## McCLELLAN AND JEROME MAY WIN

Partial Tammany Victory in Greater New York.

### FIRST POLLED BIG VOTE

Entire Ticket Was Successful in Brooklyn—The Race Between Jerome and Osborne Very Close for District Attorney.

Special to The Sun.

New York, Nov. 7.—The election in this city today overshadowed all else, interest centering between McClellan, the Democratic nominee for mayor; Hearst, the Municipal Ownership candidate, and Ivins, Republican. This morning there was no one who could give the slightest reliable estimate as to which would triumph. Jerome for district attorney looked like a winner.

New York, Nov. 7, 7 p. m.—On the returns received up to 6:30 p. m. Tammany claims McClellan's election by 40,000 plurality. Jerome's party claims Jerome's election by 100,000 plurality.

Shortly after 7 p. m. The World announced that Osborne was elected over Jerome by 35,000.

At 7:30 p. m. The Times and World announced McClellan's election by 15,000.

At 8:10 p. m. The Evening Journal, W. E. Hearst's paper, conceded McClellan's election, but later claimed Hearst had won out by a small plurality.

The count was slow, and up to 11 o'clock it was impossible to tell who had been elected district attorney, Jerome leading Osborne at that hour by only 4,000. McClellan, however, is undoubtedly elected mayor.

### Hearst Ticket Wins in Brooklyn.

New York, Nov. 7—10 p. m.—At 10 o'clock it looks like McClellan is elected over Hearst by 10,000 plurality. Hearst's ticket won victory in Brooklyn. Jerome now leads Osborne, Democrat, for district attorney.

New York, Nov. 7—11 p. m.—Returns up to this hour give McClellan, Tammany's candidate for mayor, 208,891, a plurality of 20,000 over Hearst—Ivins, Republican, being in the rear. Jerome, Independent, has 252,077, leading Osborne, Tammany's candidate for District Attorney, by 40,000.

### Republicans Win in Bay State.

Boston, Mass. Nov. 7—10 p. m.—Returns from the State election for governor in 70 out of 354 cities and towns, not including Boston, give Bartlett, Democrat, 11,433, Gould, Republican, 17,835. The Republicans claim the election of the entire State ticket.

### Democratic Governor of Ohio.

Columbus, O., Nov. 7.—Though returns are meager outside of Cuyahoga and Hamilton counties, indications are that Patton, Democrat, is elected governor by 100,000. Geo. B. Cox, the Republican boss, announced his retirement from politics.

### No Jim Crow in Maryland.

Special to The Daily Sun.

Baltimore, Md., Nov. 7.—The vote in this city indicates a majority of 10,000 against the amendment to disfranchise the negro in the State. The same vote against the amendment will apparently prevail. Election quiet and unexcited.

Titus and his wife, an elderly couple, were run down by an automobile while they were driving at Waco and Hill street. Both were thrown to the street and injured, their horse being killed. The owners were injured by an automobile while crossing the streets on foot.

In another collision between two people were thrown out of the cars and injured. The injured were removed in the machines and their names were not learned.

## MILITIA STILL IN CONTROL.

No Further Trouble Reported in the Kentucky Town.

Louisville, Nov. 7.—A special to the Post from Middlesborough, Ky., says that everything is quiet this morning but the soldiers are still patrolling the streets. Several tough characters from other sections have been seen in town today. Deputy Sheriff Thompson, who led the citizens' posse in the battle with the outlaws yesterday, says that when they came in sight of the blind tinger, Bell's two little boys came out to meet him, but when they saw who he was, they went back and immediately the outlaws fled.

There were about a hundred shots fired, but no one was hurt. The rendezvous of the outlaws is right under the Pinnacle, and is almost impregnable. The Law and Order league is still pushing the fight. Two thousand dollars has been paid into the hands of S. C. Ford, treasurer of the league, to push the fight.

Captain W. F. Nicholson has been made president, and it is believed order will soon be restored and business be resumed again.

The police have sent out a general alarm for the arrest of Tony Mori, 26 years old, of the same address. He is charged by Joseph Shipley, the shooting. Shipley told the police that Mori, who had been drinking, saw Shipley and two other men talking and thinking they were joking with him, ordered them to desert. They drew a revolver and began to shoot. The first bullet went through Ingan's heart. Three other bullets found lodgment in Pontremick's neck. The last bullet passed within an inch of Shipley's head. Mori then fled.

Muskogee, O. T., Nov. 7.—The campaign for separate statehood for Indian Territory, is ended, and the Nequoyah campaign committee claims to have assurance of a big vote on the constitution. Estimates from the captains of election districts show that a vote of nearly 10,000 is expected for those 15,000 are entitled to the statehood vote.

## STRONG APPEAL IS MADE TO RUSSIANS

Authorities Hint That the Empire is Threatened.

### 6,000 ARE KILLED OR WOUNDED

The Riots at Odessa Have Cost an Appalling Amount of Lives and Property—Distrust Is Rampant Throughout the Czar's Domain.

St. Petersburg, Nov. 7.—The Official Messenger this morning printed a strongly worded appeal for peace. It bears Count Witte's ear-marks, hints strongly that the empire is threatened with the dismemberment unless the people rally to its support, and draws attention to the different character of the representations with which the government is besetted in the existing disorders in the country.

Some of them complaining of the zeal of the troops and others of their inaction, some asking for military protection and others for the entire removal of the soldiers.

"Although it is impossible in every case," the note says, "to diagnose the true cause of the conflicts, it is clear that their origin generally is the hostility aroused among different classes of the population. Those who are dissatisfied with the manifesto provoked the indignation of those who received it with gratitude leading to attacks and counter attacks, all of which could be avoided if the people only had confidence that the reforms set forth in the imperial manifesto will be executed. Disorders accomplish nothing and only delay the reforms which are designed to give the people a representative assembly in which to settle their differences. The duty of every faithful subject of the emperor is to aid in the pacification of the country. In particular, the note concludes, the government reckons on the support of the press which must understand that in the present situation a union of the intellectual forces of the whole nation is necessary. The tactics of the opposition, according to the Russa, will be peaceable. They will take the form of demonstrations to compel the government to redeem its promises and meet the wishes of the people. In paper claims that even Count Witte fails to comprehend the forces with which he is dealing, "which consist of unions and leagues representing real or fancied distrust."

## SHIP CRASHED INTO CRUISER.

Refrigerator Vessel Trying to Make a Landing Damages Warship.

Vallejo, Cal., Nov. 7.—Caught by a powerful gust of wind while trying to make a landing at the coal wharf of Mare Island navy yard, yesterday, the refrigerator ship Celtic crashed into the cruiser Marblehead and into the floating machine shop, doing them so severe damage that the Marblehead may have to go out of commission, it is said, while the machine shop was sunk.

The force of the impact was so great that two of the fire 9-inch guns of the cruiser were completely demolished, the bridge torn away and two dinks reduced to kindlingwood. Two plates from the Marblehead were badly bent, and the machine shop, which had been rammed, soon sunk. The Celtic suffered but slight damage in the collision.

The damage will amount to many thousand dollars. The sinking of the floating machine shop will, it is said, retard work now being done.

Washington, Nov. 7.—The department of agriculture in a report just issued, says the red spider, or rust mite, has been quite prevalent in some sections of the cotton growing area of this country during the past two years. ## FINAL WEEK OF FEVER CAMPAIGN

Fight Against Plague in New Orleans Is About Over.

### ONLY 1 NEW CASE; NO DEATHS

Federal Forces Which Have Been at Work in Crescent City for Some Months, Are Preparing to Leave for Their Homes.

New Orleans, Nov. 7.—Up to noon today there was one new case of yellow fever and no deaths reported.

What is expected to be the final week of the fever campaign began today with only seven cases under treatment and only a handful of centers of infection under observation.

The forces employed by the federal service have now been reduced to the minimum necessary to observe the few cases and foci remaining and district and headquarters work is being cleaned up so that an early transfer of the health situation back into the hands of the local authorities may be made. The announcement that Dr. White is not going to Chattanooga will enable him personally to supervise the end of the campaign.

The delegates to the Chattanooga convention will leave here Wednesday headed by Governor Blanchard. Though there is some opposition here opposed to national quarantine based on the fear that the south may suffer commercially, canvasses of the delegates indicate that the majority who go from Louisiana will be ready to accept a modified proposition for national supervision.

Dr. Jose Y. Porter, state health officer of Florida and his assistant, Dr. S. R. Mallory, who came here to confer with Dr. White, left today for Pensacola, Fla. Dr. Porter said the Florida situation was rapidly improving and that the necessary steps, based on the experience of this year, will be taken to prevent a recurrence of the fever next and subsequent years.

The lifting of the Alabama quarantine has permitted the complete restoration of the railroad schedules that reach that state, and already heavy travel has set in.

President Tyrrell, of Spring Hill college, near Mobile, has arrived here with the lifting of the quarantine, and is now arranging the departure of the large number of Louisiana boys who attend that institution.

No advices have been received indicating any change of attitude by the state of Texas on the question of quarantine the occurrence of cases at De Bidder in Calcasieu parish apparently convincing the Texas authorities that the danger is not altogether past.

The weather is warm and rainy, and a cooler spell is promised.

The influx of visitors and New Orleans people continues. Business in all lines shows steady improvement, and there is abundant employment for labor.

It is expected that building statistics for the year beginning Sept. 1 will break all previous records.
