HOW WE KEPT THE DAY.

The Fourth of July Celebration at Island Grove.

Island Grove, July 5.—Perhaps no place in Florida the size of our little town had a more glorious celebration of that grand event which made our nation the most powerful of all nations than we had at this place on the Fourth. The people all turned out in full force to show their unswerving patriotism and love for the American flag that shields us beneath its protecting folds.

The program was beautifully and most impressively rendered.

The tree under which the speakers' stand was draped in red, white and blue, and two flags were floating in the tree above.

The first number on the program was that old familiar song, "America," which was rendered by a number of clear young voices.

F. T. Baker, Sr., then read in a most impressive manner that old immortal document, "The Declaration of Independence," which, though often we may hear it, never fails to thrill us with admiration for our patriotic forefathers.

The young people then sang "The Star Spangled Banner," after which Mr. Wm. ... was introduced and read very clearly an appropriate paper for the occasion.

Next on the program was a song, "Battle Hymn of the Republic," which was well rendered. Then came a march which was rendered to perfection by forty little boys and girls. The little ones by their ease and grace delighted the lookers-on and won for themselves great applause.

Mr. J. Whittier was then introduced as the orator of the day, and delighted his hearers with a most appropriate and well delivered address.

"Columbia" was then very impressively sung by the young people, after which the good ladies spread a most sumptuous dinner, and it is needless to say that this was one of the most enjoyable features of the day.

Ice cream was served free during the day, and the entire day was an unceasing flow of enjoyment to both old and young.

In the evening Mr. and Mrs. J. R. Shaw prolonged the enjoyment of the young people by tendering to them a social gathering which was much appreciated. Parlor games were indulged in till a late hour, when the young people took their departure, each vowing Mr. and Mrs. Shaw charming entertainers.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all

PARISIANS CHEER AMERICANS.

United States Soldiers and Marines Heartily Welcomed.

Paris, July 7.—The unusual sight of an detachment of United States sailors and marines swinging around the central thoroughfares of Paris today aroused great enthusiasm and brought out an enthusiastic welcome from the crowds along the line of march.

The American naval contingent numbering 500 men, with 25 officers, left Cherbourg in the two special trains at 3 o'clock this morning arrived at the Invalides road station at 11:40 a. m. In spite of the hard night the sailors and marines presented a fine appearance as they emerged from the station. They were uniformed as a landing party, wearing the regulation gaiters and carried rifles with fixed bayonets. A company of French infantry was drawn up fronting the station to receive the Americans. The latter formed in battalion and unfurled the American flag and naval ensign. At the same moment the French troops came to the salute, the French standard was dipped, the French band struck up the "Star Spangled Banner" and the great crowds which had surged across the Alexander bridge, shouted:

"Vive les Americans!" and "Vive Le France!" the entire multitude cheering.
