Bachelor's buttons at the B. & M. Pharmacy. Just the thing for railroad men and bachelors. No sewing on of buttons.

The regular monthly meeting of the Board of Trustees has been changed to the first Monday evening of each month, instead of Tuesday, as heretofore.

The "three-cent rate" law went into effect the 1st of June. The rate applies as far west as McCook; from this point west, however, the rate remains at four cents per mile.

Three fine little bunches of mixed cattle were driven through our town, last Saturday, for the west. Many of the cattle had the appearance of being well graded stock.

A gentleman from St. Louis, Capt. Hill by name, made entry upon eight claims near the town of Imperial in Chase county, last week, for himself and a number of soldier friends.

THE TRIBUNE has the very best facilities and workmen for doing Job Work in Southwestern Nebraska. We guarantee neat and tasty work, and entire satisfaction in execution and prices.

A special train composed of three Pullmans, a smoke and a baggage car, carrying Theodore Thomas and company of celebrated singers and orchestra passed through this station, Tuesday morning.

The City Bakery is in receipt of a car-load of the "Cream" and "Fancy" brands of the celebrated Grand Island Flour—the house-keepers' delight—and the finest flour offered for sale in the city.

The inevitable subscription paper has been around again. This time to aid those who suffered by the Richman canyon disaster. Our people as usual gave liberally of their means to this worthy cause.

We suggest that the old saw, "you can't escape taxation and death," be amended so as to read as follows: "Three things are inevitable, the subscription paper, taxation, death." Observe the order of refined cruelty.

Please observe that the date of Belva Lockwood's appearance in our city has been changed from June 23d to June 30th. Make the fact as generally known as possible. A crowded house should greet the celebrated lecturer on the 27th.

The band boys indulged in an open air concert at S. D. Hunt's residence, Sunday afternoon. By the way, our boys are looking up in superb style. We can truthfully boast of having one of the finest brass bands in this commonwealth.

A PRIME TRANSACTION—W. O. Russell and father disposed of fifty head of ponies last week, to a gentleman by the name of Prime, who lives near Cambridge, at a nice advance on the figure paid Berger and Mishler for the same a few days before.

CHANGE OF VENUE—A baby boy at J. R. Phelan's, Saturday, has caused quite a commotion in the family, which has heretofore been composed exclusively of bright little girls. J. R. has a full hand—a bob-tailed flush—not considered very strong, but that boy is a trump, and no mistake.

Don't be unduly frightened if you see Amos Buck approaching your residence or place of business with a book of prodigious proportions strapped around his neck, but make an impromptu round-up of the children, consult the family Bible, etc., for he is around taking the census of Willow Grove precinct, and he wants a full report.

The elegant burglar and fire proof safe put in by Jeweler McCracken, last week is the finest of its kind in this valley. The safe weighed in round figures 4,500 pounds, and is especially adapted to the jeweler's business, with inside and outside doors, both complete with locks of the most approved pattern. Mac. now feels perfectly secure.

By virtue of a law enacted by the late legislature, this town is entitled to incorporation as a city of the second class, after July 1st. That time is rapidly approaching, and we hear nothing definite, at least, about the matter. Would it not be a good idea to talk the question up somewhat—if it is proposed to take advantage of that provision at all.

Our hardware and implement dealers are selling quantities of wagons and agricultural implements, these days. We mention this as a most encouraging and favorable indication.

Oberlin will shortly have six lumber yards, among the number being Hallack & Howard, H. W. Pike and Frees & Hocknell of this place. Messrs. Pike and Hallack & Howard are already on the ground and the Chicago Lumber Yard will be there shortly. There will be music in our sister town—and cheap lumber—which will be most advantageous to that growing burg.

Call and see Spanogle & Rinker's top Buggies.

The road leading south from this place was fenced, this week, for a short distance south of the bridge, changing the course of travel into deep sand, forcing teamsters to put on extra spans to help one another through. The deep sand makes pulling very hard, and much inconvenience is suffered and time lost by this arrangement. Some work should be done on the road immediately.

Standard Halliday wind mills at Spanogle & Rinker's.

At a special meeting of the Trustees of the village, held Monday afternoon, a levy of ten mills on the real and personal property of the village was decided upon. Seven mills of that total for general purposes and three mills thereof for streets and alleys. This levy will bring a considerable sum of money into our village treasury, a large proportion of which can be used to good advantage in the purchase of fire plugs, hose, etc.

White Bolted Corn Meal at the City Bakery.

A force of men commenced cleaning out the well at the pump house, Tuesday morning. The sand had gradually accumulated in the bottom of the well until the same reached within 10 inches of the pipe which conducted the water to the distributing tank on the hill, hence the sandy condition of the water supply when the engine was moving briskly. After the work is finished, and the troubled waters settle, the supply will be clear as usual.

A car-load of picked potatoes at Wilcox Bros.

REAL ESTATE TRANSFERS—G. B. Nettleton sold his deeded half-section situated about three miles south of this city, last week, for the neat little sum of \$3,000, or nearly \$10 per acre. * * A. C. Ebert also disposed of his timber claim, which is located in the Ash Creek neighborhood, some six miles from town, at \$650. The purchaser was one of a number of Russians, who are settling in that locality. * * Charlie Ebert refused an offer of \$2,000 cash for his deeded quarter in the immediate vicinity. The would-be purchaser being a member of the Russian colony now settling on Ash Creek.

Great Reduction in Watches and Jewelry at McCracken's.

Last Wednesday night, Deputy Welch discovered two Rawlins county men carrying away a piece of steel rail from the company's yard. When discovered, one of the bleeding Kansans flew, not figuratively either, and the other one, with his burden carefully hidden from view by his coat, was collared by the Night Watchman, who marched the gentleman down to the yard, where the steel was deposited. The captured man said he lived in Rawlins county, and that he thought the rail would make a good thing upon which to sharpen plows. He repented of the evil he was about to do, weeping copiously, and was allowed to depart in peace.

CORRALED AT LAST—W. S. Wilson, a Red Willow county boy, came in from the "three corners" of Dundy county, Friday morning, with Jacob Rath, a Russo-German, wanted in Clay county, for poisoning 14 head of horses valued at over \$2,000, the property of John and Jacob Labauch, his neighbors. The crime was committed about Nov. 20, 1884, and engaged the attention of the Omaha detective force some three or four months, without results. Finally, Mr. W. S. Wilson was engaged, by reason of his acquaintance with the language spoken by the suspected parties, to work in connection with the force. But as they could not agree with the plans suggested by Chief Neligh, Mr. Wilson, with Attorney LeHew, now of this city, took the case in hand. After some four months' work, they succeeded in drawing a confession from the son, implicating the father. Rath, some time after the commission of the deed, disposed of his property in Clay county, and moved west, taking up his residence in Dundy county, conveniently near the Colorado and Kansas lines, so as to be able to move, should occasion demand. Knowing these facts, Mr. Wilson came up from Sutton, the middle of last week, and after two or three days' fruitless search among the sand-hills finally bagged his game at the "three corners." Mr. Wilson departed, Saturday morning, for Sutton, with his prisoner. Great credit is due Mr. Wilson for the successful manner in which he worked this case, bringing the dastardly scoundrels to justice, for the commission of one of the most cowardly crimes, perpetrated too, through maliciousness.

Boston Brown Bread at the City Bakery constantly.

The Fire Laddies held a called meeting at the company's store house, Tuesday evening, upon which occasion it was decided to hold a social dance at the Opera Hall on the evening of Friday, the 19th inst. The dance will be given for the purpose of raising a fund with which to procure some needed equipments, and our people will doubtless respond to the invitations which will be issued in due time, in large numbers. The boys have taken the matter in hand in earnest, and a delightful time is assured.

Ordinances 21, 22 and 23 were passed and approved, and ordered published according to law.

Verily, our city is attracting "the great and good from every tribe and nation." Attesteth the following from the Hastings Gazette-Journal:

Hastings is doing her full share towards civilizing our neighboring city of McCook. We send one saloon; one democratic newspaper; two lawyers; six gamblers and four cyprians, to that hitherto benighted burg. If other towns will contribute as liberally as we have McCook will soon have a reputation second only to Omaha and Denver.

Among the most industrious and thrifty class of settlers are the Germans and Russians. Though not as desirable on some accounts as those who speak English, they are great people to work up a new country, and usually are possessed of considerable means—and they pay as they go.

The first petition for liquor license was withdrawn at the last meeting of our town Dads and a new one filed instead. We understand that the stock of "pine top" and beer arrived last week. The new petition bears the names of three of Indianola's gentle sex, viz: Mrs. William K. Lynch, Mrs. Wm. H. McCartney and Mrs. E. C. Beauvais. These ladies are all, sure enough, "resident free-holders" and can petition for drink with the boys, if they see fit. The three graces of the Board, who signed the former petition have signed this. Truly the Aldermanic "gall" displayed by these three gentlemen is "boundless, endless and sublime." Indianola, June 4th, 1885. COUNTY-SEAT.
