The first crate of tomatoes to be raised on the Okeechobee lands and placed on the market was brought in Saturday by George Hurd. They were placed on sale at the G. G. Strohm Company's store, and were said to be the finest tomatoes they had received this year. From now on tomatoes, beans and cucumbers will be brought in regularly from these lands to supply the local market here and to be shipped away.—West Palm Beach Sun.

Climbing into the rigging to mend a spar, Carpenter M. Anderson, of the Norwegian steamer "Thelma," died as he was engaged in his work, the steamer crossing the bar on its way to Gulfport for cargo. This fact was discovered a few moments afterwards when the body was seen to fall forward and catch in the rigging and become suspended. Members of the crew went aloft and found the chief carpenter dead. The steamer returned to port and after sending the body ashore and arranging for the funeral, proceeded out again on the voyage to Gulfport.—Pensacola Journal.

Miss Vivian Dame was the lucky winner in The Star piano contest, which closed at 10 o'clock Monday night. The excitement was intense and quite a number were present during the counting of the votes. Miss Dame's majority was over one hundred thousand votes. Quite a number of the friends of Miss Ethel Haycraft, who made such a splendid race, and the editor of The Star have ordered another piano exactly like the one won by Miss Dame, and it will be shipped direct to Miss Haycraft as a gift from her friends. Miss May Bell Rutland of Rutland won the piano among the out-of-town contestants.—Ocala Banner.

Thomas Hartley, who came near ending his life Tuesday at Summer Haven, with an overdose of laudanum, is improving, and has about overcome the effects of his mistake. Mr. Hartley had been suffering excruciating pain from an ulcerated tooth, and being at Summer Haven and out of reach of medical assistance or relief, took some laudanum. This failed of relief and in desperation he took a larger dose, which nearly caused his death. The man was hurried back to St. Augustine on the mail launch and by heroic treatment he was brought

At a recent meeting of the St. Augustine Board of Trade a communication from Mr. J. E. Ingraham, asking for the consideration of the use of petrolium paving in the future improvements to city streets, brought up an important subject which will doubtless prove of value and economy to the city in future. Mayor Masters indorses the project and recommended that the material be given a trial and that the parties interested be requested to send on the necessary material and machinery so that a sample of the paving material can be laid at a convenient point and tested both for city and county use. Mr. Ingraham was appointed a committee of one to take the matter up with the proper parties.

THREE EMPIRES.

Governments That Practically Sprang into Being Overnight.

Prior to Jan. 18, 1871, the German empire, as we know it today, had no existence. Instead it was a jumble of kingdoms, states, duchies, grand duchies and principalities, all joined together by a like language and common political aspirations, it is true, but otherwise quite separate and distinct.

Then came the historic ceremony in the Hall of Mirrors at Versailles. Paris had just been captured by King William of Prussia, and it was held to be a fitting time and place to proclaim him the first German emperor. Never since the dawn of history was an empire born more dramatically.

By a strange irony of fate, too, its birth took place amid the ruins of the French empire, itself the creation of a day, or, rather, to be strictly accurate, of a night. France went to bed on the evening of Dec. 1, 1851, a republic. When it awoke next morning it was an empire. During the hours of darkness Paris had been occupied by troops, and the prince-president had become Napoleon III.

Equally sudden and almost as sensational in its way was the birth of the modern Greek empire. After the yoke of the Turks had been thrown off in the war of independence the country became a republic. But the people soon tired of that democratic form of government and promptly proceeded to assassinate their first and only president. Then they met together, elected a king and settled themselves down to be ruled by him in a quite orderly and contented fashion.—San Francisco Chronicle.

A Man of Letters.

"Did your friend make a hit at the literary club?"

"I guess he did. He pronounced 'Les Miserables' in a brand new way and then alluded to it as Victor Herbert's masterpiece."—Washington Herald.

Thank You.

In my fairly long and checkered life I have been accused of many things, some things justly, perhaps, but I have never been justly charged with ingratitude, or of wilfully hurting or wounding anyone. I am deeply grateful to my many friends who have aided me in the production of "Charley's Aunt" and "The Late Mr. Jones," and if during the worry and bother of the work necessary for the successful presentation of them, I have in any way been rude or discourteous, I sincerely ask forgiveness. I also wish to thank each and everyone who attended, for their lenient criticisms and kind support.

Yours gratefully,
THEO HUDGINS.

Napoleon's Bible.

An Italian journalist has the copy of the Bible which Napoleon used during his compulsory sojourn in the Isle of Elba. It is a copy of a cheap popular edition, illustrated with rough wood cuts, with the initial N. and the imperial crown stamped upon its back. A number of texts are underlined, and the inference is that the exiled emperor searched the Scriptures for passages appropriate to his misfortune and his hopes. "I will smite the shepherd, and the sheep shall be scattered," is perhaps the most significant of them. The Bible was discovered in the sanctuary of the Madonna del Monte, in Elba.

A Hummer.

HIDDEN DANGERS

Nature Gives Timely Warning That No Gainesville Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident:

Mrs. Elizabeth Moore, Madison avenue, Starke, Fla., says: "For some time I suffered from dull, nagging backaches and distressing pains through my loins. I could not rest well and arose in the morning feeling tired and worn out. My kidneys were sluggish and the secretions very unnatural. I at length procured Doan's Kidney Pills and they gave me the desired relief promptly. I have since been free from backaches and pains through my loins and my kidneys are normal. I am feeling better generally and give Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A Kind Hearted Waiter.

A surprising experience was that of a lady who received a bit of advice on table etiquette. She is sufficiently free from vanity to tell the story herself. She says:

I know that I am not a person of impressive appearance. I am inclined to be short and stout and to dress plainly. Still, I had hoped that I had an air of acquaintance with polite society. But now I shall be more modest than ever in my idea of the impression I make upon strangers.

At my first meal at the hotel where I passed last summer I was pleased with the face of my waiter. It was radiant with kindness and good nature. I began my dinner with soup and fish. As the waiter set them in front of me he glanced at the persons of fashionable appearance who were my neighbors at table. His kind heart was suddenly struck with the fear that I might make an unfortunate impression on them. He bent down and whispered in my ear:

"Eat your soup first."

Isn't there something which only a want ad. can do for you today?
