The Indianola Times makes its initial bow to the public, this week. It is a creditable publication and bears the mark of the Watkins brothers.

In the pending political canvass in France a large list of lady candidates for the assembly has been announced. Gentlemen have been appealed to assist these aspirants to legislative honors, but so far have not responded with any great alacrity. They want the women of France to attend to their knitting.

It is very gratifying to know that there was not an American born citizen in the murderous crowd that brained and burned the helpless Chinese miners at Rock Springs. A large portion of the criminals were not citizens at all. It will be a sad day for this country when the boys and girls bred on our soil and educated in our free schools show the savage instincts and merciless cruelty displayed by the so-called "white" miners in Wyoming.

ACCORDING to the latest dispatches the peace negotiations between England and Russia, with Afghanistan as the subject matter, have been successfully terminated. Russia gets everything she asked for and Afghanistan gets the satisfaction of the boy whose bull failed to take the premium at the fair. He "got a mighty good drive out of the bull."

The British government have had no end of fun out of the negotiations and Mr. Gladstone's government was incidentally overthrown on one of the side issues of the drive.—Journal.

CHRISTIAN, King of Denmark, has set himself up as a despot on a small scale. His parliament having refused to vote him the subsidies he asked for, he is attempting the role of Charles I of England, and is keeping up his treasury balance by levying provisional taxes. There is a good deal of agitation over his unconstitutional measure, and the mayors of many towns are resigning rather than to collect his levies. The people are getting red hot and the first thing the Prince of Wales knows he will find himself with a father-in-law on hand, who has retired from business for want of assets.—Journal.

The new board of examiners appointed by Secretary Whitney to overhaul the Dolphin and report what changes and improvements are necessary to bring her up to the standard required by the contract and the act of congress providing for her building have completed their labors. They report that the sum of \$325 will be all that will have to be expended for the purpose. Now let the heathens rage and the inhabitants of Kentucky imagine a vain thing. Whitney has a black eye and his war on old John Roach appears in the most contemptible light. \$325 is a vast sum to make all this expense and row about.—State Journal.

THE premium list of the Harlan Co. Fair to be held at Orleans, October 6th, 7th and 8th, is upon our table. The list is from the Sentinel office and of course is handsomely printed.
