SUB ROSA, we desire to call Brother Meham's attention to the important fact that we sell THE TRIBUNE with a capital T.

SOME parties, and a few of the valley papers, have an impression that the 100th meridian line is at McCook. In this they are mistaken. The 100th meridian line is about nineteen miles west of McCook, at Trenton and tickets are sold that far over the B. & M. at three cents per mile.—Hayes Centre News.

Just a mite off, Bro. Abbott, say about 50 miles. The 100th meridian, you will observe is a few miles east of Cambridge, Furnas county. The 101st meridian runs near Trenton.

A FEW of the candidates for the various county offices come forward, this week, and announce themselves: C. D. Cramer, the present incumbent, for County Clerk; Chas. H. Boyle of this city for County Treasurer, and David E. Moore of Box Elder also for County Treasurer. These gentlemen are all well and favorably known to the people of this county, and need no introduction at our hands.

A CARD.

MR. EDITOR:—Please allow us, through the medium of your paper, to express our thanks to the Woodmanse Windmill Co. of Freeport, Ill., for their promptness and generosity in repairing our mills, which were damaged in the late wind and hail storm of August 2d, although our mills were not warranted to stand where adjacent buildings were blown down.

We are highly pleased with our mills and do not believe there is a better, STRONGER or MORE DURABLE mill made than the Woodmanse "Solid Wheel." They run steady, regulate better in high winds and are built on the most substantial towers of any mill in the market.

To any persons in need of a Wind Mill we would cheerfully recommend the Woodmanse "Solid Wheel" as being the BEST and CHEAPEST mill in the market.
