

ANOTHER BLIND TIGER RUN TO THE EARTH

Harmon Jones, Alleged Booze Dispenser, is Now in Prison.

THOUGHT BOOZE WAS CIDER

Admitted That He Was Selling the Stuff, but Declared in Court That it Was for Another Party, and He Believed it Cider.

The blind tiger fiend insists upon following his avocation in this county, notwithstanding that he realizes he is facing a hard proposition indeed if he is caught, with chances of being caught nine to ten against him. Deputy Sheriff Beach brought an offender who was arrested for the illegal sale of whiskey from Trenton Monday, and the offender is now in jail awaiting the action of the grand jury.

Deputy Sheriff J. L. Story arrested Harmon Jones, a negro, at Rochelle Monday afternoon upon a charge of selling whiskey in a dry county. The man was arraigned in Justice Colman's court Tuesday, and admitted that he was the beverage, but stated that he was selling same for another party, with the understanding that it was cider. Officer Story captured a ten-gallon keg about half full of a mixture of cheap whiskey and wine, and this was produced in evidence. The defendant also admitted that it was the same "stuff" he had been dispensing to the booze exterminators of Rochelle and vicinity.

After hearing the evidence in the case, several witnesses having testified, Justice Colman held the man under a bond of \$300, in default of which he was remanded to jail.

Sheriff Fennell and his officers are determined to stamp out the blind tiger nuisance as far as possible, and they are succeeding admirably. The county commissioners offer a reward of \$50 for the apprehension and conviction of every offender of the law in this direction, and recently several important "hauls" have been made, four of which were in Newberry.

TWO CHARRED BODIES FOUND

In Ruins of House That Was Burned Near Atlanta—Murder Suspected.

Atlanta, August 22.—The charred remains of a man and a woman were found Sunday morning at the scene of a fire, which occurred Saturday night or early Sunday morning on the Fair street road, near the Hunnicut farm, in DeKalb county, some three miles from the city. The bodies were later identified as those of an old white man named Griffin, and a white woman, who was known as Rosa Thompson.

Marshal Buchanan and Coroner Jones began an investigation and evidence was secured which caused the officers to suspect that a double murder had been committed. An inquest was begun by the coroner but continued in order to give the marshal time to work on the murder theory.

Griffin, whose first name no one knew, had been living, it is said, in the house with Rosa Thompson, a woman, who, at one time was well known to the police of Atlanta. Saturday night the man and woman visited the city.

Marshal Buchanan says he has ascertained that three or four youths had had trouble with Griffin and had made threats against him and the woman. From this the officer has been led to believe that the youths, who were seen near the house late Saturday night, may have set the building on fire.

Rotten Cross-ties Cause Wreck.

Demopolis, Ala., August 22.—A very remarkable wreck occurred on the Southern railway three miles west of here, when a westbound passenger train went over an embankment 16 feet high, caused by the spreading of the rails, due to rotten cross-ties. No one was killed, but everybody aboard, some 30 or more, were more or less injured. The tender and baggage car turned bottom side up, while the two passenger coaches settled on their sides.

Alabama Man Assassinated.

Tuscaloosa, Ala., August 22.—A telephone message received here from Brookwood, 16 miles south of this city, stated that John Harmon, white, was found literally riddled with bullets, lying on the roadside. An empty shotgun was found near him. There is no clue as to the assassin.

Sixteen Bodies Recovered.

Norfolk, Va., August 22.—The bodies of two more victims of the Kinston and Greenville excursion railway wreck of Thursday have been found in the western branch of the Elizabeth river, near the scene of the accident. One of these was Thomas Ferguson, the drawbridge keeper, who was knocked off the bridge and drowned when the train plunged through the open draw. This makes 14 bodies in all that have been recovered from the river, with two dead in St. Vincent hospital here, making 16 known dead up to this time.

Castro Preparing for War.

New York, August 22.—Venezuela has placed orders in Europe for torpedoes, guns and ammunition at the cost of about \$2,500,000, a larger amount than that little South American republic has ever expended at one time for war material. An American, who has returned from Venezuela, is authority for the statement that President Castro recently declared that he was going to fight the Yankees, which explains the unusually large orders for ships, arms and ammunition.

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured when my druggist advised me to use Herbine. It has made me sound and well." Sold by W. M. Johnson.

A Scotch Collie Story.

A story of a Scotch collie is current on the Derbyshire border, according to the Dundee Advertiser. A farmer in the Peak district, having purchased a small flock of sheep in the lowlands, drove the flock the whole way from Scotland to his farm in Derbyshire with the aid of a collie dog which was lent to him by the Scotch farmer from whom he purchased the sheep. "When you get to your home with the sheep," said the Scotchman, "let the dog fill his belly; then tell him to go home." The Derbyshire man duly arrived at his farm with the sheep and was so pleased with the collie dog and its performance that he decided to keep it a few days before sending it back. One day he was away from home during the whole of the day, and on returning in the evening he found that the Scotch collie was missing and also the flock of sheep. In a few days tidings came that the dog had arrived at his Scotch home and had brought the sheep back with him.

Breaking It Gently.

He is a rather serious minded boy who has more sense of responsibility than many grown persons. So when he was sent to his grandmother's to break the news of her aged sister's death he did so with much gravity and no little self-importance.

"Now, Alfred," his mother said, "you mustn't tell grandma suddenly, because it might shock her, even though she knew Aunt Martha was ill. Tell it to her gently."

"All right," assented Alfred, starting out on his mission with mingled solemnity and eagerness.

Arrived at his grandmother's house, he greeted her with a sober "Hello!" and then proceeded to "break the news" by saying:

"Aunt Maria's dead, grandma, but you mustn't feel bad, 'cause she was pretty old, anyhow. You'll be the next one, I s'pose."—Brooklyn Life.
