### MRS. MERROW ENTERTAINED

The home of Mrs. D. A. Kelly was most artistically decorated on Thursday, October 31st, in honor of Mrs. Samuel Merrow, a bride of the month, who prior to her marriage was Miss Ida Leib, of Palatka, Fla., and a most popular visitor to Fernandina for many years.

Rose de Montana and asparagus fern gracefully carried out the color scheme of pink and green, accentuated here and there by exquisite bows of pink tulle.

The guests were first received by Mrs. C. H. Binnicker and Miss Tracy Hecker in the drawing room, by Mrs. Kelly, hostess, most becomingly gowned in whiteorgette with beaded trimmings, and Mrs. Merrow, charming and gracious, in her cream lace wedding robe over satin with chiffon trimmings, each carrying pink carnations.

Upon invitation to the dining room each guest was served with pink ices, cake and pink and green mints, Mesdames Lynn, Clark and Allan serving.

A more pleasant time could not have been spent and best wishes were extended to the bride for any such happy hours.

### TO SPEAK SUNDAY

Dr. L. E. McNair, former camp general secretary of the Army Young Men's Christian Association at Camp Johnston will address a mass meeting at the Lyceum on Sunday afternoon, November 10th, at 3 o'clock, in the interest of United War Work.

We will also have a representative of the Knights of Columbus to speak at this meeting, and perhaps a quartette of singers from Camp Johnston, with a solo by Mrs. Sam Merrow. The Fernandina orchestra will render appropriate music. The entire program will be a treat in every way.

It will be a great pleasure to introduce Dr. McNair to a Fernandina audience, as he ranks as one of our foremost speakers. For the past even months he has been engaged in camp work in Jacksonville. Prior to going there he was connected with the Army Young Men's Christian Association at Camp Jackson, and is well qualified to tell of the work of the sever welfare working organizations.

### ALL READY FOR THE UNITED WAR DRIVE

Everybody is now ready for the great drive, which begins Monday, November 11th, and ends Monday, November 18th. The committees have all been appointed and all are eager to begin the great work of collecting the greatest offering of money that was ever asked of the American people.

The sum asked, about 200 millions of dollars, is a stupendous one; but the object of it, to bring cheer and comfort to our millions of soldiers and sailors, to make them feel that we are backing them up, to help them nerve themselves for heroic deeds so that a glorious victory may crown their gallant efforts; this is greater than any money consideration and so we will not count the cost, but will give more than we ever gave before.

Don't let talk of peace make you relax your generosity; peace is coming, almost here, won by our invincible American armies, but in the period may be of years until our boys are returned to their homes again the work of the United Societies, who are asking your help, will be more than ever necessary especially in guarding the morals of the men in camps, in throwing around them the sweet influences of home and religion in protecting them from the moral dangers and temptations incident to the soldiers and sailors life. Again our home boys deserve something for their hard won victory; show them your gratitude by your generosity.

Our slogan is "In Union there is strength"; with the seven societies all working as one, with their vast organized membership all tuned up and linked together surely success must crown our efforts. Be ready then next week to give promptly and generously; you are lending this time to the Lord and the Lord will repay in things far more precious than gold or silver or worldly treasures. When the count is made up we hope to see Nassau county not the last or least but away near top in the list of the counties that helped Florida go over the top with her \$1,000,000 quota for the United War Work Fund.

### SLEEP AND REST

One of the most common causes of insomnia and restlessness is indigestion. Take one of Chamberlain's Tablets immediately after supper and see if you do not rest better and sleep better. They only cost a quarter.

Says General Pershing, referring to one of the war work organizations:  
"A SENSE of obligation for the varied and useful service rendered to the army in France . . . prompts me to join in the appeal for its further financial support. I have opportunity to observe its operations, measure the quality of its personnel and mark its beneficial influence upon our troops, and I wish unreservedly to commend its work for the army."
