MOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

TEACHERS ENTERTAINED.

A Delightful Evening With the W. C. T. U. at the Dormitory.

There was a very jolly and large attendance at the reception held in the girls' dormitory on Friday night by the ladies of the W. C. T. U. in honor of the teachers in attendance at the State Normal School, and of the large number taking the course nearly all enjoyed this social event. The rooms were tastefully decorated with plants and cut flowers, and across the arch that separates the parlors was the motto of the Union: "For God and Home and Native Land."

Owing to the rain the people were late in arriving, but when the Rev. T. J. Nixon called to order the rooms were comfortably filled with faculty, teachers and friends, and the sweet strains of music by the Mandolin Club could hardly quiet the hum of voices. After another very pleasing number by the Club, a vocal solo, "A Mother's Prayer," was rendered by Prof. J. E. Smith, which was a very touching selection. Miss Mary Baird followed with a recitation, "Courage With Wine," in which she proved herself a very entertaining and painstaking reader. She received many compliments from her admiring friends.

After a selection by the Mandolin Club, Miss Longmire gave a humorous reading relating the trials of an "Inventor's Wife." Her selection captured the entire audience and she was heartily encored.

Prof. J. E. Smith, in his rendering of "The Pensive Old Piano," made a decided hit, and those who have listened to the progress of the "new beginner" as she begins with one-and-two-and, etc., until she reaches the "Java March," would appreciate the effort.

Prof. Tom McBeath was next on the program with a paper on "Temperance," in which he gave his views in a clear and concise manner. He told the teachers of the work that had been turned over to them in recent years through the efforts of the mothers to manage the affairs of State instead of inculcating morals into the minds of their children at home. His paper was well prepared and gave his views on the temperance question in a very emphatic manner, although they were in conflict with what has been often said by others on the subject.

Miss Mary Cushman, one of the teachers at the Normal, in her recitation of "The Vagabond," displayed well developed talent in that line, her rendering demonstrating much dramatic fire and good conception of the character portrayed. She responded to an encore.

Another solo by Prof. Smith, "Only a Drunkard," was received with appreciation, the last number on the program being a recitation by Miss Julia Wainwright, entitled "Poor Farm Nan." She gave the selection with much spirit and with credit to herself.

At the conclusion of the exercises the large company partook of the "fruits" served by the young ladies in the next room, and in this part of the program the Misses Myra McMillan, Janie Taylor, Mary and Nellie DaCosta won the favor of the entire audience.

The promoters are to be congratulated on their success in furnishing so pleasant an evening's entertainment, and for their efforts to make all feel at their ease and enjoy a social time.

A SUCCESSFUL HUNT.

Party of Sportsmen Killed Many Birds But Fine Dog Dropped Dead.

Dr. G. B. Tison, W. R. McKinstry, B. M. Tench and J. M. Dell killed 225 doves Friday, the score being so evenly divided, no one had any "kick" coming. The part of the day when the party could have had their best shooting it rained, and consequently the score was very much smaller than it would otherwise have been. The only thing except the rain which marred the pleasure of the party was the fact that Will McKinstry's favorite dog, "Bettie," fell dead, causing the party to feel that the loss over-balanced four times the pleasure, game, etc. It is best not to name the cause of the dog's death, but refer you with a heart full of sympathy to Willie, who, if not too full for utterance, will explain.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
