

THE SEMINARY WILL HAVE A FALL TERM

This Was the Decision Reached by Citizens in Mass Meeting.

AN ADJUNCT TO HIGH SCHOOL

It is Proposed; in Addition to Regular Seminary Course, to Teach the Higher Branches of Public School—Normalites to be Cared For.

An enthusiastic meeting of citizens was held at the court house Monday morning for the purpose of arranging for accommodations for the faculty and students of the University normal, which convened here Monday, also to continue the Seminary for another year, until the University buildings are completed.

The meeting was well attended and a great deal of enthusiasm was manifested along educational lines, which showed that our people are still thoroughly imbued in school matters—in fact, absolutely saturated with school ideas.

The meeting was called to order by Mayor Thomas, who explained its purpose. Marcus Endel was selected secretary.

The normal being called and conducted at the Seminary under direction of the State Educational Board and Board of Control, the barracks and dormitory of the college will be used for the accommodation of the faculty and students and Mrs. R. B. Taylor was selected as matron to furnish board at a rate not exceeding \$12 per month.

The matter of continuing the Seminary until such time as the new State University buildings which will be erected are completed, which it is anticipated will be ready for occupancy at the term for 1906, it was decided to continue that institution as an adjunct to the Gainesville Graded and High School and by subscription over \$1,000 was raised for the purpose of assisting in expenses of conducting same.

After disposing of a few other trivial matters pertaining to education the meeting adjourned.

MR. SHEATS APPOINTED.

Will be Principal of Gainesville Graded and High School.

Hon. W. N. Sheats, ex-State superintendent, has been tendered the principalship of the Gainesville Graded and High School by unanimous action of the board of trustees and the Board of Public Instruction for Alachua county. It is not yet definitely known whether Prof. Sheats will accept the position, but friends here are inclined to believe that he will.

Prof. Sheats is regarded as one of the most competent educators in the State, and will make of the school one of the highest standard.

Mrs. Munsinger Married.

Friends of Mrs. Munsinger of Windsor will probably learn with surprise that she was married to Rev. Mr. Howell in Philadelphia a few days ago.

The bride is well known in Windsor, where she is postmistress, and where she has resided for twenty years past. She has many friends in that section.

The groom is not so well known here at present as he probably will be, since it is learned that he will take up his abode at Windsor. He is a strong personal friend of Rev. W. E. Blackstone, the Bible Conference orator who is known here, and is said to be a man of rare literary talent.

The Sun extends congratulations.

At the Opera House.

Mrs. Edna Smith Morrison took the leading soprano role in the musicale given here for the benefit of the Pythagoras Lodge, Knight of Pythias, last Wednesday and more than surpassed the many good things that was said of her before she came. Should the Cutter-Morrison Concert Company ever visit Tampa again they shall be given a still greater reception.—Tampa Tribune.

This company will appear at the Opera House this evening under the auspices of the Twentieth Century Club for the benefit of the public library.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and 1.00 bottles.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Noted Moonshiner Captured.

Raleigh, N. C., July 10.—The United States deputy marshal and four of his assistants have arrested after a desperate struggle Columbus Edwards, a white man, who has for 25 years been, perhaps, the most daring moonshiner in Piedmont North Carolina. It required the strength of all five of the men to overpower and handcuff Edwards, who styles himself "the Red Fox," and whose boast is that for a quarter of a century he had been too sly for the best revenue officers in the service. He is in jail.

Tennessean Waylaid and Killed.

Chattanooga, Tenn., July 10.—A special to the News from Pikeville, Tenn., says that W. S. Tolleite, vice president of the Ferguson house here and brother of the state senator, E. G. Tolleite, of Crossville, was waylaid and shot to death early this morning while coming from his farm. No cause is known for the crime. The murderer has not been captured.

Mr. Cleveland Will Not Retire.

New York, July 10.—In relation to a report that Grover Cleveland was considering retiring from the trusteeship of the Equitable Life Assurance society, Mr. Cleveland authorized the following statement: "Nothing has occurred thus far to dissatisfy me in the least, and the idea of retiring from the trusteeship has never entered my mind."

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns of Rat Portage, Ontario, Canada. "Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists.

Occasional Collision of Arms.

Tokio, July 8.—1 p. m.—The following dispatch has been received from the Japanese army headquarters in Manchuria:

"Occasional collisions take place between scouts on both sides of the railroad along the Fenghua Kaih Yuen and Kwangping roads. The enemy is being gradually driven northward."

Kansas Can't Build Refinery.

Topeka, Kans., July 10.—The law passed by the legislature last winter appropriating \$410,000 to build an independent oil refinery at Peru was today declared unconstitutional by the state supreme court in an opinion rendered by Associate Justice Greene.

Liabilities \$357,645; Assets \$260.

Chicago, July 10.—Louis M. Spencer, a life insurance and bond agent, has filed a voluntary petition in bankruptcy in the United States district court. He places his liabilities at \$357,645 and his assets at \$260.

Forced to Starve.

B. F. Leek of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At all drug stores; only 25c.

GORGEOUS ATTIRE.

Dress of a Liverpool Merchant in the Eighteenth Century.

The Liverpool merchant in the latter half of the eighteenth century must have presented a by no means unpleasing appearance. He dressed, as a rule, we are informed, in a suit of one color, usually light or of a snuffy shade. The cut of his ordinary coat resembled that of a court dress coat, with standing collar and gilt, silvered, twist or basket buttons. His waistcoat was very long, with large "flaps," containing flapped pockets, these often decorated with buttons. His breeches, being short, were ornamented at the knees with buckles of gold, silver or stone, kept in countenance by large gold, silver or gilt buckles on his shoes, his legs being hosed, as a rule, in silk, plain, striped or ribbed. Ruffles at his wrist and a white stock about his throat were an almost invariable accompaniment, and on his head a cocked hat, pointed in front and higher at the back than the sides, over hair dressed into large, "cannon" curls on each side of his face, with a cue hanging behind, or it might be over a "tie," "cauliflower" or "brown bob" wig. Thus, with stick or umbrella, rendered remarkable by reason of its head of gold, silver, amber or ebony, would he wend his way to "town." In "full dress" he must have even more attractively looked the merchant "prince" in his waistcoat of silk, satin or velvet rich in color and design, with long flaps elaborately embroidered, silk breeches and silk hose, with conspicuous knee and shoe buckles. If he on occasion dined with the mayor he might receive an engraved invitation card similar to the following, directed to Mr. Leece in 1776: "Mr. Mayor presents his compliments to Mr. Leece, begs the favor of his company on Sunday next to dinner, at 1 o'clock, at the Exchange. An answer is desired. 12th July, '76."

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all drug stores; price 50c.

The Policeman and His Uniform.

Why is it that a policeman of medium build can handle frequently two and sometimes three men his size in a fight? An officer on the local force was discussing the question. "I'll tell you why it is," he said. "It is simply because the policeman is in uniform. The uniform denotes authority, and that takes the nerve out of his opponents to a certain extent. They know that they are breaking the law by resisting him, while he might even kill them and not commit a crime. All through a fight with a policeman the other fellow or fellows are thinking of escape. The officer isn't. He's thinking of subduing and arresting the man or men. He puts his whole effort and strength into it, while his opponents generally fight in a half hearted way. Put a policeman in citizen's clothes, with his star under his coat, and he wouldn't be able to whip two men his size any more than you would unless the two men knew he was an officer of the law."—Kansas City Times.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.
