

RICHARD B. MAUGHS IN TOILS OF LAW

Former Gainesville Man Charged
With Murder in California.

KILLED RANCHMAN EMPLOYER

Sheriff of Merced County, California,
Writes to Parties Here for Information
Regarding Man, Who is Now
Confined in Prison.

Richard B. Maughs, many years ago a resident of this city, and who married a young lady here, is in trouble in California, and now occupies a cell in the jail of Merced county upon the serious charge of killing his employer, a wealthy ranchman.

Maughs was well known in this city and section in his time, which was along in the nineties. He was a hale fellow well met, but never made much of a success of life, probably owing to his generosity when he had money. He would think nothing of entering a saloon and inviting the crowd to "join him" when he was financially in a position to do so.

About two months after his marriage Maughs deserted his young wife, and afterwards a child was born to them. He went to Texas, where all trace of him was lost until a few days ago, when H. F. Dutton received the following letter from Sheriff John S. Swan of Merced county, California:

"I herewith enclose you photograph and description of one who calls himself Richard B. Maughs, or Moss, who we have now confined in our county jail on a charge of murder.

"Maughs was working for a young man by the name of Zanders, who resided on his ranch in the coast range, in a very remote part of this country, in the capacity of cook. On Sunday, January 15, it seems from no provocation to speak of, Maughs shot young Zanders with a 44-Colts pistol, killing him instantly.

"The reason I write you regarding this man, I find that he has in his possession a bank deposit book with your bank in the name of Mrs. S. M. Riggs, and date of last entry was May 1, 1903.

"Maughs claims he has been among the Indians a great deal, and the gunshot wounds described were caused from fighting Indians. He has a fair education, and has been around a great deal. He is a great boaster."

The description accompanies this letter, and is as follows: "No. 885, Merced county jail; Richard B. Maughs, alias Richard B. Moss; nativity Missouri; complexion, medium ruddy; hair, chestnut and gray; eyes, light blue; eyebrows, light; mustache, light; age, 55; height, 5 feet, 10 1/2 inches; occupation, all-round man; habits, moderate drinker and smoker; size of foot, 8 1/2; high forehead, slightly bald in front, dim scar of two inches center of forehead, several dim scars on forehead between eyes; mole outside right eye; deep gunshot wound right side under jaw; gunshot wound right leg about one foot above knee; left leg shorter than right; short chin.

The photograph accompanied this description, and notwithstanding that the prisoner alleged to be Mr. Maughs is now fifty-five years of age, and has grown a mustache, old acquaintances here see a familiarity of features which prompts them to declare the California authorities have the right man.

THE GROUND BROKEN.

Diamond Ice Company Will Soon Have
a New Plant at Alachua.

Ground has been broken for the new ice factory, which will be erected by the Diamond Ice Company at Alachua, and the building will be pushed rapidly to completion. The contract for the wood work has been let to A. E. Wittstock, and the brick work will be executed by E. C. McMahan. It is proposed to complete the building by April 20.

The plant, for which Manager Livingston says the order has already been placed, will be a fifteen-ton machine, modern in every respect.

White Man Crushed to Death.

Montgomery, Ala., March 9.—Thomas Hines, a young man whose home is at Highland Park, was the victim of a fatal accident. While serving as a motorman for the Montgomery street railway he was knocked from his car and had both legs crushed off below the knees. He was taken at once to St. Margaret hospital, where double amputation was performed.

OLD AGE

Not a Time of Life, or Length of
Years, but a Condition of
Bodily Tissues.

said a celebrated London physician, and just so long as the bodily tissues can be kept from wasting and built up, just so long can old age be kept at bay, and people will be alert, alive, active and young.

Our well known druggist, Mr. W. M. Johnson, says: "Our cod liver oil preparation, Vinol, is the greatest tissue builder and invigorator in the world for old people. There is nothing else known to medicine that can equal it, because Vinol contains in a concentrated form all of the body-building, life-giving principles of cod liver oil actually taken from fresh cods' livers, and is not a stimulant which produces bad after effects. We have letter upon letter from grateful old people, whom Vinol has strengthened and blessed with robust health. Vinol invigorates the stomach first of all, enabling it to separate from the food the elements needed for rich, red blood, healthy body material and sound, steady nerves. In this way it repairs worn tissues, checks the natural decline and replaces weakness with strength."

Mr. A. J. Barker of Evansville, Indiana, says there is no other medicine in the world equal to Vinol for old people. He would not take a thousand dollars for the good it has done him.

The grand-niece of Alexander Hamilton, Mrs. Sarah J. Windrom, says: "Vinol is a godsend to old people." She is seventy-six years old, and is active and well, thanks to the vitalizing effects of Vinol.

We wish every man or woman in Gainesville who "feels old," whether they are so in years or not, would try Vinol on our guarantee to return their money if they are not satisfied after using it. W. M. Johnson, druggist.

GRAND RAPIDS HAS BIG FIRE.

One Man Trown from Sixth Story of
Building and is Killed.

Cedar Rapids, Iowa, March 9.—One man thrown from the sixth story of a building to the pavement was the only fatality in the \$1,500,000 fire which occurred in this city during last night, in the American Cereal plant.

John Safely, the night watchman, had gone to the sixth story of the hull house to examine the condition of the floor when an explosion occurred. Safely was either thrown out of the building or else jumped to the pavement below. He was crushed beyond recognition. The fire was still burning this morning, and was eating its way through the new mill, 150 feet of which had already been destroyed.

The whole structure is doomed. The entire loss will reach \$1,500,000, while the official list of insurance amounts to \$200,000.

The fire departments from Belle Plain, Vinton and neighboring points, are here assisting the local force to confine the flames to the cereal plant.

Leaped from Fourth Story.

Chicago, March 8.—Under the impression that he was being hypnotized, James McK. Gordon, 35 years old, has leaped from the fourth floor of McCoy's hotel, landing on the sidewalk, and receiving injuries that caused his death an hour later. Earlier in the day Gordon cut himself in the head and chest while sitting at a table in the hotel dining room. He had shown signs of insanity while on a train with his wife coming from California. Gordon went west to invest in land. He met reverses and worry from this cause is said to have brought on insanity.

WOMAN FAINTS IN COURT.

Mrs. Chadwick's Illness Causes a Temporary
Stop in Her Trial.

Cleveland, March 8.—Mrs. Chadwick came into the court this morning apparently none the worse for her illness, which caused the adjournment of court yesterday afternoon. She wore the same gown of black and white, as on her first appearance, but had added a long gray veil.

Andrew Carnegie was not in court. E. H. Holter, of Oberlin, who was on the stand yesterday when the adjournment was taken, was called again. He was a director of the Citizens' National Bank of Oberlin. He was asked what knowledge he had of any transactions carried on by Mrs. Chadwick's attorneys was allowed to answer. He said he knew nothing of any on them until Nov. 27, 1904.

J. F. Randolph, of Oberlin, also a director of the Oberlin bank, gave evidence similar to that of Mr. Holter. He was asked if he was a member of the finance committee of the bank and answered:

"I do not know that I am except by hearsay."

C. P. Doolittle, an instructor in Oberlin college, and also a director of the bank, testified that at all meetings of directors the minutes of the last preceding meeting were read by Cashier Spear, as well as the discount book. He never knew of any dealings between the bank and Mrs. Chadwick until the day before the bank closed. None of the Chadwick deals was ever reported by Mr. Spear to the directors.

Backache, "The Blues"

Both Symptoms of Organic Derangement in
Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some uterine derangement. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the ablest specialists agree that it is the most universally successful remedy for woman's ills known to medicine.

The following letters from Mrs. Holmes and Mrs. Cotrely are among the many thousands which Mrs. Pinkham has received this year from those whom she has relieved.

Surely such testimony is convincing. Mrs. J. C. Holmes, of Larimore, North Dakota, writes:

Dear Mrs. Pinkham:—
"I have suffered everything with backache and womb trouble—I let the trouble run on until my system was in such a condition that I was unable to be about, and then it was I commenced to use Lydia E. Pinkham's Vegetable Compound. If I had only known how much suffering I would have saved, I should have taken it months sooner—for a few weeks' treatment made me well and strong. My backaches and headaches are all gone and I suffer no pain at my menstrual periods, whereas before I took Lydia E. Pinkham's Vegetable Compound I suffered intense pain."

Mrs. Emma Cotrely, 109 East 12th Street, New York City, writes:

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Dear Mrs. Pinkham:—
"I feel it my duty to tell all suffering women of the relief I have found in Lydia E. Pinkham's Vegetable Compound. When I commenced taking the Compound I suffered everything with backaches, headaches, menstrual and ovarian troubles. I am completely cured and enjoy the best of health, and I owe it all to you."

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine in the world has received such widespread and unequalled endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it. Her advice and medicine have restored to health more than one hundred thousand women.

Coroner Townsend found \$11,000 in cash, drafts and deposit certificates on the man's person. These were made in the name of different people, and it was not till a great mystery had developed over the case that the man was identified as L. A. Sewl, of Denison.
