threats against Riley and his wife, and it was shown at the examination that Botto had hounded them for years.

YEARS IN THE NAVY.

Death of Sallmaker Henry Boutwell at Mare Island.

VALLEJO, March 10.—Sallmaker Henry Boutwell, U. S. N., and attached to the receiving-ship Independence at the Mare Island Navy-yard, dropped dead in a residence in Vallejo this morning. The deceased had been subject to heart trouble for some time past, but notwithstanding this he performed his duties on board the ship to the last. He was a native of Virginia, from which State he entered the naval service as a warrant officer at the breaking out of the rebellion. In 1881 Boutwell was transferred to the receiving-ship at the Mare Island Navy-yard, at which station he has served con-

tinuously since that assignment. The deceased was 60 years of age, and is reputed to have amassed a snug fortune while in the service. The interment will take place at the Naval Cemetery at Mare Island on Sunday afternoon with full naval honors accorded to officers of his rank.

HORSE AND RIDER WENT DOWN.

They Both Fall Forty Feet and Escape Uninjured.

PASO ROBLES, March 10.—For a horse and its rider to fall forty feet into a well and escape death seems almost miraculous, yet such an occurrence happened near this place to-day. John Lonsdale, aged 20, and another young man named Little were herding cattle in the canyon a mile west of town, where are located several old wells belonging to the city water company and which are loosely covered with thin boards.

Some cattle strayed away and young Lonsdale rushed his horse down the hillside into the canyon after them. The horse struck some of the boards over a well and the animal and his rider went crashing to the bottom, forty feet below. Lonsdale kept his seat until the horse struck the bottom.

Lonsdale's companion, who witnessed the affair, immediately went for aid, and the boy was drawn out of the well and said he was not hurt in the least. A rigging was set up over the well and the horse drawn out, and to the astonishment of all present the only injuries he had received were a few scratches on the front legs.

HELD COURT ON SUNDAY.

The Better the Day the Better the Deed.

RIVERSIDE, March 10.—For years past it has been the custom with the authorities at Banning and Beaumont, in this county, to try persons charged with a misdemeanor on Sundays and holidays. Last Sunday the practice was repeated by a Justice at Beaumont, and two men who were tried that day were committed to jail. The men sued out writs of habeas corpus, and the case was heard by the Superior Court to-day. The court promptly decided that the convictions were illegal and the men were discharged. The decision will also affect the Justices' courts of the surrounding counties, as this illegal method of doing business was generally practiced.

THEY HAD TO GO.

One Way of Dealing With the Chinese Question.

LOS ANGELES, March 10.—Sheriff Cline was aroused from his bed this morning by two Chinamen who begged that they had come from Rivera and appeared to be terrified and could hardly speak. Last night a party of masked men gathered at the ranch where they were employed and ordered them to get for their lives. As they ran away they said that the masked men fired at them and that three of their number were killed. Sheriff Cline has gone to the scene of disturbance, but has not been able to find any Chinamen, either dead or alive.
