Ralph Roberson and family departed Saturday for the upper Pecos on a camping and fishing trip. They intend to return about the first of July.

Mr. Guinn, driller for Dennis and Montgomery on their lease northeast of here, broke his drill when down about sixty feet and had to send for a new part, which entails a delay of about ten days.

J. M. Caddy, who two years ago started a herd of registered Shorthorns, now has a good sized bunch and is selling some stuff. Recently he sold a nice young bull to A. W. Lytle, and also one to B. R. Voss of Mountainair.

J. H. Dennis received an injury while handling horses about three weeks ago, and went to a hospital at Albuquerque. Mrs. Dennis, who had been in Texas, returned last Friday and went on to Albuquerque. At last report Mr. Dennis was getting along all right and it was thought he would be out soon.

The date for the great motion picture show, "The Siege and Fall of the Alamo," has been changed from Saturday, June 24, to Tuesday, June 27. This change was necessary because it was found the films could not be got here in time for the 24th. This is a great production and managers are calling for it from all sides.

Mrs. L. W. Jackson met with a serious accident while in town Monday. Her team got to pulling back from the hitching post, and she went to them and tried to loosen them. In some way her little finger became entangled in the hitching rope and the end of it was torn off except for a shred of skin. The doctor finished the job. Mrs. Jackson endured it like a veteran.

Mrs. A. F. Grinnell was hostess at a most charming Kensington given at the Club room Monday, June 19, to the members of the Club. The stage served as a dining room, where the table was spread and beautifully decorated with cut flowers. The hostess, assisted by Mrs. Williams and Mrs. Mason, served a most appetizing and refreshing luncheon. Miss Crawford added to our pleasure by giving us some pretty songs.

Wm. Dunbar, whose ranch is at the eastern edge of the valley, was kicked by a horse Monday and sustained a very serious and painful injury which may possibly result in the loss of an eye. The horse was shod, and the calk struck Mr. Dunbar just above the left eye. In common with many others we hope the injury will prove less serious than is now feared.

Rev. Anderson returned from Illinois yesterday.

Acasio Gallegos was down from Torreon Monday.

Virgil Campbell of Mountainair was an Estancia visitor Wednesday.

Mr. and Mrs. Geo. W. Ford of Torreon were in Estancia yesterday on business.

Mrs. Clay Keen and children left yesterday for a visit with relatives in Texas.

Children's Day exercises will be held in the Methodist church at ten o'clock next Sunday forenoon.

George Alter of Willard has gone on a trip to Wichita and Kansas City. Later Mrs. Alter will go to Ohio on a visit.

Mr. Sutherland, a real estate man from Clovis, with Mr. Rutter and his sister Miss Rutter of the same place, was here yesterday looking over the country.

E. A. Vondeveld of Willard was here Tuesday. He says the demand for his tank filling device is outrunning his ability to supply with his present facilities.

By reference to call published elsewhere in this issue it will be learned that we are to vote on the location of the new school house. Doubtless every voter in the district has very decided views on the subject, and this will give opportunity for a full expression. Let's all agree to accept the result and say no more about it.

Mr. and Mrs. T. A. Roley were on the train this morning bound for Stanley. They will come here for a visit soon.

Born to Mr. and Mrs. S. W. Hodgson, June 11th, a son. This makes eight sons for Mr. and Mrs. Hodgson. They have one daughter.

Deputy Sheriff Dee Robinson is back from Palomas Springs. He is looking a little thin, but that is a joke about him being sick.

Mr. and Mrs. Walter Pace and family, with Clark of Estancia and Miss Nannie Marsh left by automobile last Sunday for a trip to Oklahoma, where they will visit a short time.

R. N. Maxwell was in yesterday from the east foothills to get his drill mended at the railroad shops. He is on unsurveyed land, and reports a heavy sprinkling of new settlers in that vicinity.

E. Pace says he has a good stand of both corn and beans, and is well satisfied with the prospect to date. He lists his ground, and thinks that a better way than top planting, in cultivating he turns up moist soil, and says there is plenty of moisture in the ground.

Mr. and Mrs. Crawford have gone to Brownwood, Texas, for a visit with their daughter, Mrs. J. A. Milligan. Mrs. Milligan has been suffering with heart trouble for some time and it was on this account that Crawfords have gone to see her at this time.

Mrs. Arthur Parrett, in honor of Mrs. Frank Hall of El Paso, Texas, entertained a few of Mrs. Hall's friends Thursday afternoon. The afternoon was very pleasantly spent and at its close the hostess, assisted by Mrs. L. Bachmann, served a dainty luncheon.

The New Mexico Tax Review for June, just issued, is quite as interesting to the student of New Mexico public finance and official administration, as was the May number in which the Taxpayers' Association reviewed financial transactions of the department of public lands.

E. L. Smith came up from Cedarvale last Saturday. He reports farming operations in that locality progressing satisfactorily, the worms having done no very serious damage. Crops are looking very well and there is a fair stand.

W. H. Chandler reports his crops doing satisfactorily so far, and he considers the prospect very good. He is grumbling about living without a woman, however, and says if Mrs. Chandler doesn't return soon he is going to advertise for one. Mrs. Chandler went to Texas some time ago, called by sickness.

Miss Ritchie and County Agent Harwell had big meetings at Cedarvale last week. There were 42 women at the afternoon meeting and 162 at the night meeting. Miss Ritchie spoke at the night meeting also. By the way, the Cedarvale country contains a lot more people than formerly. Since last November Commissioner DeWolf has executed ninety-eight filings, and most of these are on their claims. The meeting at Mountainair was attended by 16 women in the afternoon, and the attendance at the night meeting was 72.

The contractors who are drilling the state wells on the state land in the northeast corner of the county were here Tuesday to get a drill stem welded at the railroad shops. They have had pretty bad luck in their drilling. The first hole, 600 feet in depth, was dry. A small flow of water—two or three gallons per minute—was encountered in the second one below 700 feet, and then a string of tools was lost in the hole. The expense and the time consumed in fishing for these tools runs up to \$2,000, and the tools are still in the hole. When the third hole was down about 300 feet the stem of the new drill which they had procured was broken and the drill lost in the hole. However, the drill was recovered and the stem was welded yesterday, and they will soon be pounding away again.

S. Spore made a trip to Santa Fe the first of the week.

Angus McGillivray is in Santa Fe for a visit with his family.

Rev. Anderson will hold regular services at McIntosh next Sunday.

John McGillivray and Mr. White were early visitors in Estancia from Lucy Wednesday.

Mrs. Arthur Parrett of Estancia left for Santa Fe Tuesday to attend the summer school there.

The adobe wall at the rear end of the bank building is being torn out and replaced with brick.

Mr. and Mrs. Ernest Hoover left this morning for Trinidad, Colorado, where Mr. Hoover expects to find employment.

C. L. Riley says he has the best crop prospect at this present time that he has had at this time of the season in the pine years he has been farming in the valley. He will have no fruit, though, the freeze having killed every blossom.

J. M. Caddy reports that he has a pretty fair stand of both corn and beans. He thinks the worms are blamed for some things they are not guilty of. He was saying a poor stand of corn to them, but found it partly due to the fact that he had packed too hard over the seed. He drove pieces of slate for miles and dragged them behind the planter wheels in subsequent planting, and got better crops.

I. M. Bolton, who lives in the west foothills, says he has about half a stand of corn and beans, but both look fine and promise considerably more than last year. The corn is knee high.

J. H. Ginter and family returned last week to their home in Socorro.

FOURTH OF JULY

Arrangements have now been completed for the picnic to be held in Estancia on the 4th of July.

To begin with, the plans look to making it a day of enjoyment and comfort for those who do not care much for the sports and amusements. To this end temporary seats will be erected in the park, so that it will be convenient for picnickers to spread their lunches, and also for those who wish to spend more or less time there visiting with each other and enjoying the shade and good water.

For the more strenuously inclined, the following program of sports and amusements has been arranged, with prizes as named:

At 10:30 in the forenoon, automobile parade, with prize of \$10 for the best decorated auto, and \$5 for the second best. It is expected that fifty to one hundred autos will take part in this parade.

After the parade will be visiting and dinner, then the following schedule:

Horse race, \$10 first, \$5 second.
Pony race, \$5 first, \$2 second.
Free for all, \$3 first, \$2 second.
Men's race, \$1.
Boys over 12, \$1.
Boys under 12, \$1.
Girls over 12, \$1.
Girls under 12, \$1.
Sack race, \$1.
Potato race, \$1.
Men's tug of war, \$2.
Boys' tug of war, \$2.
Bronco busting, \$5 first, \$2 second.
There will be a picture show all day, and picture show and big dance at night.

Thorough arrangements for preserving order will be made, and it is expected that the day will be one which all can enjoy.

WOMAN'S CLUB

The Woman's Club met at the Club room June 16 with Mrs. Green hostess. After a short business meeting and a great many comments on the war situation we adjourned to meet with Mrs. Kelly at the Club room at the next regular meeting. Miss Crawford and Mrs. Clark entertained us with songs, after which our hostess led us to the ice cream parlor where ices and delicious cakes were served to a merry crowd by the hostess assisted by Mrs. Stubblefield. The visitors for the day were Mrs. Hobb, sister of Miss Crawford, Mrs. L. D. Roberts, and Mrs. Bachmann.

Silverton

Special Correspondence.
We are very sorry to be just a week behind with our news each week, but it seems impossible to get them in on time. However, we will try harder in the future.

The Ladies' Aid met Thursday last with Mrs. Ben Young and finished quilting the quilt that was begun last meeting, and after sending the quilt it was presented to Mrs. W. S. Buckner by the president, Mrs. Young, in behalf of the Aid. A good meeting was held. All unfinished business was transacted and arrangements made to order goods to make up for the bazaar in the fall. Another quilt was gotten under way. Mrs. Bush of Estancia was with us and joined our Aid with which we were very much pleased, and paid a year's dues in advance with which we were very much pleased. There were five members present and eight visitors. A jolly social hour was enjoyed while the hostess served delicious refreshments assisted by her daughter-in-law, Mrs. Elmer White, and little granddaughter, Miss Develin White of El Paso. The next meeting will be with Mrs. L. W. Jackson June 29th.

Aint it dry? is the first word of greeting you hear from most of the folks now. But don't worry, the rains will come by and by, and then, oh then the weeds will begin to come too. So instead of bemoaning the dryness spend your time turning the soil and sharpening your hooves.

Mr. Deen of Silver City is spending a few days with Frank Clark and looking over the valley.

Miss Martha Lewis Buckner, Myrtle Chandler and Annie B. Kuykendall spent Thursday in Estancia.

Mrs. S. R. Douglas of the Neora Ranch spent Thursday with Mrs. W. S. Buckner and attended the Ladies' Aid in the afternoon and the party at night. Silverton is getting busy once more with Aid meetings, parties, Sunday school, preaching, singing and prayer meetings. Come out and be with us, it will be fun.

Miss Nettie Grasham of Caddo, Oklahoma, sister of Mrs. H. Ligon, will arrive on her annual visit to the valley about August 1st. She is very much in love with this country and thinks of locating here in the near future. Her two brothers, Dr. Grasham of Caddo and Tobe Grasham of Kentucky are expected to make a visit here about the middle of August. As usual all the good things to eat are laid by awaiting the arrival of Net as we call her.

Miss Martha Lewis Buckner entertained the young people and a few of the older ones last Thursday night, it being her 14th birthday. The crowd began to gather at 7:30 and kept increasing till 9 p. m. when the home was full to overflowing, six to five in all, and a right merry time they had. Ice cream and cake were served at 10:30. When the hour of two o'clock arrived all seemed lost to leave, but all things must come to an end.

Mrs. Elmer White and two children of El Paso are visiting their relatives, Mr. and Mrs. Ben Young for a few weeks.

Last week's items.
A good crowd attended singing last Sunday night. Two organists were on duty and everything was carried on in perfect order. On next Sunday night we will meet a little earlier and have singing, followed by a prayer meeting. We hope a few more of the older ones will come out and be with us, for we think it will do you all good and will encourage the younger people in good works. So now let's see how many heads of families will come and let's fill Silverton's school house as it used to be filled.

W. S. Buckner and family spent Sunday in McIntosh where Mr. Buckner preached to a large audience.

Mr. and Mrs. Buckner and daughter were entertained for dinner Sunday by Mrs. Falconer near McIntosh.

Mrs. Sylvia Milburn and daughter Mildred entertained for dinner Sunday Mr. and Mrs. Beck of New Home, Martha Lewis Buckner, Lucy and Mildred Clark, Willie Clark and Wm. Buckner.

L. W. Jackson went to Estancia last Sunday to bring Henry Jackson back with him to fight weeds in Mr. Jackson's crop.

Miss Caroline DeHart, Miss Annie B. Kuykendall and Mrs. Kuykendall took dinner Tuesday with Mrs. W. S. Buckner.

Bro. W. H. Ligon and wife entertained for dinner last Sunday Mrs. Amos Kuykendall and son Harvey Steele and Miss Annie B. Kuykendall.

Misses Merle and Madge Baron entertained the Silverton and Cedar Grove and some of the McIntosh young people last Saturday night.

Misses Wherret, Clara Torrence, Jennie Tutt, Dixie Lipe, Mabel Laws, and Everett Torrence, Wayne Laws and Jack Long of McIntosh attended the Baron party Saturday night.

The Ladies' Aid will meet with Mrs. Young again this week as the quilt is still in the frames there yet.

We are just in receipt of a letter from Ed Clark of Burleson, Texas, stating that he is still as blind as he was when he left here, but is being cared for by a kind old lady and is quite comfortable. His brother George is in the fruit tree business, but as usual with most people they still pine for the Estancia valley and desire to trade their land in Burleson county for land here. Ed states that he is very sorry that he sold his land in this part of the valley. Most everyone will remember Ed. He asked about all his old neighbors and friends.
