LOUIS J. BRUMBY, Gen'l. Traveling Agent.
P. M. PREWITT, Supt. Composing Rooms.
OFFICE: PORTER BLOCK, 223 W. Main Street, S. TELEPHONE 43-2
THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$5 a year; \$2.50 six months; \$1.25 three months; or 50 cents for five weeks—strictly in advance.
Reading notices in local columns 10 cents a line for first insertion, and 5 cents for each additional insertion.
Rates for display advertising made known on application.
The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.
All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

WEEKLY CROP REPORT.

The weekly crop bulletin, issued by Section Director A. J. Mitchell of the Weather Bureau at Jacksonville, for the week ending October 16, is as follows:

"The week gave showers to locally heavy rains over all districts. The largest amounts occurred on the northeast coast, and the greatest amounts over western counties, where precipitation was sufficiently heavy to wash cotton from the bolls, and otherwise damage the crop. By far the greater part of the crop has been gathered and ginned. Many fields have had stock turned in on them. Where labor has been scarce and unsatisfactory some picking is yet to be done. There being very little top cotton picking will be generally completed by the close of the month. The crop will not exceed two-thirds of an average one. The potato and cane crops are promising. Much hay has been saved. Work on low-lands has been delayed by frequent rains, and in some instances fall and winter vegetables will be delayed. Some replanting is now going on. Citrus trees and pineapple slips are doing well. Citrus fruits are coloring nicely and shipments are increasing. The fruit, as yet, does not possess its usual flavor."

HEAVY HOGS.

A few years ago there was a demand for heavy lard hogs. Now the tendency is towards smooth, even hogs of medium weight of from 225 to 350 pounds of early maturity. Hogs of this weight should be free of surplus fat, possess smooth shoulders, well laid in with the line of the body, hams moderately heavy, a firm flesh with flanks well down so as to furnish a large development of belly meat. The back should be of good length, width and smooth, showing an absence of large patches of fat above the hams. The best cuts of the hog are taken from the back, loin and sides, hence the importance of good length and sides are desirable. The careful breeder of pure-bred swine keeps informed on just such points and aims to produce the market demand. The scrub hog has no place on the farm and since the packer and his trade have called for a certain type of hog, it stands the hog raiser well in hand to meet the demand through careful breeding and feeding. Medium weight hogs, through the demands of trade, have disposed of the old time 500 or 600 pound lard hog.—The Stockman.

A FOOL NOTION.

The homeopathist doctors are trying to get a law passed in the State of New York, making it necessary for people to obtain certificates of health before they can get married, when marriage is the only remedy to relieve some people we know, and after marriage their sickness does not leave them until one or the other strikes something more fascinating. Still there are plenty of rubber-headed people who think everything should be married. There is no reason in such talk, as some men are not fit to even live in the same town with a sweet woman, let alone marrying one. Many people who are married, said an old bachelor, are not content to suffer alone, therefore would like to see others in the same boat. The subject will never be settled so long as America is free.

The medical examining committee in the case of David Mitchell, the Bradford county negro sentenced to hang, who had the sentence commuted to life imprisonment, has stated that he does not possess the average intelligence of the common negro. Still he has the cunning of a bad negro, and is a dangerous man to have even under guard in a turpentine camp.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, county and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.
FRANK J. CHENEY.
Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.
A. W. GLEASON, Notary Public.
Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.
F. J. CHENEY & Co., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

Owing to the constantly increasing demand for space in the exposition buildings of the State Fair, to be held in Tampa, November 15th to 30th, the erection of several imposing buildings not at first contemplated has been necessary. All buildings and fences will be painted white and will present a magnificent appearance. The matter of selecting judges for the various departments is now being given serious attention by the directors. Poultry breeders throughout the State will be pleased to learn that F. J. Marshall of College Park, Ga., one of the most experienced judges in the country, will act as judge of the poultry department of the Fair.

Many farmers in this section are digging some very fine sweet potatoes, as well flavored and mealy as those grown in either Virginia or New Jersey, where the famous "Jersey Sweet" have such a reputation. The samples of sweet potatoes we have seen this fall are proof that Florida can produce a fine grade of potato and the yield in many places is large enough to make them more profitable than the Irish potato.

The home-seekers' excursions are beginning to bring large crowds of people to this State. The people of Alachua should have their hands out of their pockets ready to greet all who may come this way.

The Palmetto News claims it is using the "biggest 'tater in the State" as a paper weight. It is a Key West yam and tips the beam at 12 1/2 lbs. The potato was raised on J. S. Brand's Terra Oel farm.

The cotton mills at Augusta, Ga., are planning to have the spinners share the profits in the mills. If this works satisfactory it will be a great solution of the strike question.

If President Roosevelt can do the negroes of Jacksonville any good by talking to them, let them have an hour.

No Benefit No Cost.

If you are weak and worn-out—if you are nervous, irritable, have headache, backache, neuralgia, or periodical pains, it is because you have exhausted your nerve force.

If you cannot sleep, and are thus robbed of the rest which nature demands for the restoration of mental and physical vigor, your system will continue to run down.

Dr. Miles' Nerve restores vitality by soothing and strengthening the nervous system, thus inducing refreshing sleep, and imparting strength and vigor to all the organs of the body.

There are very few instances where Nerve will not benefit; if not, your druggist will refund the money.

"When I began taking Dr. Miles' Nerve I had a very sour stomach, with pain extending far around on my left side—attended with extreme nervousness. I dreaded to have night come, as it was impossible for me to sleep. Everything I ate distressed me. Before I had finished one bottle of Nerve there was such a change that my husband bought six more, which has restored me to health."
MRS. JENNIE SIMMS, Rushville, Ind.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
Miles Medical Co., Elkhart, Ind.

MEN AND WOMEN.

KING OF ALL LINIMENTS
CURES RHEUMATISM AND ALL PAIN
CURES
BALLARD'S SNOW LINIMENT
READ THIS REMARKABLE CURE
"I was much afflicted with rheumatism, writes Ed. C. Nud, Lowville, Sedgwick Co., Kansas, "going about on crutches and suffering a great deal of pain. I was induced to try Ballard's Snow Liniment, which cured me, after using three 50c bottles. IT IS THE GREATEST LINIMENT I EVER USED; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, and am able to perform a great deal of light labor on the farm."
THREE SIZES: 25c, 50c AND \$1.00
BALLARD SNOW LINIMENT CO., ST. LOUIS, U. S. A.
SOLD AND RECOMMENDED BY W. M. JOHNSON, Gainesville.

SUNSTROKES.

An old negro was passing along the streets a few days ago, driving an old mule which looked as though he never had the opportunity to take any chances of finding rice hulls in fodder. Two well kept dogs were following the poor old mule, and a fellow asked the darkey if he did not want to sell a dog, when he replied: "Dese is de only two I got—couldn't let one go very well, nobow." The mule could just go.

The State Board of Educational Control seems to be taking a considerable amount of responsibility on themselves in removing the apparatus from the Bartow school and storing it in this city without the consent of Mr. Appleyard. The effrontery of these gentlemen is amazing.

Many people who come to Florida claim that the pedestrian fad is the best recreation that they can indulge in. The delightful atmosphere in Florida in winter is the best suited to pedestrianism of any to be found in any part of the United States.

The game of croquet will soon take the lead over tennis as a pastime at social functions where those who desire outdoor recreation are not quite athletes enough to indulge in golf or tennis.

The firms that are selling the cereal food drinks are talking much about the "coffee heart." There are several coffee hearts in this city and they also beat as one.

The signing of the peace treaty by the Czar does not affect the people of Russia. The movement toward Siberia is just as active as ever.

The schools of Gainesville are receiving new pupils every day, and the people who send their children here for an education will never regret it. The faculty is composed of educators in every sense of the word, with abundant experience to understand thoroughly the needs of the young people seeking an education. We have no hesitation in recommending the University High School of this city as the peer of any in Florida.

Don't think that advertising is of no avail. A small ad. was inserted in The Sun Friday morning and before 9 o'clock there were two answers received from persons who saw it and came at once to look up the proposition. It pays.

If you go ten miles south of Gainesville in Alachua county, you will find as handsome a farming section as there is in Florida. Don't let others tell you that they can beat this county.

Get the home-seekers to coming this way. We have plenty of good land in Alachua county that don't need any ship canal to drain. Nature has made the necessary provision.

King Alfonso of Spain wants to have a big time before he gets married, then he says he will stop all foolishness. Of course that depends on the better-half, somewhat.

We are highly pleased to note the improvement in the yellow fever situation at Pensacola.
