

GALLOPERS' DAY.

Good Running Races at Sacramento.

CIRCE BEAT THE FAVORITE

In the Sunny Slope Stake for Youngsters.

RED, WHITE AND BLUE UNLUCKY

The Other Winners of Events Were Gracie S. Lovdal, Cadmus and Niagara.

SACRAMENTO, Sept. 7.—This was "gallopers' day" at the track. A large crowd was in attendance, and it witnessed some excellent sport. The fields were larger and the finishes fairly close. R. D. Brown was very fair considering the conduct of the boys riding in the different races, each one seemingly bent on getting off in the lead, which in a great part accounted for the delays at the post.

At 11 o'clock in the forenoon the first part of the ladies' riding tournament took place, and those who attended saw some excellent riding. The following young ladies took part: The Misses Glenn, Bradley and Berkey, of Sacramento, and Miss Ward of Oakland. The tournament will be concluded on Friday of next week. All are very skillful riders, and the judges will have no easy task in declaring the winner.

At 1 o'clock the pool-selling commenced for the first event on the card, the Sunny Slope stakes for two-year-old fillies, five-eighths of a mile. Eight fine-looking youngsters faced the starter's flag. In the pooling Piquante, carrying the red, white and blue of A. B. Sprackles, sold favorite, bringing \$25, Circo \$16 and the field \$11. This was the heaviest betting race of the day, the money pouring in like the pool boxes. The Sacramento betting public pinned their faith on Circo, and she was a strong second choice.

The horses went to the post at 2 o'clock, and after a delay of twenty-five minutes, caused chiefly by Planton's attempt to beat the flag, they were sent away to a fair start for all except Eulalia, who would not break, and Cecil S., who was left at the post. At the drop of the flag Playful showed in front a length in front of Circo and Lady Jane, the field well bunched. At the half Circo was leading a length, with Playful, Lady Jane and Piquante following in the order named. Entering the stretch Circo still led, running easily with Piquante, Lady Jane and Playful, and Lady Jane, in second place. Sullivan now started in to ride the favorite, but he could not catch the speedy Friar Tuck filly, who won handily by a length, Piquante beating Playful the same distance by the time. Time, 1:01 1/4. Playful ran an exceedingly good race on this, her first start.

The next race, a selling sweepstake for all ages, six furlongs, brought out twelve good selling platers. The betting was lively, because of the favorites in the preceding race seeking to retrieve their losses. The field, consisting of Border Lassie, Chevalier, Zoubar, Gladstone, Rubel, Garcia, Flush Han, Inkerman and Gracie S., sold favorite at \$35, Abi P \$27, Conde \$26 and Happy Day \$26. After considerable delay at the post they were dispatched to a very fair start for all but Garcia and Chevalier, on whom the boys pulled up and were left at the post. At the fall of the flag Gracie S. immediately went to the front, Border Lassie and Abi P two lengths back, the field well bunched. There was no relative change until entering the stretch, when Conde pulled out from the bunch and in a drive beat Abi P for the place, but could not catch Gracie S., who won by a length in 1:15 1/4. Happy Day, as usual, came very fast at the end and finished fourth.

The backers of the red, white and blue were again doomed to disappointment in the third race, a handicap for all ages, one mile and fifty yards. Pool-selling was a little slow on this race, because of the big brown horse being a little wary over the reports of Lovdal's fast work. Pools sold: Blizzard \$20, Lovdal \$19, the field \$10. After a tedious delay at the post, caused principally by Carmel's refusal to break, they were sent away to an excellent start. Passing the stand they were well bunched. Rounding the first turn Combs descended to take the inside position with Lovdal, but got out only a few yards. Blizzard and Zoubar led alternately to the stretch, where Lovdal came through, taking the lead, and was never pushed after, winning easily. Zoubar beat Blizzard for place in a drive by half a length. Time, 1:45 1/2.

The fourth race, handicap for all ages, six furlongs, had nine starters, and once more did the Sprackles stable bring out a favorite, but this time with better success. Pools sold: Cadmus \$60, Royal Flush \$20, Quirt \$20, field comprising Pescador, Emma D, Quarterstaff, Huntsman, Warrago and Alario \$30. Quirt led to the head of the stretch, followed by Pescador and Quarterstaff, but at this point Sullivan let go of Cadmus' head and he romped in the easiest kind of a winner by a length. Quirt was second, Emma D third, half a length back. Time, 1:15.

The last race for two-year-olds, five and a half furlongs, had four starters—Little Flush colt, Laurel, Niagara and El Tirano. Pools sold: El Tirano \$25, Niagara \$18, field \$11. To a good start Niagara and El Tirano ran head and head to the stretch, two lengths in front of the field, where Niagara pulled away and won easily by three lengths from El Tirano, who beat Laurel two lengths for place.

The Sunny Slope stake for two-year-old fillies, five furlongs, was won by Circo, by Imp. Friar Tuck, owned by C. L. Lovell, by Wild. Ide-Freelove, 105 (Combs), by Flamebeard. Pools sold: El Tirano \$25, Niagara \$18, field \$11. To a good start Niagara and El Tirano ran head and head to the stretch, two lengths in front of the field, where Niagara pulled away and won easily by three lengths from El Tirano, who beat Laurel two lengths for place.

Handicap for all ages, one mile and fifty yards. Pools sold: Cadmus \$60, Royal Flush \$20, Quirt \$20, field comprising Pescador, Emma D, Quarterstaff, Huntsman, Warrago and Alario \$30. Quirt led to the head of the stretch, followed by Pescador and Quarterstaff, but at this point Sullivan let go of Cadmus' head and he romped in the easiest kind of a winner by a length. Quirt was second, Emma D third, half a length back. Time, 1:15.

READY FOR WORK.

Democrats Organize for the Campaign.

FRANK H. GOULD IN CHARGE.

Chosen Chairman of the State Central Committee.

DULL DAY AMONG REPUBLICANS.

Colonel Burns Gone to the Capital. S. G. Millard Visits the Party Headquarters.

Prominent Democrats were thick at the State clubrooms in the Flood building yesterday, when the State Central Committee met for organization. James H. Budd, Dennis Spencer, Jose Castro, John H. Wise, Frank Moffitt, T. C. Coogan, P. H. Gould and other well-known men talked Democratic politics and promised a vigorous campaign. Jose Castro, whose farms have been exhibited in the city as a campaign joke by political enemies, is, perhaps, the most striking looking man in the party. He has a large game in his hand at San Luis Obispo it is probably doing a good business, for Mr. Castro wears fine diamonds and in every way looks as substantial as the State treasury which he hopes to take under his charge.

Max Popper, chairman of the old State Central Committee, was undergoing an investigation by the Grand Jury out of the new City Hall and could not be present to call the assembled Democrats to order. No call was made, and the Federal brigade performed that duty as vice-president, and then Martin de Vries arose to nominate a chairman for the new body. He said that the chairman of the Democratic State Central Committee should be a man of great firmness of character. He should also be a man who held the confidence of the people, and who possessed the highest executive ability. Such a man, he concluded, was Frank H. Gould of Stockton, whom he desired to place in nomination for the position.

In seconding the nomination of Gould John W. Mitchell of Los Angeles said: "We want a man who will make an earnest combat for the supremacy of Democratic principles. With an aggressive man at the head of the campaign Los Angeles County will be for the banner Republican county. I believe that Frank H. Gould will do as much as any man could to win this election for the party, and I therefore second his nomination."

No one else was mentioned for the place and Gould was elected by acclamation. He was introduced to the committee by Mr. Weiburn and on taking the chair thanked the committee for the honor. He said he felt that there were many more in the party far better qualified to lead the Democratic fight to victory than himself, but since the committee had said that he should undertake the task he would use every energy and ability to secure a scholastic success. "With such a candidate for Governor as we have and such principles as we represent, I think there can be but one result—victory."

Major Burke of Los Angeles offered a resolution empowering the chairman to select a secretary and such assistants as might be necessary, and the resolution was adopted without dissent. James H. Budd, on behalf of the candidates for the State ticket, moved the election of E. V. Conant, H. T. Fortman, M. F. Tarpey and Robert Barnett as a finance committee, under the requirements of the party's constitution. The committee was elected unanimously on a rollcall.

Chairman Gould then announced as the secretary of the committee John Markley of Sonoma, and R. P. Troy as assistant.

Mr. Troy said that he could not accept the position, but in reply Mr. Gould apologetically said that he had overlooked the fact that Mr. Troy had been secretary of the former committee, and that there might be some delicacy about accepting a less important position this time. He hoped that Mr. Troy would accept the position of corresponding secretary. Troy made no further objection, and it was so ordered.

A communication from P. Harrington of the Thirty-third Assembly district, asking that he be declared the representative of the district in the State committee, was received. Harrington said the district committee had been unable to agree on an appointee.

On Gavin McNaught's motion the matter was referred back to the district committee with power to draft a form or certificate of nomination, to be filed by candidates with the Secretary of State.

Marion de Vries, W. J. Magee and T. C. Coogan were appointed a committee to examine the blanks for the certificate of nomination of the members of the finance committee.

The committee then adjourned to the call of the chair. Chairman Gould said after the meeting that he would appoint an executive committee to-day, and that committee would make arrangements for State headquarters. He said, however, that this arrangement has been postponed, and that the headquarters will be at the California Hotel.

The committee also adjourned to the call of the chair. Chairman Gould said after the meeting that he would appoint an executive committee to-day, and that committee would make arrangements for State headquarters. He said, however, that this arrangement has been postponed, and that the headquarters will be at the California Hotel.

STRIVING TO WIN.

Tennis Tournament at San Rafael.

THE PET GAME OF SOCIETY.

Pacific Coast Championship Is at Stake.

SOME BRILLIANT LADY PLAYERS

Singles and Doubles Well Demonstrated the Ability of Californians as Tennis-Players.

Society does not require to be coaxed to sit for hours and gaze upon a lawn tennis tournament, because lawn tennis is society's pet game of athletics, and society believes in encouraging it, with its presence at least. And then of course it affords an excellent opportunity for society to attire itself in breezy costume and manage to look cool and refreshing, even though the thermometer be registered at ninety in the shade, and society could not possibly overlook that important adjunct of the game. The rules fallow to provide for base sliding, diving wedges or home runs, the picturesquely attired players find it possible to emerge from a tournament with their complexions intact, and an entire absence of mud and dust adhering to their persons, and once again society smiles approvingly at its choice of outdoor athletics.

San Rafael has an unenviable record for heat, but in spite of this drawback the tennis court adjoining the Hotel Rafael was filled yesterday with hundreds of spectators, the occasion being the fifth annual championship tournament of the Pacific States Lawn Tennis Association. Ladies' singles and gentlemen's doubles were the attractions of the day, and society had a snap from 10 in the morning till almost sunset. There was an entire absence of angry howling at the use of unparliamentary language, and an excellent exhibition of tennis-playing from start to finish.

The championship is a prize well worth striving for, and, as a matter of fact, the players appeared one after the other determined to climb the ladder of tennis fame or know the reason why. Miss Beal, the present lady champion, kept an eagle eye on the result of the ladies' singles from a shady corner of the stand, and Messrs. Hardy and Hardy, the present doubles champions, kept their eyes on the all-comers' doubles till their eyes gave out and they were obliged to don green goggles. And in the meantime society succeeded in doing some excellent work.

Just as nature prompts young children to cry and grow irritable when hungry, so poorly fed, overworked nerves cry out for their proper food by twinges of rheumatism and neuralgia. It is nature's language in such cases. Just as the fretting, crying child drops to refreshing sleep after being properly fed, exactly so the nervous system feels right away the equalizing, restoring action of Paine's celery compound.

A fair trial of this greatest of all remedies brings strength to tired, "run down" men and women, and frees them permanently from debility, heart palpitation, dependent feelings and inability to sleep because of nervous weakness.

Mrs. S. E. Welch of Lynn, Mass., whose portrait appears above, writes as follows: "I was taken ill last January with the grip and it left me with the rheumatism in my hands and feet. My feet were swollen so bad and were so sore that I found it hard work to walk. My husband brought me home two bottles of Paine's celery compound. Seeing that it was doing me good, I continued its use until I had taken five bottles when I was free from rheumatism and have not had any since."

"To-day I can truly say that I am as well as I ever was in my life." That's it. Paine's celery compound makes ————

There are thousands of tired women to-day on the verge of breaking down because they are martyrs to their own false ideas of domestic duty. They are slaves to their homes; and their exalted notions of absolute order and cleanliness keep them from morning to night upon the rack of mental and physical torture until they grow old, carraworn, nervous, irritable and sickly in their foolish struggle with dust. Only the exceptionally strong can stand the debilitating effect of overheated rooms, lack of fresh air and exercise, over-burdened stomachs and the artificial, nervous, hurried life of so many good wives and mothers.
