TO BUILD A HOME.

Prof. A. W. Blair Will Erect Elegant Home on West Liberty.

Prof. A. W. Blair, chemist at the Florida Experimental Station, is evidently well satisfied not only with his connection there, but with the city as well, as he recently purchased a desirable lot on West Liberty street, near the University grounds, and will at once begin the erection of a handsome, modern, two-story home on the same.

The contract for this home has been let, material is being delivered upon the ground, and the contractor states that he will begin work in earnest Monday.

When completed this will be one of the finest homes in that section of the city, and a credit to the owner.
