Canon City, and other grades of soft coal, and both Pennsylvania and Colorado hard coal at Bullard's lumber yard.

Bullard doesn't sell drugs; but it is a caution the amount of hard and soft coal he is weighing out, these chilly days.

Bullard has "the cream" of the coal trade. He keeps in stock a large supply of best grades of both hard and soft coal.

THE TRIBUNE and The Democrat have been given the contract to do the county printing for the ensuing year.

Is your coal any better? If so consult Bullard, dealer in "dusky diamonds" of best grades, at the Badger lumber yard.

There has been a perceptible decrease in Sunday School attendance since early in the year—say about January 20th.

When your library shelves become too limited for your books, put some of the volumes behind the others. The borrowed books go best behind.

Dr. A. P. Welles came from Linden, Colo., Wednesday morning, on a business trip of a few days. He expects to return home on Thursday.

John C. Harlan of the Cambridge Kalendar spent a few hours in the city, Wednesday, in a social way. We acknowledge a fraternal call.

A meeting of the board of trade is called at the secretary's office on Saturday evening. It is earnestly desired that there shall be a full attendance.

We should be careful to deserve a good reputation by doing well; and when that care is once taken, not to be over anxious about the success.

With Bullard's filling your order for hard or soft coal, "He's all right." So is his large stock of coal. So are his figures. Give him a trial order.

The education which best fits young people to do the work of the world is the most useful and the only sort that should be tolerated in the public schools.

Write it on your heart that every day is the best day in the year. No man has learned anything rightly until he knows that every day is doomsday.—Emerson.

The Courier says that there is some talk of reviving the water factory project. Don't attempt it, friends, at least not before thoroughly disinfecting the remains.

On Monday of this week, at Indianola, Mr. John P. Russell of our city and Miss Della C. Bunce of Ashabula, Ohio, were made husband and wife, Judge H. W. Keyes doing the honors.

Elsewhere will be found the dates for holding district court in the several counties of the eleventh district for the year 1890. The dates for Red Willow County are March 11th; June 18th, (no jury); Nov. 25th.

By order of PRESIDENT. Dr. A. J. Wiley, company surgeon, received a supply of vaccine virus, Wednesday, from headquarters, which he is distributing through the consultations of the employees at this point as rapidly as occasion offers.

By some oversight THE TRIBUNE has not been provided with proceedings of the teachers' association meeting held in our city, last Friday evening and during Saturday. We regret their absence from our columns, this issue.

Elsewhere we present a list of patents, for land in Red Willow county, which remain unlocated for in the U. S. land office at this place. It behooves all interested parties to secure their patents at once, before a fire of some other unforeseen accident makes it eternally too late.

Seven cases of small pox are reported in Oberlin, Kansas. It is stated that the infected houses are under strict quarantine; and that the patients are receiving proper attention; and that no new cases have developed since Monday. Reports of cases in other towns lack confirmation and are perhaps hoaxes.

A private epistle from Oakland, Iowa, conveys the intelligence that Dr. and Mrs. O. C. Gaston are taking very great pride and pleasure in a fine baby boy who made his debut on this earth, Friday last week, the 4th instant. Upon which auspicious event THE TRIBUNE extends congratulations.

When Register Hart resumes it would give The Democrat great pleasure to see so good a Republican and scholarly gentleman as Mr. Major take his shoes. Mr. Major has been a highly respected friend of our editor from boyhood. He is honest and capable and The Democrat gives him a hearty endorsement from a Democratic standpoint—State Democrat.

Death of Senator Lindsay's Son.

When Senator Lindsay of Furnas county came to Lincoln he brought his family, consisting of his wife and little son Ernest, with him. This child, a boy between three and four years old, was a visitor on the floor of the senate at the beginning of the session, exciting general attention among the members on account of his brightness and lively disposition.

A few days ago he was seized with a malignant form of diphtheria, which, although serious, it was not thought would be fatal. On Tuesday, his condition was such that Mr. Lindsay was not present in the senate, and Wednesday morning at about 6:30 o'clock he died, at the senator's temporary home in this city, 1344 M street. The boy's death was so very sudden, and being an only child, his parents find their loss very hard to bear.

The news soon spread and the senate, after transacting some routine business and passing a resolution of sympathy, adjourned as a mark of respect. During the day a number of the members called and made personal expressions of their sympathy and concern. The funeral, it is announced, will occur this afternoon at 12 o'clock, the interment to take place in Wyuka cemetery. Many of the senators have expressed their intention of attending the funeral, and it is probable that there will be an early adjournment of the senate on that account to-day.—Lincoln Journal of Jan. 10.

Teachers' Association. The County Teachers' Association met at McCook, January 4th and 5th. The McCook schools being in session, no meeting was held Friday P. M. The sessions Friday evening and Saturday morning were interesting and profitable to the few present to take part in the proceedings. New officers were elected; a long list of names, including all the teachers of the Indianola and the McCook schools, was added to the membership roll, and a determined effort was made to reorganize the association and place it on a par with those of other counties. It was decided to hold the next meeting at Indianola the second Saturday in February. There are fair prospects that the February meeting will be the most animated and instructive ever held in the county, and that the County Superintendent is determined that all the teachers shall be present that one day and reap the benefits.

Bound Over to District Court. A man by the name of Thomas Dunn had a hearing before Squire Hubbard, yesterday morning, charged with attempted larceny, and was bound over to the next term of district court in the sum of \$300 bail. It appears that Dunn hired a team from Eaton & Co., on Dec. 18th, for the ostensible purpose of going to Cedar Bluffs, Kansas, stating that he would return on the day following. Failing to return, in the time stated, on the 21st instant Eaton & Co. wired to Cedar Bluffs and to Oberlin, where the team was traced. The testimony of Oberlin parties was that Dunn had attempted to sell and mortgage the outfit, but not succeeding skipped the town. Wednesday evening Sheriff Russell arrived in the city with the prisoner, who he arrested near Beaver City in Furnas county, and the hearing occurred on the morning following, with result as above.

Jug Breaking. There will be a "jug breaking" at the Lutheran church, Wednesday evening, Jan. 16th. Exercises by the Young People's Band. An admission fee of 10 cents will be charged. A partial program is given as follows: Greeting, Glee,.....Salutatory,.....Chorus. Inaugurating the Chief Executive, Making Up the Cabinet, Recitation, "Under the Hammer at Last," Song, "Little Brown Jug No. 2," "How We Spend Our Money," demonstration with diagram by 20 young people in recitation and song. The breaking of over 100 money jugs will form a prominent feature, and the entertainment promises to be of unusual interest in other respects. Don't miss it.

A DASTARDLY ATTEMPT. A dastardly attempt to destroy the barns and stock of the South Side Dairy was made last Wednesday night. A manure heap near the cow barn was fired, but fortunately when it was discovered, the next morning the barn was full of dairy cows, and had the frame building caught fire, its destruction, with contents; as well as adjoining buildings, and their contents—horses, feed, etc.—would certainly have been complete as the place was practically deserted of human kind on that night. There is no clue to the scoundrels who attempted the infamous deed.

An Enjoyable Evening Gathering. Mr. and Mrs. L. B. Stiles entertained a number of guests, last Friday evening, in a very enjoyable manner. Progressive euchre constituted the principle item of pleasure. The game was participated in by Dr. and Mrs. Z. L. Kay, S. L. Green, Mr. and Mrs. W. P. Newman, J. E. Jennings, F. O. Newman, H. W. Cole, F. S. R. Jr., H. B. Burns, E. A. Leach, Mrs. A. C. Wright and Miss Annie Wright of Denver. The principle prizes were won by Mrs. W. P. Newman and Mr. E. A. Leach. While Dr. and Mrs. S. L. Green treated the booby prizes.

Or Hereafter Hold Your Peace. The Interior Department has made the following addition to the regular "notice for publication": "Anyone who desires to protest against the allowance of such proof, or who knows of any substantial reason, under the law and the regulations of the Interior Department, why such proof should not be allowed, will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant."

Senator Lindsay and his Committee. The people of this Senatorial district will learn with proper and pardonable pride of the complimentary representation secured by Senator Lindsay on the senate committee. The Senator is chairman of the committee on constitutional amendments, and is a member of the judiciary committee, the committee on public lands and buildings, the committee on enrolled and engrossed bills, on claims and on railroads.

LAND, LAND. Any one having land to sell, or trade for land in Iowa or Missouri, or for horses, cattle or both, or for a stock of general merchandise, leave, at The Tribune office at McCook, a full description, No. of land, No. of acres tillable, improvement, price and terms, amount of encumbrance, if any, and when due, and what kind of stock will trade for.

Woman's Relief Corps. The ladies will meet at Masonic Hall, at 2 o'clock, M. T., on Tuesday, Jan. 12th, 1890. As preparations are being made for Monday evening, all the members are earnestly requested to be present. By order of the president, MRS. J. H. YARBER, Pres. NELLIE LEE, Sec.

Water tax was due Jan. 1st.

life's probabilities, over that of a century ago, has been increased 35 per cent, and in surgery 45 per cent. The fact that the difference in the health of London in the 18th century, and that of the 19th, is that the Londoners of the 19th century live longer, and that the duration of disease has been abridged fully one-third.
