

# THE FALLS CITY STATE BANK

**C**OMMANDS your attention and solicits your business because it is a safe and conservative institution—incorporated under the laws of the state of Nebraska. It is a bank for all the people—rich and poor, men, women and children. It is courteous and accommodating with its patrons, according them all the privileges consistent with good banking. It accords equal privileges to the small as well as the large borrower or depositor. It seeks to advance the best interests of the customer and the community and is always pleased to offer suggestions to those of its patrons desiring counsel.

## GETTING RICH

Some people become wealthy. Why? Because they spend less than they make. The average man does not save money—that's why we have so many average men. Saving is but a habit at first—later it becomes an art. Save a part of your earnings—open an account with this bank, the results will surprise you.

## FARMERS ACCOUNTS

We desire farmers accounts, even though they may be small. Many good farmers have accounts with us—those that have not would do well to start one. It will help you to save your money; it will assist you in keeping tab on the amount of money you take in and in the manner in which you spend it. Checks make good receipts and often serve as a valuable witness when the payment of an account is in dispute.

## THRIFTY WOMEN

Women are the money savers of the family. In many instances, if the wives and mothers do not save there is no saving done. Ladies, a bank account will help you to concentrate your little savings against the "time of need." No matter how small the sum, we will be pleased to open an account with you. We enter the deposit on a little book and provide you with a check book free. It will familiarize you with the ways of banking and should you ever be called upon to take charge of the business affairs of the family you will find the experience helpful.

## CHILDREN'S DEPARTMENT

A new feature of this bank is a Children's Department, and any child under the age of eighteen can start an account with ONE DOLLAR and upwards. Smaller amounts will be received later. These accounts will draw interest at the rate of four per cent per annum, interest computed twice a year. If by this means we succeed in encouraging the child in self denial and the proper use of money, we shall feel amply repaid for the extra work performed. The older folks may receive interest on their money by taking out one of our interest bearing Time Certificates of Deposit.

We are now distributing a little booklet on banking. The little book contains many helpful suggestions and if the mail don't bring you one, will be pleased to have you call for one or send us a request on a postal card and it will be forthcoming.
