

**Notice to Local Unions.**

All Local Unions in Florida are hereby notified that the State Executive Committee has arranged for the State Union Convention of Florida to convene at the city of Live Oak, Florida, July 14, 1908, 10 a. m., and to continue three days in session.

Let me suggest that our Farmers' Union people send a full delegation of their best and wisest members to this convention, and thereby make the convention a grand success and unionism stronger in Florida than ever before.

The time has come that we should put our shoulders to the wheel if we are to perpetuate unionism in Florida, and thereby hold the ground that we have gained.

Prices are high priced goods, but no organization or fraternal order will thrive without them. Therefore let us put our best men in front and give them "special support."

Hoping to meet a good delegation at Live Oak, I am

Yours fraternally,  
**JAMES R. PUMPHREY,**  
 State Sec. Treas., Fla. Div.

**Hickory Sink Items.**

The school here closed last Friday, May 30th. This was the most successful term of school that has ever been taught at Hickory Sink. There was a total enrollment of 48 pupils, and the attendance held up well until the last. This is one of the best schools in the county, and the patrons are taking a deep interest in it which will doubtless keep it among the best.

The school was very successful in securing Prof. Hall for a teacher. His kind disposition and high ideals as a Christian gentleman have much influence over those whom he comes in contact with. His cheerful face and kind words caused him to be honored by the patrons and loved by his pupils.

Mr. Miller will give a lecture on music at the school house, May 30th, 10 a. m.

The farmers through this section are well up with their crops and are needing rain very bad just now.

There will be prayer meeting at Evergreen church every Sunday evening at 4 o'clock. Everybody requested to attend.

The Picnic at Dowling Park. The Odd Fellows and Excelsior Rebekah lodge picnic at Dowling Park on Wednesday was very well attended, and all hands had a fine time at that popular resort. The basket dinner was a drawing card, and there were great baskets of

good things, nicely prepared and in the greatest of abundance. Chicken baked, fried, smothered, stewed and, pies and cakes of all kinds and sizes, besides all the other good things that go to make a basket-dinner just what it should be. There was a good game of base ball, athletic sports, bathing, boating and

fishing. At night there was a very enjoyable dance. It was a very successful picnic, and the Odd Fellows and the Rebekah lodges are to be congratulated for giving their friends an opportunity to enjoy the pleasure of the day.
