Social Entertainment.

Alachua, Sept. 20.—The Alachua High School opened Monday with seventy-five pupils enrolled. The trustees and patrons of the school were present, and the day was spent in placing the pupils in their places. Prof. Cassels will have charge of the high school, he being principal, but is ably assisted by Miss Sarah Boston in the intermediate grade and Miss May Dula Wolf in the primary grade. While seventy-five pupils were present at the opening Monday, assurances were given that at least twenty-five more would be present the next week. We have one of the best schools in the State, and with the excellent corps of teachers this term promises to be better than ever before.

R. A. Turner and daughter, Miss Mattie, are on a visit to Port Orange.

O. W. Wells visited Gainesville Tuesday.

Mrs. C. O. Wetherington has returned from Cedar Key.

Refos Dell of Dutton spent Sunday in the city.

Miss Daisy Dell spent Sunday with her parents at Traxler.

Last Friday evening the young people had a very enjoyable time at the home of Mrs. H. V. Hawkins, the entertainment being given in honor of the departure of Miss Ruby Hawkins, who left Saturday for Tacoma to take charge of her school. The time was spent in playing games of various kinds, and in the game of abbreviations of States a prize was offered, which was won by Bernie Mason. At 10 o'clock delightful refreshments were served, and the happy crowd thanked their hostess for their pleasant evening and returned to their respective homes.

The Alachua baseball nine gave an ice cream supper Tuesday night, the proceeds to be used in securing new players.

Negroes Ambush Sheriff,

Tampa, Fla., Sept. 20.—An attempt was made to assassinate Sheriff Wyatt and Chief Deputy Joiner, of Manatee county, near Bradentown. The officers were riding along the road when a party of negroes fired upon him from ambush. Neither was hit. The officers returned the fire, killing one negro. The others escaped, but are being pursued by a posse.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BRINGS GOOD RETURNS.

Advertising in The Daily Sun Causes
Happiness and Brings Returns.

Every day the proof becomes more plain that advertising pays, and in yesterday morning's Sun this fact was again proven, when four little ads, all not amounting to a dollar, brought returns to the advertisers.

In the first instance a lady advertised for a kitten she had lost, although it was not so much the value of the feline, but the fact that it was a gift from a friend, and lo! she got the tabby the same day.

A gentleman lost a valuable dog, and a short ad brought the canine the very day the ad appeared. He knows it pays to advertise.

A gentleman advertised an iron safe for sale and sold it before he thought the paper had time to get before its readers.

A man had some real estate for sale and a small ad brought him a purchaser, all of which goes to show that it pays to advertise in The Sun, and judicious advertising pays any one who has a bargain to offer the people.

The Twice-a-Week Sun reaches over 1,800 families every week in Alachua and adjoining counties, and if each family has three persons who read the paper—and it will easily average that—it would be a hard matter to make a person believe that out of the 5,400 who look over the paper twice each week that no one would see even the smallest ad that could be inserted.

The way to advertise is to keep everlastingly at it, as there is never a time when there is not some one looking for bargains.

THREE JURORS CURED

Of Cholera Morbus With One Small
Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

River Still Rising.

St. Louis, Sept. 20.—The stage of the Missouri river measured 27.03 feet this forenoon, a rise of over 14 feet in 24 hours, and the floodtide was still creeping higher, although, slowly. In the opinion of the river men the crest of the freshet will have been reached within the next 24 hours, and it will not go over the danger line. Gangs of laborers have moved all merchandise from the levee to places of safety and there, and there is now no danger from a higher stage of the river.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

World's Fair for New York.

New York, Sept. 20.—Active work is going on in this city looking toward a permanent world's fair to be opened in 1909, in celebration of the tri-centennial celebration of the discovery of the Hudson river. Officers have been secured in Manhattan and Peekskill for the promotion of the enterprise, and with the return of Governor Higgins from Europe, Sept. 22, it is expected the project will assume concrete form.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.
