A Card.

Mr. J. C. Wescott, the popular and genial traveling salesman, who has been traveling Accomac and Northampton Counties for the past year in the interest of the American Fruit Co., has remained at his home at Onancock during the extreme bad weather we have experienced and the heavy roads which have been almost impassable and lately for the reason that Mr. Wescott is now entirely recovered from his injury and has made a trip to Baltimore to confer with his Company in regard to the business for the coming season.

He reports that the outlook for business is very favorable and that the American Fruit Company proposes to sell their bananas to the trade that he calls on in competition with any concern in the business and will make the effort to ship the finest bananas that grow.

In addition to representing this large concern Mr. Wescott will also offer a full line of confectionary and produce, which orders will be placed with the old established and well known firm, The Orem Fruit & Produce Company. Mr. Wescott has made a satisfactory arrangement by which he takes orders from the trade for every thing that his houses offer, the bananas to be furnished by the American Fruit Company while the Orem Fruit & Produce Company will furnish every thing else in the fruit and produce line.

Judging from his very successful experiences in the past with the trade in Accomac and Northampton Counties it is
