BAD BLOOD INVITES DISEASE

The blood supplies nourishment and strength to every part of the body when it is rich, pure and healthy. When from any cause it becomes diseased or weak it cannot supply the nutrient the system needs, and the body is unable to resist the diseases and troubles that are constantly assailing it to break down the health.

I have used S. S. S. and found it to be an excellent blood purifier and tonic. My blood was weak and impure, and as a result my system became very much run down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in bad shape. Seeing S. S. S. advertised I began its use, and am well pleased with the results after using it for some little while. My system and general health have been wonderfully built up, and I no longer hesitate to give S. S. S. the credit for it. H. MARTIN, Warren, O., 60 Second St.

Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Malaria, Contagious Blood Poison, etc., are the results of bad or diseased blood, and until this vital fluid is cleansed and made pure, strong and healthy, these diseases will continue. The greatest of all blood purifiers and tonics is S. S. S. It has been curing all diseases of the blood for more than forty years by going down to the very root of the trouble, forcing out all poisons and impurities and building up every part of the system by its fine tonic effect. S. S. S. cures Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Malaria, Contagious Blood Poison and all other blood troubles, and cures them permanently. S. S. S. is the acknowledged king of blood purifiers and the greatest of all tonics. Books on the different diseases, and any medical advice you may wish will be given without charge.

When it comes to petit larceny or something easy, there is where the courts of St. Augustine shine, and Raymond Kelton was convicted under the charge, although he would have got off free if the court had not had the charge changed, as the ring he stole was a bazaar bargain and did not have the value necessary for the charge of grand larceny.

Adventures of a Bank Note.

A lady passing down the Rue Richelieu had the misfortune to lose a pocketbook containing, among other valuables, a 1,000 franc note. The pocketbook was picked up by a chair mender named Renaud, who lives at Montreux. He placed it very carefully in his pocket and proceeded home. It is not often that a chair mender has occasion to change a note for that amount, and Renaud, recognizing the impossibility of turning it into gold without detection, agreed with a friend to do the business for the consideration of 100 francs. This friend, Lucien Mathern, also a chair mender, was in his turn filled with apprehension. The difficulty was solved with the aid of a horticulturist named Simonnet, who kindly consented to buy himself a horse for 300 francs and return the change. Renaud was thus richer by 600 francs. All might then have gone well if, two days later, it had not been discovered that the horse had been stolen from a dealer at Meaux. This led to the arrest of the trio, and later in the day the police put their hands on the horse thieves.—Paris Messenger.

A Dark Dungeon.

About the middle of February, 1862, while in winter quarters, General Naglee of Pennsylvania, who was a strict disciplinarian, was in command of the First brigade, of which the Second New Hampshire was a part. He thought the guardhouse of the Second regiment too comfortable quarters for prisoners and ordered Colonel Marston, who later won fame as a soldier, lawyer and statesman, to build a dungeon without so much as a crack or opening anywhere, so that it should be perfectly dark. The dungeon was built with four solid walls, and one day General Naglee came over to inspect it. He was accompanied by Colonel Marston. "Where is the entrance," said the general, "and how do you get anybody into it?" "Oh," said Colonel Marston, "that is not my lookout. I simply obeyed your orders."

The Possibilities.

A Richmond (Va.) judge tells a story which illustrates the difficulty met in trying to stop the carrying of pistols. A tough youth was brought before the judge, charged with firing a revolver in the street. The testimony in the case was to the effect that the young hoodlum had filled himself with whisky and had discharged his weapon in a crowded street. "Twenty dollars and costs," said the magistrate. "But, your honor," interposed counsel for the prisoner, "my client did not hit anybody." "Why, you admit that he fired the gun?" "Yes, but he fired in the air," explained the lawyer. "Twenty dollars and costs," repeated the judge. "He might have shot an angel." And the riotous fellow went to jail, not having the money to pay his fine.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
