"JUMBLED."

Among the many symptoms of eye defect none is more trying on that delicate organ, and none more alarming to those familiar with the eye and its ailments, than is that condition where objects become "jumbled" at close range. At times clear and distinct; again blurred and waivering. This is usually brought about by long abuse, is a timely warning that the eyes have almost reached the limit of endurance.

The celebration held in the Park in this city was attended by about 250 people. The pleasant shade and fine grass, on which to lie made it a very pleasant resort. The exercises consisted in songs, and speeches by Rev. J. W. Megan, Geo. C. Burns and Judge H. M. Sullivan. A basket dinner was spread upon the grass and much enjoyed by all. A good time generally was had by those present and all went home sober.

During yesterday's rain this locality was visited with some of the largest hail stones that have been seen here for years. Many that were measured were from 9 to 12 inches in circumference and weighed from eight to twelve ounces. It is reported that Tom Sorgenson had a turkey's head cut square off by one of the large hail stones and in his, and John Sanderson houses hail penetrated the shingle roof. Considerable damage is reported from hail in the vicinity of Custer Center, the north table and east of the city.

First Nebraska Homeward Bound

Stewart Lanterman, of Co. M, Left Behind on Account of Sickness

The following telegram July 1st, to the State Journal, from assistant Secretary of War, George D. Meikjohn says: "I am gratified to advise you that the Hancock, with the First Nebraska left Manila yesterday for San Francisco with forty-two officers, eight hundred twelve enlisted men. Nebraska left in Manila one sick private, Lanterman, Company M, one deserter and thirty discharged.

The following from General Otis confirms the above.

WASHINGTON, July 2.—The following dispatch from General Otis was received by the war department:

MANILA, July 2, 1899.—Transports Hancock and Senator, with Nebraska, Pennsylvania and Utah, left for San Francisco yesterday; Nebraska forty-two officers, 812 enlisted; Pennsylvania thirty-four officers, 258 enlisted. Nebraska left in Manila one sick, Private Lanterman Company M, thirty discharged; Pennsylvania seven discharged; Utah, twenty-nine discharged.

The following from Associated Press gives further information concerning the regiment, it says. The Nebraska boys were ready for the homeward journey a week ago, but were delayed by the failure of the Utah battery to embark. The Hancock is the fastest sailer in the transport fleet, and it is believed every effort will be made by her skipper to break his own record in the run between Manila and San Francisco. If he succeeds in this the Nebraska and Utah volunteers will sight the Golden Gate on Saturday, July 22. They will be mustered out in California and will proceed to their homes with probably no delay. The Hancock is not likely to be delayed in quarantine, and it is probable that the officers of the regiment will have all their papers ready for the mustering office by the time the troops are ready to embark. There is every reason to suppose, therefore, that the gallant First will reach Lincoln somewhere between the 25th and 1st of August. Press dispatches announce that some thirty of the boys have elected to remain with General Otis. These will become a portion of the auxiliary army which will reinforce the regulars.

Another report says: The transport Hancock, which left yesterday with the First Nebraska infantry and batteries A and B of the Utah light artillery, and the transport Senator, which carries the Pennsylvania troops, will remain several days at Nagasaki and Yokohama, Japan.

Mandolins, three only left; no room for them; they go at one fourth price. Pastel and oil pictures go for less than cost of frame. Iron beds \$1.50 to \$7.50. I buy all kinds of goods, and advance money on any article of value. A.W. DRAKE.

Over the Rockies to California.

If you would enjoy your trip to Los Angeles see to it that your ticket reads through Denver and Salt Lake City. Being the most elevated of all the direct lines to the Coast, it is coolest and freest from dust. Penetrating the very heart of the Rockies, it surpasses all others in beauty of scenery. Low rates late in June and early in July. Ask the nearest Burlington Route agent about them. Information and California literature on request. J. Frances, General Passenger Agent, Omaha, Neb.

Sixty per cent increase in our trade in June this year, compared with June last year, is a very satisfying indication to us that our efforts to furnish the people with fresh up-to-date merchandise are being appreciated. During July and August we shall offer many bargains to close out different lines of summer goods, all of which you will find to be bright, fresh goods, free from the dingy, shelf worn appearance which has become so prevalent of late in our midst.

Saturday, July 8th, we will place on sale the balance of the stock of Summer Wash Goods, consisting of Organdie Imperials, Dimities, Organdie Japonaise, etc., ranging in price from 10c to 35c. All go on sale Saturday, at the uniform price of 7c per yard. 1,000 yards Lancaster LL Muslin, quoted by some merchants as being the best grade of LL Muslin—we call it a fair third quality—on sale Saturday, 10 yards for 25 cents. You need Ribbons every week in the year. We have just received a nice assortment of fancy Ribbons, in Nos. 5 and 7, worth 10c and 12½c, which we have placed on sale at 6c per yard.

We have just received our first large invoice of Shoes for fall. For Shoes that fit and Shoes that wear, Shoes fresh from the factory, come to us.

800 pairs sample Gloves just received from the factory. These gloves were made for samples, and have been used as samples by traveling salesmen—are slightly soiled but not damaged. Every merchant knows that the gloves he gets are not as good as the sample he looked at when buying his glove stock. A sample line of gloves are made to show up quality well, while the gloves in stock are made to "fill orders with." We bought this line of sample gloves at a discount, on account of their being slightly soiled, and will give our customers the benefit by selling them at just about the factory wholesale price. THE BEST GLOVES YOU EVER WORE, THE LOWEST PRICES YOU EVER SAW, EVERY CONCEIVABLE STYLE. BUY A PAIR.

Yours for Midsummer Bargains, North Side. Wilson & Drake.

Through Tourist Sleepers to the northwest.

The Burlington Route has established a twice a week tourist car line from Kansas City to Butte, Spokane, Tacoma and Seattle. Cars leave Kansas City, Lincoln and Grand Island every Tuesday and Thursday, arriving at Seattle following Friday and Sunday. They are upholstered in rattan. The bed linen and furnishings are clean and of good quality. The heating, ventilating and toilet arrangements are all that can be desired and each car is in charge of a uniformed Pullman porter, whose sole duty is to attend to the wants of passengers. Cars run through without change of any kind and the berth rate from Lincoln to Tacoma or Seattle is only \$5.00. For intermediate points, it is proportionately low.

Montana and the Puget Sound country are now enjoying a period of unexampled prosperity. As a consequence, travel to the Northwest is rapidly attaining large proportions. This new tourist car line has been established with a view of caring for the Burlington's share of it in the best possible manner. Berths, tickets and full information can be had on application to any Burlington Route ticket agent or by addressing J. Francis, G.P.A. Omaha, Neb. June 26th.
