STINSON & Co., Portland, Maine.

The McCook Tribune.

THE saloon is in politics this year, assessments, money and all, more earnestly than ever before in the history of the state.

THE great campaign issues in Tennessee seem to be very small indeed, only the difference between fiddle-dee-dee and fiddle-dee-dum.

DES MOINES, Ia, is threatened with an ice famine. Druggists are put to much inconvenience in procuring enough to carry on their business. It requires a great deal of ice to supply an Iowa druggist this year.

AN Upton, Ky., couple were recently married in haste on the Indiana side whose elopement smacked of novelty. The groom expectant drove to his sweetheart's residence in a huckster wagon, in the rear of which was a chicken coop. While he proceeded to interview the old gentleman with a view to securing the daughter's hand in marriage, the latter slipped out to the wagon and climbed into the chicken coop. When the old man refused, the young lover said: "All right, I didn't want her anyhow." Her absence was soon discovered, and the couple had a lively time in escaping pursuit and dodging a benediction of bullets. As they showed the true stuff of Kentuckians, they have returned home and been forgiven.

THE hauling down of the American flag on the schooner Marion Grimes in Shelburne harbor by Captain Quigley, of the Dominion cruiser, was a mistake which has greatly disturbed the government of Ottawa. The schooner had not been seized for a violation of the fisheries law, but was detained for omission to report before leaving the harbor. But Captain Landry, of the schooner, made a mistake also. At the request of Captain Quigley he hauled down his flag when he was notified that the vessel was under detention, but afterward, remembering that it was his birthday, ran it up again, and refusing to lower it, Captain Quigley did it for him. One mistake may offset the other and let the Canucks out of an embarrassing dilemma.—Bee.

THE railroad companies have found from sad experience that there is much difference in the quality of steel rails. The Chicago, Burlington & Quincy railroad company wants to buy 20,000 tons for 1887, but it wants the rails made of material in which there is 20 per cent. of charcoal iron, and in addition it wants a five-year guarantee of the wearing quality, and it wants to decide for itself whether the rails fill the conditions required. The late Mr. Vanderbilt bought English rails and paid the tariff on them, because they would outwear those of American make. The steel mills in this country are turning out a better quality of rails in consequence of larger experience. They find that they must have proper ores, and the eastern mills are using large quantities of foreign ores in making their Bessemer pig.

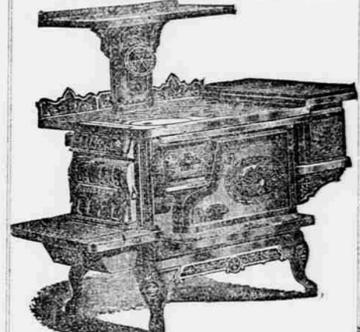

Watch for it! The first symptom of true croup is hoarseness, and if Chamberlain's Cough Remedy is freely given at once and the doses frequently repeated, the dread disease may be entirely prevented and all danger and anxiety avoided. Sold by Willey & Walker and M. A. Spalding.
