

## SHIPMENT OF CATTLE TO CUBA PROFITABLE

Mr. Markham Makes Big Thing Sending Cargoes to Island.

### HE BUYS FROM EVERYWHERE

Takes the Cattle to His Own Private Ranch at Romeo, Gets Them in Condition and Ships Them Where There is a Ready Market.

William Markham of Romeo, a prominent cattle buyer who has made a great success, was recently in the city.

Mr. Markham is what might be termed a practical ranchman. He was reared upon a ranch, and has been accustomed to the sweet-scented clover, and never feels at home unless among the cattle. Moving to Florida in his early age, and settled amid the green pastures of this State, which were more numerous then than now, he gained the advantage of learning all about cows, their condition and diseases, which he has since put to practical use.

Mr. Markham has been engaged in the purchase of cattle and their shipment to Cuba for several years, and never a month passes that he does not make a consignment, which brings good prices. He is now in this section, and proposes in a short time to send a carload of Alachua county cattle to Romeo, where he will place them on his immense private range and prepare them for shipment.

"American beef-cattle bring good prices in Cuba," remarked Mr. Markham. "The net profit, after paying freight and all other expenses, is much better than in America, and we find that the market is also better. A man can ship a cargo of cattle to any port in Cuba and always find a ready market."

Mr. Markham was here a few days ago and managed to secure several hundred head of cattle from this section. He is a man thoroughly posted in his position and does not fail to take advantage of all opportunities.

### THE NEWS FROM ARNO.

School Opened With Fine Prospects. Notes of Personal Interest.

Arno, Sept. 28.—Farmers are very busy gathering their corn and cotton. Both corn and cotton crops are below the average this year. The prospects of the cane crop are good. Much fine hay is being saved.

We have another wedding to report this week, the contracting parties being Mr. Lewis of Newberry and Miss Allos Blanton, one of our very finest young ladies. They went to Gainesville to be married on Thursday, and went from there to St. Augustine for a few days.

This place is noted for its pretty young ladies, but they are one by one being taken away. However, there are plenty more coming on.

Miss Rosa May and Miss Ruth McOlenney, who were appointed last year to get up money to buy an organ for the Forest Grove school, gave an ice cream festival Friday night at the school house for the benefit of the organ fund, which was quite a success, both socially and financially. They realized \$20.25. They now have nearly \$40, and will buy the organ at once. Few people appreciate the influence of good music and musical training in the attainment of a good education. Misses Rosa and Ruth deserve much credit for their success. Quite a nice crowd of young people came from Alachua and Newberry to the festival.

Our school is moving out with quite a good prospect for quite a successful term under the guidance of Prof. DeLand and his able assistant, Miss Rosa May. The school is averaging about fifty pupils, and will do better as soon as the busiest cotton picking is over. The patrons with few exceptions are taking unusual interest in the school.

Miss Pearl Osteen is spending this week with her sister, Mrs. W. F. Marlow, at Ocala.

The cat fishermen have started up fishing again. They are biting well at present.

J. J. Haymans, the big serpentine man of this place, left Wednesday for Jacksonville on a business visit.

The cotton pickers of this community are glad to see fair weather again, and also the farmers.

## THE GAINESVILLE LIBRARY CONTEST

Kirby Smith Leads With a Good Gain Over the Home.

### VOTES MUST BE SENT TO SUN

The Rules Specify the Time That Reports Should be Made—See That Your Votes Are In On Time—Only Two Weeks More of the Contest.

The votes returned in the Library contest show that Kirby Smith Chapter is still in the lead, although some of the places where the Odd Fellows' Home gets a large vote each week have not been reported.

The rules have, in many instances, not been complied with, as they provide that "each merchant shall carefully make a record of his vote on Friday night of each week, sending a duplicate of same to The Daily Sun on Saturday before noon of each week, over his own signature," etc.

The Sun office has been obliged to make several trips each week to many voting places to get the returns, and hereafter no votes will be counted unless returned as stipulated in the rules.

The total vote as received is as follows:

Kirby Smith Chapter	168,257
Odd Fellows' Home	112,459
Earnest Workers	42,787
Union Academy	7,589
High School	6,694

### PACKERS HEAVILY FINED.

Guilty of Conspiracy in Accepting Railroad Rebates.

Chicago, Sept. 23.—Four officials of the Schwartzchild & Sulzberger Packing company, of Chicago, were fined an aggregate of \$25,000 by Judge Humphrey in the United States district court here. The fines followed a plea of guilty to indictments charging conspiracy to accept railroad rebates. The defendants were Samuel E. Well, of New York, vice president of the company; B. S. Cussey, traffic manager; Vance D. Skipworth and Charles E. Todd, assistant traffic managers. Mr. Well was fined \$10,000, the other three \$5,000 each.

With the entering of the plea, the declaration was made that unless at least one of the cases is immediately settled, the life of Samuel Well, who is vice president of the company, and is one of the defendants, is in jeopardy. He is said to be a nervous wreck, and fears were entertained for his life if he had been allowed to continue under the strain of a trial.

The plea was entered, it is declared, after a complete understanding had been reached between counsel for the defendants and Attorney General William H. Moody.

While in Chicago, the attorney general was apprised of the condition of Vice president Well, and, it is said, agreed to the entry of a plea of guilty, with the understanding that the jail provision of the law under which the indictment was returned should be waived, and merely a fine imposed. The same concession was made in the case of the other three defendants.

### Rawlings Given New Trial.

Valdosta, Ga., Sept. 22.—Since the stay of execution in order that their cases may be appealed to the supreme court, J. G. Rawlings and his sons, Milton, Leonard and Jesse, are in a better mood and talk freely of the case. The old man, while asserting his innocence, says he is convinced that Alf Moore and Mitch Johnson killed the Carter children and that Joe Bentley planned it. The younger boys, Leonard and Jesse, the latter condemned to die, are kept apart from their father and older brother. It is thought that Milton and Leonard will eventually tell something about the tragedy in an effort to clear Jesse, and that they will affirm he did none of the shooting.

### Suicided While Family Were Eating.

Springfield, O., Sept. 22.—"Keep breakfast warm a little longer," shouted Newton Mays down stairs this morning, when called. A few minutes later, as the family sat at the table, a pistol shot was heard in the room above. Mays had killed himself. He was 61 years old, a bachelor and was quite wealthy.
