Mrs. Amos Kuykendall brought in a stalk of corn Saturday that measures eight feet in height and bears two good ears and a shoot that might have developed into an ear. There were two other stalks in the hill each of which has a good ear. The field of ten acres is a good stand, and it is sure to produce a good yield, as the corn is now practically matured. The only defect is that the ears are not uniformly well filled at the point, but they are well filled with plum kernels to within an inch or less of the point.

The funeral was held Thursday forenoon at the home of J. A. Constant, conducted by Rev. Summers, and the remains were laid to rest in the Estancia cemetery.

Mrs. Farnsworth and children,

Auditor Guilfoil, who made an examination of the books of the county officials of Socorro county last spring, has made his report to Governor McDonald, in which he severely arraigns all of the county officials of last year, except the treasurer. The report is very lengthy and voluminous and has been receiving more or less attention from the daily press this week.

As is the case in all things of this kind, the story has two sides, and thus far only one side has been given the public. No doubt the greater portion of the charges can and will be satisfactorily explained when the proper time comes, but the time and place for the trial has not yet arrived. In the mean time, it were better to suspend judgment until both sides have been heard.—Socorro Chieftain.

Few, if any, medicines, have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by all dealers.

PHILOMATHIANS

The Philomathian Club met at the home of Mrs. Fred H. Ayers Wednesday, August 21st, with a full attendance.

The subject for discussion was the history of the Panama canal, and the afternoon was very pleasantly and profitably spent with this subject. It was so interesting that it was agreed to continue it at the next meeting, to be held in September.

After the close of the discussion the hostess served light refreshments, which were greatly enjoyed by all.

The next meeting will be held at the residence of Mrs. Cowgill.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

JUST THINK OF IT

A Four Hundred Dollar Upton Piano
Absolutely Given Away.

That advertising is now a science is again demonstrated practically to the buying public of this section by the wonderful advertising system now employed by the most enterprising business house of Howell Mercantile Company who are going to give away ABSOLUTELY FREE to some one of their customers on January 1, 1913 the beautiful UPTON PARLOR GRAND PIANO which is now on exhibition at their store. The piano sells for FOUR HUNDRED DOLLARS and is a HIGH CLASS instrument in every respect, GUARANTEED by the makers for TEN YEARS. JUST THINK OF IT! A Four Hundred Dollar Piano to be GIVEN AWAY! A few years ago, if a merchant was to do such a thing he would be considered a fit subject for an asylum, but conditions have changed, yet in the face of the enormous sum spent in advertising the fact of Howell Mercantile Company giving away a \$400.00 piano is a stupendous undertaking and it clearly demonstrates their desire to be "always a little ahead" of the spirit of the times.

Every purchaser of \$1.00 worth of goods from any department of their store will receive a coupon good for 100 votes on the piano. The person presenting the largest number of votes to them on January 1, 1913, will receive the piano absolutely free. No favors will be shown and every person will receive an equal chance. The reputation enjoyed by Howell Mercantile Company for "square dealing" insures this fact. We think the buying people will appreciate this extremely liberal offer on the part of this firm and we predict a lively scramble for votes.
