DUTCH DINNER FOR SUMMER.

Satisfactory Meal When the Temperature is Soaring.

For a cold Dutch dinner for a hot summer night place upon a polished table a large lace centerpiece and under each plate place a dolly to match. In the middle of the table put a boat or shoe of Dresden china filled with blue corn flowers. Use glass candlesticks with white candles and blue and white empire shades, blue and white Dresden china, and cut glass, when it is needed. Use as little silver as possible in serving. The place cards are blue and white windmills with the name on the upright arm of paddle. A blue and silver fan, swung by white ribbons from the back of each lady's chair is a dainty and acceptable souvenir, while at each man's plate a dainty bunch of corn flowers for his buttonhole may be placed. If possible have the maids in blue dresses with white aprons and Dutch caps. Olives, salted nuts, buns, and so on, should be served in china wheelbarrows, boats and shoes. Above the table swing a large five-pointed star of ferns and depend from the center a crescent of corn flowers.

If a still greater transformation in the appearance of the room is desired, slip covers of blue and white Dresden silk may be used for the dining room chairs. These are cool looking and dainty, also allowable for the season. The menu suggestions always are flexible and may be changed according to the ideas of the hostess or to the possibilities of the market at this season.

A Curtain Effect.

A pretty way to arrange bedroom window curtains is this: The upper sash is hung with a dainty flowered muslin, and the lower with a filmy madras. Both are simple sash curtains and thus will be easily laundered. The colored curtain is protected from the light by the shade, which is usually drawn to the middle of the window. For this reason the colored curtain will not be liable to fade.

The colored curtain is much prettier if ruffled with white. This scheme gives a charming touch of color at the windows, but admits of the use of the sash curtain as a screen for the lower part of the window.

Handy Clothes Rack.

A good clothes rack is made of lumber one inch square, of oblong shape, the longest side being five feet and the shortest side three feet in length. One side is hinged to the wall at a convenient height and place. A small screw pulley wheel is screwed into the ceiling directly above the center of the frame. Attach a rope to the outside edge of the frame, passing it through the pulley above so as to raise or lower as you wish. Small ropes are fastened to the frame lengthwise, in parallel lines, nine inches apart. When not in use this can be drawn close to the wall.

A Hot Weather Dessert.

Pineapple Cream.—The foundation for this delicious dessert is a can of pineapple, or a pineapple large enough to fill a pint measure when shredded. Shred very fine and bring to a boil with half a pound of sugar, strain over half an ounce of gelatine which has been dissolved in just enough cold water to cover it. When cool, but not yet formed, stir in the beaten whites of three eggs and half a pint of whipped cream; pour into a mold and set on ice to cool. If you use the canned, shredded pineapple, which is almost like preserves, you will not need to add the sugar.

Making Eyelets.

There's a new way of making those troublesome eyelets discovered by a girl who is locally famous for inventing labor-saving ideas. It consists in running the eyelet around and then cutting it from end to end and buttonholing it, making the stitches as deep as those upon the usual buttonhole, but reversing the stitch so that the edge stitches back upon the material instead of around the open edge of the eyelet. It is about one-fifth as hard to do as the usual way, and the difference in length of time is even more marked.

Frozen Pineapple Souffle.

Pare and grate two pineapples. The pulp should measure one pint; add to this the juice of one lemon and a pint of sugar. Cover half a box of gelatin with half a cup of cold water and let stand half an hour; beat the yolks of six eggs until creamy; then add to the pineapple and mix well. Put gelatin over hot water; when it is dissolved add to pineapple; turn the mixture into the freezer; when it begins to thicken add one pint of whipped cream; pack in salt and ice and let stand about three hours.

Cocoanut and Rice Pudding.

Cook half a cup of rice with three pints of milk and let it cook till very soft; then cool it. Beat together the yolks of five eggs and the whites of three, a cup of sugar and a cup of grated cocoanut; if this last is desiccated; soften with a little milk and squeeze dry. Stir in the rice and bake in the oven till it is a custard. Make a meringue of the two whites of the eggs and put on top. Serve cold.

Keep Old Strainers.

Don't throw away your old coffee strainer. Hang it over the sink and use, when emptying tea or coffee pot, to catch the tea leaves or coffee grounds, which can be then emptied on to a paper and put in to garbage. A strainer about three or three and one-half inches in diameter is suitable for this purpose.

N W FIRM!

NEW GOODS!

HAEFFLE, RIEGER & CO.

We are Headquarters for the Full and Complete line of

St. Joseph Implements

This line needs no introduction in this community as these goods are conceded the best on the market. When in need of a Lister, Cultivator, Harrow or anything in the line of Implements, call on us and get prices before buying. We also carry a fine line of Wagons, Carriages and Buggies.

THE VERY CHEAPEST

Medical Society Meets.

In response to invitations issued to the Richardson County Medical Society by the local profession, quite a number of professional men of this county met in our city Thursday, July 25th, in the Elks club rooms for the Mid-summer meeting. All business was dispensed with on this occasion and this meeting was purely a social one, that the members might meet in more friendly intercourse and cultivate the spirit of harmony, friendship and benefit, one to another, that should exist not alone in the local profession but throughout the country.

The wives of the physicians in this city were appointed a reception committee and at 9 a. m. met in the parlors of the Elks club rooms to greet the wives of the visitors.

At 12:30 an excellent luncheon was served at the Union house. To about twenty four guests, after which the visitors were entertained at the chautauqua, Hon. James E. Watson, of Indiana, and the Virginia Warblers being the principal features of the afternoon.

At 5 o'clock a short session was held in the office of the secretary, Dr. C. T. Burchard, at which time the applications for membership of Dr. G. M. Andrews of Stella and Dr. D. G. Griffiths of Verdón were read and accepted. A short time was given to questions of interest and benefit to the association which were discussed informally, it having been decided to eliminate all actual business.

An elegant banquet was served to thirty-two guests at 7:30 o'clock in the dining hall of the Union house, which had been tastefully decorated for this occasion. A very elaborate menu had been prepared. A number of appropriate and pleasing toasts were offered and responded to.

After a short reception in the Elks parlors the visiting members were again entertained at the chautauqua grounds for the evening session.

The entire day was full of pleasure and enjoyment and was pronounced a success by all attending. The object for which it was intended seemed fully realized, that of fostering good will and closer friendly relations between the medical men of the county. Before adjourning a vote of thanks was tendered by the visitor to the local profession for their courtesy and hospitable entertainment. Humboldt was selected as the meeting place for the October session of the society. Among the visitors present were:

- Dr. and Mrs. A. W. Montgomery, Stella.
- Dr. and Mrs. J. A. Waggoner, Humboldt.
- Dr. and Mrs. D. G. Griffiths, Verdón.
- Dr. and Mrs. Clinton Day, Salem.
- Dr. W. E. Shook, Shubert.
- Dr. S. A. Van Osdel, Barada.
- Dr. J. R. Morris, Humboldt.
- Dr. G. M. Andrews, Stella.

Dr. E. R. Hays, Dawson, and his mother, Mrs. Gantt, Falls City.

Mrs. Dr. Grote, Poncia, Neb. The physicians of this city who attended with their wives were:

- Dr. Kerr
- Dr. Keneker
- Dr. Houston
- Dr. Wilson
- Dr. Keller
- Dr. Fast
- Dr. Burchard
- Dr. Miner
- and Dr. Will R. Boose.

Hundreds of people yearly go through painful operations needlessly, because they never tried Man Zan Pile Remedy. It is put up in such a form that it can be applied right where the trouble lies. It relieves the pain and inflammation. It is for any form of piles. Price 50 cts. Sold by A. G. Wanner.

Practical Points.

The consequences of loving anything more than we love God are deadly. The character deteriorates; the conscience destroys peace, the allurements and attractions fade into horrors; plagues come; we fail of God's guidance; the idol is destroyed and nothing takes its place.

"The soul is like a curious chamber with elastic wall, which can be expanded, with God as its guest, illimitably, but which, without God, shrivels until every vestige of the divine is gone."—Henry Drummond.

Headache and constipation disappear when Dades Little Liver Pills are used. They keep the system clean, the stomach sweet. Taken occasionally they keep you well. They are for the entire family. Sold by A. G. Wanner.

A Painful Injury.

While working with a screw driver, one day the latter part of last week, Wm. Hughes, of the firm of Anderson & Hughes, had the misfortune to run the blade through the palm of his hand, inflicting a very painful wound. —Auburn Republican.

One of the finest lectures ever delivered in our city, or for that matter in this part of the state, was that heard at the chautauqua Sunday, delivered by Hon. G. A. Gearhart. He is one of the ablest orators on the American platform. His command of language is marvelous and from the beginning to the close of his discourse he had his audience with him, thoroughly appreciating the noble thoughts and beautiful ideals, the eloquence and force with which they were delivered. It was a great privilege to hear such a talented orator and it is to be regretted that the weather was such as to deprive others from out of town this same privilege.

He Didn't Have a Dollar.

He didn't have a dollar, he didn't have a dime; his clothes and shoes looked as though they had served their time. He didn't try to kill himself to dodge misfortune's whacks. Instead, he got some ashes and he filled five dozen sacks. Then next he begged a dollar. In the paper in the morn he advertised tin polish that would put the sun to scorn. He kept on advertising and just now, suffice to say, he's out in California at his his cottage on the bay.—Mecca Herald,

Nebraska's Big Wheat Crop.

Nebraska has again produced a bumper wheat crop, despite unfavorable climate conditions during the spring season when the weather was the coldest in the history of the state. The wheat cutting is now complete, and the threshing is in progress in every county in the grain belt. Reports from every section of the state disclose that the total yield is in excess of the average, being almost as great as a year ago. The quality of the grain is excellent. Charles E. Haynie, state agent of the International Harvester company, said today:

"Reports from our agents in all parts of Nebraska show that the average yield of winter wheat is nearly twenty bushels to the acre. I believe the total will be as much as last year, when the figures were in excess of 50 million bushels. The quality is No. 2 hard. Wheat grading lower than No. 2 is a rarity. The long spell of cold weather in the early spring did not hurt wheat, it simply retarded the growth of the plant, while during May and June climatic conditions were ideal. The splendid yield shows that winter wheat is a sure crop in Nebraska even with the most unfavorable weather early in the season that the state has ever known."

F. D. Levering of the Central Granaries company, which has elevators throughout the wheat belt, said:

"The total yield will run about 45 million bushels, or nearly as much as a year ago. The quality is excellent and farmers are realizing from ten to twelve cents more per bushel than in 1906. The scare over green bugs and cold weather in the spring was a 'take all the time.'"

The Agricultural department's estimate of the Nebraska wheat area is 2,517,000 acres. Last year's crop, according to the government, was 52,288,000 bushels.

FARGO.

- John Futscher and wife were to Falls City Wednesday.
- John Gleason and family were visitors here Thursday.
- C. J. Wallraff was a shopper here Monday.
- Squire Rennes was doing some trading here Thursday.
- H. G. Dorste was here one day this week.
- Frank Zimmerman spent Wednesday here.
- Fred Smith and wife of Omaha were visiting with his mother Thursday.
- Jim Sells was here Saturday.
- Salde and Conrad Dannecker were to the chautauque Saturday.
- Mary Houns returned from Peru where she had been attending school. The infant daughter of Henry Pribbeno and wife died Thursday, July 25, age three months.
- John Helfenbine had business in Rulo Saturday.
- R. D. Waggoner had business here Wednesday.

Look! Look! Look!

Never in your life have you seen a more complete and up-to-date stock of Fine Buggies, Surries and Driving Wagon as you will find on our Sample Floor today. We have just received another carload of Moon Bros., Buggies. We can fit you out in Moon Bros., Henney and Keys. Don't fail to see our Line, and our Prices are from \$35.00 up.

Remember we carry a big stock of Implements and can fit you out in anything you need in our line, such as Gasoline Engines—We lead them all. See us when in need of Windmills or Lightning Rods. We handle the Pure Soft Copper Cable only.

And Don't forget us when in need of anything in the Implement Line.
