IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Gainesville Citizen Shows How to Cure Them.

Many people in Gainesville never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Gainesville people testify to permanent cures.

C. L. Kite, living at 804 E. Seminary street, Gainesville, Fla., says: "I think that a strain was the cause of kidney trouble in my case. I suffered from a dull, dragging pain in my back and this was always aggravated if I did any lifting or stooping. Although I had little faith in advertised medicines, I decided to give Doan's Kidney Pills a trial. I procured them at J. S. Bodiford & Co's. and am now very glad that I did so, for a short use entirely eradicated all signs of kidney disorder from my system."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

tion have started suit against one of the largest cigar dealers in Philadelphia for the fraudulent use of the name of Key West on cigars sold by them. This will probably be a test case, and Mr. Sidney Perry, an attorney, who has charge of the prosecution, will exhaust every means to secure a conviction. If he is successful, other large firms will be served with papers at once.

It was reported by some of the men who were at the reef where the tank ship "Aureole" was ashore Thursday, that hundreds of dead fish could be seen floating on the water after the ship had been floated. The fish were killed by the creosote that was pumped overboard from the ship, and while the liquid did not effect those which were in deep water, the small fish which live on the banks were destroyed by the thousands. Not many of the dead fish were of a large size, and for the most part those killed were the kind that feed near the surface of the water. Old fishermen say that creosote is a deadly poison to all marine life, and the fluid which was pumped over from the "Aureole" spread out for miles in a glistening sheet, leaving no escape for the fish which came under its influence.—Miami News-Record.

Have You a Baby?

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If its complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Cream Vermifuge. The only cure that never fails and has no bad effects. Sold by W. M. Johnson.

S.S.S. BEST TREATMENT FOR CATARRH

The entire inner portion of our bodies is covered with a soft, delicate lining called mucous membrane; this is kept in healthy condition by the nourishment and vital vigor it receives from the blood. So long as the circulation remains pure this membrane will be healthy, but when the blood becomes infected with catarrhal impurities and poisons this inner lining of the body becomes irritated and diseased, and the unpleasant and serious symptoms of Catarrh commence. There is a tight, stuffy feeling in the nose, watery eyes, buzzing noises in the ears, often slight deafness, difficult breathing, etc. The disease cannot be reached by external treatment, though such measures afford temporary relief in some instances. S. S. S. cures Catarrh by cleansing the blood of all impurities and poisons. Then as rich, pure blood circulates through the body, the inflamed, irritated membranes heal, the discharge ceases, headaches are relieved and every symptom disappears. Catarrh, being a disease in which the entire blood circulation is affected, can only be cured by a remedy that goes to the very bottom and removes every particle of the impurity from the blood, and this is just what S. S. S. does. Book on Catarrh and any medical advice free to all who write.

TUCKER GINNERY TO START MONDAY

Everything in Readiness for Handling the Fleecy Staple Here.

SUCCESS IS ALREADY ASSURED

About Two Hundred Bales Already in Sight, Which Will Keep Ginnery Busy for Some Time—Ginnery to be in Charge of W. C. Adamson.

From Saturday's Daily Sun:

The new ginnery of Mrs. Lois Tucker, recently installed on West Masonic street, expects to begin operation in earnest Monday morning, when quite a force will be employed. This will be gratifying information to the farmers of this section who raise cotton, as after the destruction of the Gordon gin by the fire during the latter part of last fall it looked as though there would be no such establishment again inaugurated here.

But Mrs. Tucker realized the necessity of a ginnery in Gainesville, as she studied the situation carefully, and to her energy is due the existence of another gin, which will prove of the greatest convenience and saving to the growers, who would have been compelled to make long hauls with their product, thereby entailing extra-expense.

The ginnery will be under the supervision of W. C. Adamson, one of the most efficient ginnen in the State, and the outlook at present seems to be very encouraging. Already about two hundred bales of the fleecy staple has been assured, which will give the establishment steady work for some time, to say nothing of what will follow.

As little as it may seem at first thought, the ginning industry is a big one, as it not only makes an open market for cotton, bringing the farmers to Gainesville, but employs a number of hands as well. While the Tucker ginnery is beginning on comparatively a small scale to the ginnery which was destroyed, indications are that the plant must be enlarged by another year.

HAD A FINE TRIP.

P. M. Oliver and G. W. Sanderson Returned from Two Weeks' Outing.

P. M. Oliver, the pioneer sportsman of this section, and G. W. Sanderson, have returned from a two-weeks' trip to Manatee Springs and Shell Mound, on the Gulf.

In speaking of the trip, these gentlemen state they never had a better time in their lives. They were well supplied with everything that goes to make an outing of this kind a success and a pleasure, and report that game and fish were abundant.

The trip was made overland, which was another appetizing and attractive feature.

GEN. HAMPTON'S OLD BODY SERVANT

Dies At Interlachen, Aged One Hundred and Nine Years.

HE WAS A NATIVE-BORN AFRICAN

Uncle Hampton Was One of the Very Few Genuine Ex-African Slaves and Was Imported from Africa When Quite Young.

Interlachen, Sept. 4.—On August 30, there passed away one of the few remaining survivors of genuine African ex-slaves, when "Uncle Hampton" (as he has always been known in this vicinity) died at the home of his son in the country near here, at the age of 109. Hampton was born in the last years of the eighteenth century, imported from Africa when quite young, and was for a number of years kept on a slave-ship and employed as a decoy to lure others of his race where they could be captured and carried to this country. Later he was one of the slaves of Gen. Wade Hampton, his "body servant" he termed himself, and he remained in the service of Gen. Hampton until the negroes were given their freedom. The year he crossed the century mark, he celebrated by clearing an acre of land, and planting and caring for a crop of sweet potatoes, and it is only within the past two years that he has been helplessly dependent. He was a negro of rare intelligence and industry, and, with a memory reaching back through so many years, could tell many tales of wonderful interest, of times when history was making fast and furiously.

HAD A FINE MEETING.

Rev. S. B. Rogers Labored Earnestly and Successfully at LaCrosse.

Captain H. C. Parker, the merchant of LaCrosse, was in the city Thursday.

Captain Parker is not only a successful merchant, but also one of the leading Christian spirits of that section, being the founder of the Baptist church at LaCrosse, and for more than twenty years the beloved superintendent of the Sunday school. He states that Rev. S. B. Rogers, pastor of the First Baptist church of this city, has just closed a successful revival which lasted a week at his church, during which a number of souls were saved, many having joined the church by faith.

Mr. Rogers is an earnest worker and a fine speaker, and the good people of the LaCrosse church feel grateful for his presence among them at this time.
