CONGREGATIONAL REPORTS.

Topics of General Interest Before the Church's Triennial Council.

MINNEAPOLIS, Minn., Oct. 13.—The triennial Congregational council met in this city to-day. The report of the secretary shows that the number of churches is now 1,500. There are no churches in Delaware or in Alaska.

The membership of the church is now 5,250,000, the East having 302,000, the interior 169,000 and the West 54,000. The Sunday schools reach now a total enrollment of 625,975. There are now 2,994 young people's societies, 145,000 members. The contributions in three years were \$1,174,172—an average per member per annum of \$13.55. It was an increase over the previous triennial of \$138,800.

The committee on Sabbath observance notes the fact of an increasing disregard for any proper observance of the Sabbath. Excursions, theaters, concert halls, free exhibitions, base ball, passenger traffic, drinking saloons and the Sunday news paper all are classed together and come in for their share of criticism. The closing of the world's fair on the Sabbath is considered at length. Had the fair been opened on Sunday it would have resulted in appalling demoralization of the Sabbath observance.
