Special Correspondence.  
 Too late for last week  
 It is reported that Hugh Anderson of Willard has bought the Jim Rhoads ranch west of town laying against the forest reserve. Three quarter sections, well watered, were included in the deal. The purchase price is said to have been \$5,000. Mr. Anderson had the misfortune to lose his automobile last week by fire. He got stuck in the mud near Abo and had to quit the "boat." He left it along in the forenoon. About ten o'clock the following night it took fire and burned. It was insured.

J. S. Dyer, the transfer man, has established an up-to-date garage in the old Voss building in the west part of town. S. D. Lee, formerly of Estancia, is in charge.

C. E. Goodner, representing the Albuquerque Lumber Co. has leased the lumber sheds at the old Mercantile company's place of business and will put in a full line of lumber and building material. Mr. Goodner will receive lumber here from the Hartley saw mill now located on the Zamora place west of Manzano. The Albuquerque Lumber Company has bought the full mill cut. Mountainair will be the shipping point.

The Mountainair Produce company has leased the Tabet building and moved it's stock of feed from the Stevenson building. The town is moving up the hill. The Produce company has ordered a car of flour and will do a wholesale flour and feed business.

J. J. White last week purchased the Corbett school section a mile west of town and is preparing to fence it. This section, together with a quarter Mr. White owns next to it nearer town, will make an ideal dairy farm.

Jones Bradburn, a brother of Mrs. Francis Gentry, died suddenly one day early last week at the Gil Perea ranch in Manzano draw, as a result of exposure. He had been to Estancia, where he purchased a horse from Arthur May. In returning home he must have lost his way. When found early in the morning he was lying near his saddle on the ground unconscious. The horse was grazing near by with the saddle off. The man's clothing was wet and it is believed that he got wet crossing the creek, then lost his way and removing the saddle from his horse, gave up. He never regained consciousness. He was buried in the local cemetery, Rev. J. A. Perkins conducting the funeral services.

We had a red hot school election here last week. The rival candidates were W. R. Orme and Judge M. B. Fuller on one ticket supported by the town boys and Ralph Stewart and Tom Hollon supported by the country boys. As is usually the case the town boys got the best of it.

Work on the new school building is delayed again by the lack of lumber. B. B. Spencer has the lumber contract. It is expected, however, that the work will be resumed again in the near future.

V. S. Cravens, the mining man, is putting up a store building at Scholle and will put in a stock of general merchandise. Scholle will have a postoffice in the near future also.

The Mountainair public schools will close this week.

**GEDAR GROVE**

Special Correspondence.  
 C. B. Roland, who suffered injuries from a falling shed a short time ago, is getting along quite nicely at present.

Don't forget the literary and also the play to be given soon.

Mr. and Mrs. Fielder, Mrs. Richards and son Harry have moved to their ranch in this neighborhood. Mr. Fielder expects to put in a crop there.

Chas. Kellogg, who has been absent for two or three years, came home last week.

G. D. Smith has returned from Pennsylvania where he spent the winter among relatives. They will come back.

Bro. Grant and others have arranged to hold the 5th Sunday meeting at Cedar Grove. There will be preaching morning, afternoon and evening. Bring your lunch baskets and enjoy yourself.

The last of the Barron children to have the measles are reported convalescent.

Mr. Hill and Mr. Barron were the new directors elected for the school.

A good crowd attended the meeting held by the county agent at this place. We hope he will come again soon.

Farmers are all busy getting ready to put in crops. Their wives are setting hens and making gardens.  
 Choir practice Sunday evening was well attended.

**LUCY**

Special Correspondence.  
 Everybody seems to be in high spirits because of the unusual amount of moisture in the ground.

It seems that most of the cattle men lost a few in the recent storms. Mr. Larson sold more than thirty dollars worth of hides in Lucy last week.

Quite a sentiment against Old Man Grip is rising in the community. He is guilty of disturbing the peace of late. Several of the neighbors have put in complaints against him.

Mr. White gave a singing last Sunday night. It was well attended and everybody seemed to enjoy the exercise.

School closed last Friday and Mrs. Joiner went home.

**MARRIED**

E. A. Swartz and Miss Naomi Baldwin were married here last Friday. Mr. Swartz came here recently from Oklahoma, and the young lady came from the same place, arriving on the day of the wedding. It is said that she left home on high speed for this purpose without the parental consent.

**BIG TOBACCO TOWN**

Following are extracts from an address delivered by Col. A. D. Watts, Collector of Internal Revenue for the Fifth District of North Carolina, at a smoker given by the Twin City Club, Winston-Salem, February 4, 1916:

"Winston-Salem is supplying one-fourth of all the chewing and smoking tobacco consumed in the United States, besides exporting vast quantities to foreign lands. This statement is taken from the report of the Commissioner of Internal Revenue for the first quarter of the present fiscal year and from private advices from Washington, as to the second quarter, which ended December 31st, last.

"Your city is making one-seventh of all tobacco products—chewing and smoking tobacco, cigars, cigarettes and snuff—manufactured in the United States. Your manufacturers are paying on an average about \$37,000 a day revenue taxes to the government and the amount is increasing from month to month. When your government building, much the handsomest in the state, was completed last July at a cost of \$250,000 your newspapers made the statement that the taxes paid in your city to Uncle Sam for the first eight days of its occupancy would pay for it. Since September, it has taken only a fraction of over seven days collections here to equal its cost. So far this week, Mr. Cranford has taken in \$206,428.50. I predict that before 1916 shall have ended your average weekly payments to the government on tobacco will more than pay for this magnificent building, leaving the collections for the other fifty-one weeks as clear profit to the government.

"Winston-Salem is shipping on an average each week day to all parts of this country and to foreign lands at least \$150,000 of tobacco products.

"In conclusion, Winston-Salem manufactures more tobacco, all tobacco products are taken into this statement, than any other city on earth, little or big. Industrially, she is easily first in North Carolina, population considered, first in America and I believe, in the world; socially, a never failing delight to her friends."

SPRING.  
 Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved however, by applying Chamberlain's Liniment. Obtainable everywhere.

OLDER BUT STRONGER  
 To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's. Scott & Bowne, Bloomfield, N. J.

**Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, deafness is permanent. Doan's Ear, Nose and Throat Remedy is the only medicine which does this. It is a powerful, yet gentle, and safe remedy. It is sold by all druggists. Price 50c. At all dealers.
