

TEACHERS MADE A FINE AVERAGE

Not One of the Number for Primary Work Failed to Pass.

GENERAL AVERAGE WAS HIGH

Misses LaFontisee and Sanchez Demonstrated Their Ability by Making 99 and 97, Respectively—First Grade Applicants Still Working.

The applicants for certificates for primary work, who have just completed their labors in the State teachers' examination under direction of State Superintendent Holloway, are to be congratulated upon the excellent averages made by each, with a general average of a fraction over 91 per cent. There were nine applicants, all of whom exceeded by several points the minimum of 80 required to pass.

The applicants were as follows: Misses Florence Balis, Marguerite W. Cotton, Jessie Gail, Emma McCollough, Stella Mims, Louise LaFontisee, Fannie Mizelle, Mabel Sanchez and Katherine LaFontisee. The highest average made by any applicant was that of 99, credit given to Miss Katherine LaFontisee, while Miss Mabel Sanchez was a close second with 97, followed by Miss Florence Balis with 95. The lowest average was 88.4. In consideration of the fact that this is the first examination of the kind ever entered by Misses LaFontisee and Sanchez, State Superintendent Holloway passed a high compliment upon their ability. "Every applicant did exceptionally well," remarked Prof. Holloway. "Each and every one of them deserve credit, and I can say frankly that as a whole it was one of the most intellectual classes I have ever had the pleasure of presiding over."

The applicants for first-grade certificates, six in number, have not yet completed their labors, but will finish tonight.

Prof. Holloway is well pleased with the result of the examination for the fact that not one of the applicants failed to pass.

Miss Hattie Whelpley of Brooksville, director of music in the Brooksville High School, took the examination for a special certificate for music. This young lady made the remarkable average of 99, demonstrating that she was very proficient in her profession.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

The Food That Does Good

TRIAL BOTTLE FREE BY MAIL to all sending name and address to OZOMULSION CO., 98 Pine Street, New York.

YOUTH SHOT HIMSELF.

While Handling a Pistol Tom Pinkoson Accidentally Discharged Piece.

While carelessly handling a pistol at the home of his mother, Mrs. Sarah Pinkoson, late on Thursday afternoon, Tom Pinkoson accidentally discharged the piece.

There was considerable excitement for a moment, when it was discovered that the ball had entered the young man's leg, but it was soon ascertained that it was only a flesh wound and of little or no consequence, save the pain which will naturally follow for a day or two.

This was a "close call" for Tom and he says it will teach him to be more careful in the handling of firearms.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

Archer Notes.

Archer, Sept. 1—Dr. DePass left Thursday for Covington, Va., to meet his family and will be absent two weeks. His many friends will be governed accordingly.

A sad death occurred in Archer Wednesday, Mrs. A. J. Miller after a long illness having passed away. Mr. and Mrs. Miller have only resided in Archer a short time, Mrs. Miller being an invalid when she came here.

The infant of Mr. and Mrs. Dr. McMillan of Mountbrook died Tuesday, and was buried Wednesday. The many friends of the bereaved extend sympathy.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Nuxoro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SANTA FE ITEMS.

Summer Term of School Closes With Proper Ceremonies—Other Notes.

Santa Fe, Aug. 31—The summer term of the public school at this place, which was a success, closed on Friday, the 31st. The closing exercises in the afternoon were indeed enjoyed by all who were present. The majority of the patrons and many friends availed themselves of the opportunity of being present.

Prof. F. J. Holder, who has been a student of Yale College for the last two years, addressed the school on the importance of education. His address was well received. Prof. Holder is one of Santa Fe's boys, who took his first lesson in its school. Speeches were made by J. H. Cason, W. M. Blitch and T. A. Duke, after which Prof. W. E. Bell, the principal of the school, made a feeling speech to the patrons who had so nobly stood by him, and to the students who had so well acquitted themselves during the two months that the school had been taught. Prof. Bell has made for himself many friends here who only regret that he cannot teach here next term. He was ably assisted by Miss Georgia Martin of Hawthorn, who is one of the best lady teachers in the county. The patrons are united in wanting her to teach here next term. They have both returned to their homes with the best wishes of a grateful people.

Mrs. J. J. Godwin and children of Rex are visiting the former's parents here. They expect to extend their visit for two weeks.

T. F. Williams of Wauchula is visiting relatives here this week. He reports that the rain is almost incessant in South Florida.

The outlook for cotton is still exceedingly gloomy. The rainy season, it seems, has come to stay.

R. H. Holstein and family, who have been on a visit to the former's old home in Monetta, S. C., returned Sunday. He is the boss watermelon grower of this section and is now engaged in harvesting his abundant crop of hay. The hay crop is good, but the weather is too wet for hay-making.

C. Coekeri, who has been growing watermelons here, will return to his old home in South Carolina in a few days.

The health of the community is, as usual, good. The doctors complain of unusual dull times this summer.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Board of Trade Folder.

"What? Where? When? How?" is the catchy title of a neat folder advertising Gainesville and the Winter Bible Conference and Chautauqua. The folder, which is twelve pages, is neatly printed and illustrated, and 50,000 copies have been issued by the Gainesville Board of Trade. These will be distributed throughout the North and West, and are destined to attract many new-comers here during the coming winter.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Booneboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system.

Killed Girl and Himself.

Huntington, W. Va., September 1.—William Barbour shot and killed Ette Denney after a quarrel over a love affair. He then shot an ax-killed himself. Miss Denney had just returned from the funeral of her father.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. THE DAILY SUN

The Union Central Life Insurance Company

of Cincinnati

Established in 1867

Has made a record during the last twenty-five years not equalled by any Life Company in the United States!

In twenty-five years it has earned the highest rate of interest of any life company, although its assets have consisted of the safest non-fluctuating securities—mainly first mortgage loans on real estate—ON WHICH THE COMPANY HAS SUSTAINED A LOSS OF LESS THAN ONE TENTH OF ONE PER CENT, during the same period of years.

The UNION CENTRAL is the Great Policy-Holders' Company.
