Ayer's Hair Vigor
What does it do?
It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended.

It cleanses the scalp from dandruff and thus removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.

It Prevents and It Cures Baldness

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.

Would you like a copy of our book on the Hair and Scalp? It is free.

If you do not obtain all the benefits you expect from the use of the Vigor write the book to you free.

MOVEMENTS OF DEWEY

The Admiral and His Flagship Journeying Home.

DISTINGUISHED HERO AT NAPLES.

American Consulate Officers Pat Off in Launch to Tender Welcome—Admiral Is Serenaded by a Troop of Minstrels Drawn Alongside—Banquet in His Honor.

NAPLES, Aug. 7.—(New York World Cablegram.)—In the morning mist, with Veuvius obscuring the light of the rising sun, the Olympia entered the bay, anchoring well out from the piers, at 6 o'clock. Consul Byington went aboard at 9 and the admiral sent off Ensign Scott to inform Mr. Iddings, our charge d'affaires at Rome, that the launch was at his disposal. Iddings, with Mr. Parsons, the secretary, went out on the launch. Consul General Decastro and the vice consul general at Rome and Consul Gaughy at Messina also paid their respects, making a little American party, which, after seeing the ship, formed a group around the admiral, who was much amused by the singing of itinerant minstrels, who came alongside the boat, reaping a harvest of coppers. Then came a tourist party, an afterward Vice Admiral Gonzales, commanding the department, Signor Cavasola, the prefect, and General Bagliola.

At 3 Admiral Dewey returned the minister's, prefect's and general's call, accompanied by Flag Lieutenant Brumby and Captain Lambertson.

At today's dinner the guests will be the resident consuls, Dr. Heiser of the Marine corps, sent here to inspect immigrants, and Admiral Gonzales, Prefect Cavasola and General Bagliola, besides the admiral, Brumby, Lambertson and four other officers. The Olympia dinner will be private. There will be no speeches, merely the toasts of the president, the admiral and the king of Italy being drunk. Some night next week Iddings will have the admiral and officers over at his summer place at Sorrento for an entertainment, consisting of music and dancing in native costumes.

The admiral took the greatest care of the officers' and men's wishes and so far as possible granted them leaves freely, seeming to enjoy arranging their holidays. He insisted that Father Bruney, the chaplain, must go to Rome, where Sunday is a great day of his church, and other signs of his regard for his men were given.

Lewis M. Iddings, secretary of the United States embassy, and Mrs. Iddings, who arrived here from Rome for the purpose of welcoming Admiral Dewey, gave a banquet in his honor at the Hotel Royal. The room was richly decorated with flowers and hung with American and Italian flags.

The eighteen guests included Lieutenant General B. Bagliola of the Twentieth (Salzorne) military division, Vice Admiral Gonzales, commander in chief of the Naples Maritime department; the prefect of police of Naples, Captain Benjamin F. Lambertson and four officers of the Olympia; R. C. Parsons, second secretary of the embassy; H. Decastro, United States consul general at Rome; A. H. Byington, United States consul at Naples; Charles M. Gaughy, United States consul at Messina, and Dr. Heiser.

Mr. Iddings toasted King Humbert, President McKinley and Admiral Dewey. There were no set speeches.

PENSIONS OF THE LAST WAR.

A Nebraska Soldier of the Spanish War Gets \$30 a Month.

WASHINGTON, Aug. 7.—In the list of pensions granted by the department at Washington, and published Saturday, appears the name of Clarence Reed of Red Cloud, Neb., who has been granted a pension of \$30 a month, for injuries received during his service in the army in the late war between Spain and the United States. The regiment to which Mr. Reed was attached does not appear in the official announcement of the granting of the pension.

Wyoming Will Want the Corn.

CHEYENNE, Wyo., Aug. 7.—Governor Richards has returned from a three weeks' trip through Kansas, Missouri and Texas to the Gulf of Mexico, where at Tarpon City he spent several days catching tarpon. Governor Richards says the immense corn crop of the states he passed through insures a big demand for Wyoming, Colorado and other western states' feeders, both in sheep and cattle, and a consequent continuation of good prices in the live stock industry.

Cavalry to Go to Manila.

FORT MEADE, S. D., Aug. 7.—It is rumored here that the First Cavalry, stationed here, will be ordered very soon to go to the Philippines. For some time the canteen has been disposing of everything, and the troops are gradually getting in shape to move at a moment's notice. This is one of the crack regiments.

Joint Inquiry in Transvaal.

LONDON, Aug. 7.—A special from Johannesburg says: It is reported that the government has accepted the proposal for a joint inquiry and has suggested that France, Germany, Russia and Holland be asked to send representatives to take part in the investigation.

The Kansas Corn Crop.

TOPEKA, Aug. 7.—Secretary Coburn of the state board of agriculture has issued a bulletin, based upon reliable reports from correspondents throughout the state, in which he states the present condition of the Kansas corn crop to be 99.63, with prospects for the greatest yield ever known in the history of the state. The average of corn is 8,234,560 and the estimate yield per acre, forty-four bushels, which would give the astonishing total of 362,000,000 bushels, or three times the yield of last summer and almost 100,000,000 bushels greater than the banner year of 1889.

President May Appoint.

WASHINGTON, D. C., Aug. 7.—The following Nebraska postoffices will become presidential offices October 1: Bancroft, salary of postmaster, \$1,000; Plainview, salary of postmaster, \$1,100; University Place, salary of postmaster, \$1,000; Table Rock, salary of postmaster, \$1,000.

Carpenter Falls 35 Feet.

OXFORD, Neb., Aug. 7.—While working on the B. & M. 100nd house C. H. Chase, one of the company carpenters, fell a distance of thirty-five feet, seriously injuring him about the head and shoulders. He is a resident of Lincoln and will be taken home as soon as he is able.

Boys Become Intoxicated.

BEATRICE, Neb., Aug. 7.—Five lads, ranging in age from 13 to 16 years, were arrested by the officers here on a charge of being drunk. They were lodged in the city jail for the night and at their trial the quintet were all fined \$5 each. They will be compelled to lay out their fines unless their parents come to the rescue.

Corn 60 Bushels Per Acre.

HARBINE, Neb., Aug. 7.—This portion of Nebraska has the best prospect for the largest yield of corn per acre we have ever had. The stand is perfect and sufficient rains have kept the ground in excellent condition. The recent rainfall was over three inches. Corn is well along, and with a few more light rains it will make an average yield of sixty bushels per acre.

Tall Cornstalks.

YORK, Neb., Aug. 7.—York county never raised larger corn stalks nor ever had brighter prospects for so large a yield of corn. Corn stalks measuring eleven to twelve feet are the rule, but there are a number which measure from thirteen to fifteen feet high and fully two inches thick, on which are ears of corn looking as long as a boy's arm.

May Yet Become Murder.

FALLS CITY, Aug. 7.—Policeman Stump, who was shot several days ago by an unknown man, is growing worse. There is scarcely any hope for his recovery. John Hirst was set at liberty, as no case could be made against him. It is thought that a man by the name of Quimby set the would-be murderer across the river, but as yet Quimby will not tell who the party was. The officers hope to induce him to inform.

Report on Platte County Schools.

COLUMBUS, Neb., Aug. 7.—Superintendent L. H. Leavey has just finished his annual report of the schools of Platte county. The report is for the school year ending July 10, 1899, and shows that the total amount of money received from all sources during that time was \$91,174.52, and the total expenditure during the same time was \$70,471.81. The total value of all school property in the county is given at \$113,674.45.

Rainfall Quite General.

LINCOLN, Neb., Aug. 7.—Reports received from the Nebraska weather station indicate that the recent rainfall was quite general over the state and of generous proportions. At Columbus two inches fell, at Aurora 2.5, Kearney 2.4, Ashland 1.1, Benkelman 1.2, Broken Bow 1.8, Central City 1.5, Curtis 1.8, Greeley 1.74, McCook 1.12, Palmer 1.3, Alliance 0.3, Arapahoe 0.54, Burwell 0.62, Erierson 0.42, Hartington 0.24, Hastings 0.3, Holdrege 0.8, Imperial 0.8, Lincoln 0.1, Loup City 0.8, North Platte 0.52, Oskaloa 0.42, Omaha 0.8, Plattsmouth 0.54, Schuyler 0.26, Seward 0.64, Tekamah 1.12, Valentine 0.08.

Platte Canal Feasible.

WAHOO, Neb., Aug. 7.—The Fremont Canal and Power company filed, by their secretary, J. F. Hanson, with the county clerk of this county the duly authorized permit from the secretary of state, to construct a big reservoir in the northern part of this county, partly on a fine farm belonging to W. J. Harmon. The reservoir will cover an area of 700 acres to an average depth of 40 feet. The greatest depth will be 120 feet. The power capacity will be nearly 700,000,000 cubic feet. Preliminary surveys have been made and the plan is perfectly feasible. The topography of the country is such that an immense power plant could be constructed at a minimum cost.

Gold Dust for Nebraska Farms.

LYONS, Neb., Aug. 7.—Charlie P. Osberg of Dawson City, Alaska, a brother to N. G. Osberg, living near town, with Anthony Crown, a partner associated with him in mining property there, are trading their gold dust for Nebraska farms. Mr. Osberg and his three partners, Crown, Nelson and Armstrong, are practical miners. They went to Alaska from Cripple Creek, Colo., two years ago, locating claims about twelve miles from Dawson in partnership, each working his own claim, with the understanding that the one that struck pay dirt was to share equally with the others. Mr. Osberg's claim proved the bonanza, the thirty days' clean-up from his mine amounting to \$45,000. Mr. Osberg and Crown came out to invest the money in farm property, which they did in the name of the four partners, and returned to Alaska this morning.

Not to Have an Opera House.

HARVARD, Neb., Aug. 7.—It has been demonstrated that the people of Harvard do not want an opera house; that is to say, they do not want to furnish the price. For nearly four weeks J. S. Rose of Des Moines has been in the city working up the interests of the Highland Nobles, a fraternal beneficiary organization. He made a proposition to the citizens' opera house committee to organize a lodge of 250 members and guarantee the erection of a commodious opera house, if the citizens would subscribe \$1,000. Only about \$400 could be raised.

Killed in a Runaway Accident.

FREMONT, Neb., Aug. 4.—James Cheezem died at the hospital in this city, from the effects of injuries by being run over by a runaway team. He was 77 years old.

The State Assessment.

LINCOLN, Neb., Aug. 4.—The state assessment made by the state board of equalization is divided among the various funds as follows: General fund, \$845,529.45; sinking fund, \$98,043.11; university fund, \$169,105.91; school fund, \$174,114.02; total, \$1,286,792.55.

New Disease Among Cattle.

SHELTON, Neb., Aug. 4.—Much apprehension is expressed over a new disease which has made its appearance among cattle in pastures in this vicinity, one stockman having a large number of cows which have gone blind. A fine bull is also affected in like manner. What the malady is no one seems to know.

Corn Badly Lodged.

PLAINVIEW, Neb., Aug. 4.—A heavy rain fell here. It was accompanied with a hard wind, which blew almost straight from the north. Corn is badly lodged over and small grain uncut is badly down. The largest part of the small grain is in shock. Oats are very heavy. Wheat is good straw, but will not be as heavy yield as at first anticipated.

She Gets the Child.

BEATRICE, Neb., Aug. 4.—In the circuit court a habeas corpus case involving the custody of a 2-year-old girl was heard. The child's mother died about a week ago and the contention was between Eugene Ames, father of the child, and William Hanver, her grandfather. The court directed that the child be given into the custody of its father. The parties to the case are from the vicinity of Diller.

Postoffice Robbed.

WILCOX, Aug. 4.—Sunday night the postoffice at this place was entered by burglars and an attempt was made to force open the safe, but for some cause the burglars did not succeed in getting the drill in but about half an inch. The till was opened and \$6.80 secured. The Beatrice bloodhounds were sent for and the trail was taken up and followed to Holdrege, sixteen miles, where the parties had taken the train.

Tremendous Rain Storm.

NOBARRA, Aug. 4.—A tremendous rain storm, accompanied by a high wind, visited this section. The wind did no damage. The rain came just in the nick of time, as corn, which was looking fine a week ago, was, under the excessive hot, dry winds, beginning to curl, especially in places where the soil is light and sandy. This last rain has changed the outlook very much, and it looks now as though there will be an immense crop.

The Soldiers' Reunion.

LINCOLN, Neb., Aug. 4.—Chairman H. C. Russell of the program committee for the Grand Army reunion has about completed the order of exercises for reunion week. The committee has invited President McKinley to come and it is believed if he decides to take a trip through the west he will be present at the reception for the First Nebraska volunteers. Congressmen Hegburn and Henderson of Iowa and Congressman James B. Belford of Colorado are also expected.

The Coming Soldiers' Reunion.

WYMORE, Neb., Aug. 4.—The various committees are hard at work getting things in readiness for the annual reunion of the Southeastern Nebraska Veterans' association, which will be held at Horsehoe park, in this city, for six days, beginning August 21. The railroads have made a rate of one fare for the round trip and thousands of people are expected. Letters have been received from many parts of Kansas, Missouri and Nebraska, and the writers say they are coming in a body.

Fatal Accidental Shooting.

STROMSBURG, Aug. 4.—Clark Pession, youngest son of Rev. and Mrs. J. H. Pession of this city, shot himself by accident and was instantly killed. He was 22 years old and had always lived with his parents, they moving here from Pawnee City three years ago. Young Clark was assistant bookkeeper in the Farmers' and Merchants' bank here for two years, until about a month ago he resigned on account of poor health. There was an old revolver about the house that had not been in working order which he had been repairing and it was this that was the cause of his death.

Capt. Burton Reported Relieved.

WYMORE, Neb., Aug. 4.—Word has been received here to the effect that Captain A. F. Burton of Company B, Fifty-first Iowa volunteers, has been relieved from the command of his company and that he is now in Manila awaiting a dishonorable discharge. The news comes in private letters from members of Company B, which states that Captain Burton was relieved because he showed himself to be a coward. At the time the war broke out he was superintendent of the Wymore schools and two weeks before the schools were to have closed he suddenly disappeared, and when next heard of he had gone to Des Moines, Ia., where he had been made captain of Company B, which is from Villisca, Ia., his old home.

Broken Arm Causes Return.

WYMORE, Aug. 4.—John With, who on the 24th day of last March assaulted Michael Kenin and who ran away when it was thought the old man would die from the assault, returned home last week and was arrested, brought to the city and tried before Judge Southwick, who fined him for the assault. The fine was paid and then the young man, a minor, ran away to Salt Lake after committing the assault. A broken arm caused his return home.

State Senator Gerard C. Brown of York, Pa., who was gored to death by an infuriated bull, left Yale when only 18 years old, on the day following the bombardment of Fort Sumpter, and began raising a company before Lincoln had issued a call for 75,000 volunteers. He served as first lieutenant of Company G, Thirty-eighth regiment, New York state volunteers, and was honorably discharged on September 20, 1861.

Dewey Bought a Ticket.

When Commodore Dewey left Washington in November, 1897, to take command of the fleet in the Pacific ocean, he did not ride on a pass or a half rate ticket. Being a personal friend of S. B. Hege, General Agent of the Baltimore & Ohio passenger department in Washington, the now famous sea fighter, bought two first-class tickets from Washington to San Francisco via the B. and O., Chicago and North-Western, Union Pacific and Southern Pacific lines. Lieut. Brumby accompanied the admiral and they departed on November 27. Some time ago, Manager of Passenger Traffic D. B. Martin of the Baltimore and Ohio Railroad, set out to collect the coupons of the ticket and only recently secured all of them. He has had the ticket, containing Dewey's signature, lithographed, and is issuing fac similes as souvenirs.

Per-una has no equal in all of the irregularities and emergencies peculiar to women caused by pelvic catarrh.

Remember that cholera morbus, cholera infantum, summer complaint, bilious colic, diarrhoea and dysentery are each and all catarrh of the bowels. Catarrh is the only correct name for these affections. Per-una is an absolute specific for these ailments, which are so common in summer. Dr. Hartman, in a practice of over forty years, never lost a single case of cholera infantum, dysentery, diarrhoea, or cholera morbus, and his only remedy was Per-una. Those desiring further particulars should send for a free copy of "Summer Catarrh." Address Dr. Hartman, Columbus, O.

In "The Progress of the World," the editorial department of the Review of Reviews for August, the questions connected with the Manila censorship and Secretary Alger's resignation are discussed, and also the differences between Secretary Gage and the Civil Service Reform league. There is also some comment on the Buffalo conference of political and social reformers.

The North American Review for August is remarkable for the number and diversity of subjects of present interest which are represented in its pages. Some of the most important events and movements of the time are discussed in it by those who are either closely associated with them or have made a special study of them; and, at the same time, as befits a magazine intended for summer reading, it contains several brilliant articles of an entertaining character on literary, dramatic, artistic and athletic themes.
