

GOV. JOHN A. JOHNSON HAS PASSED AWAY

MINNESOTA'S CHIEF EXECUTIVE DIED TUESDAY MORNING.

His Last Words to His Wife, "Well, Nora, I Guess I'm Going."
A Remarkable Man.

ROCHESTER, Minn., Sept. 21.—John A. Johnson, three times Governor of Minnesota, candidate for Democratic nomination for President last year, and looked upon by many throughout the country as a probable nominee in 1912, died at St. Mary's Hospital here at 3:25 this morning, following an operation on last Wednesday.

The Governor lapsed into unconsciousness at 1 p. m., and toward the end he revived himself several times to pat his wife on the cheeks. His last words were, "Well, Nora, I guess I'm going; we have made a brave fight."

Dr. W. J. Mayo stated that there were no traces of blood poisoning, and that the immediate cause of his death was exhaustion and heart failure. Considerable encouragement was felt yesterday morning.

When the Governor had breathed his last, Mrs. Johnson, who had been in almost hourly attendance at her husband's side, and who had borne up bravely under the ordeal, totally collapsed and was taken to the Sullivan Home.

Sketch of Life.

John A. Johnson, one of the most unique figures in the nation's politics, has had a most remarkable career and his wonderful achievements show the possibilities of the American youth.

He was of Swedish parentage and was born in St. Peter, Minn., in 1861. He attended the public schools for a while, but the poverty of his parents compelled him to go to work, and he secured work in a printing office. His father became an inebriate, and in order to support the family the mother was forced to do washing for her neighbors, as the boy's wages were quite small.

Full of pluck and ambition, young Johnson determined to make his mark in the world, and by industry he acquired an interest in The St. Peter Herald and became editor of that paper. In 1894 he was sent to the Minnesota State Senate as a Democrat, and his record there stamped him as a man of wonderful native ability.

In 1904 he was elected Governor of Minnesota, in spite of the fact that the State was overwhelmingly Republican. In 1906 he was re-elected, and again was called to this honor in 1908. As a reformer he stood among the most prominent in the country, and was strongly supported for the Democratic nomination for President in the campaign of last year.

His position on all Governmental propositions stamped him readily as a statesman, and in his death the country sustains a serious loss.

W. K. VANDERBILT, JR., AND WIFE SEPARATE.

NEW YORK, Sept. 22.—William K. Vanderbilt, Jr., donor of the Vanderbilt cup for automobile races, and his wife, formerly Miss Virginia Fair, of San Francisco, have signed a separation agreement, according to an afternoon newspaper.

Mrs. Vanderbilt is now returning from Europe to America with her two children, Muriel and William K. Vanderbilt, III. It is expected that the separation will be formally announced as soon as Mrs. Vanderbilt reaches New York.

Efforts by Mrs. O. H. P. Belmont, mother of Mr. Vanderbilt, and Mrs. Herman O. Elrich, sister of Mrs. Vanderbilt, to avert the separation, were without success.

BUCKMAN HALL IS LONG SINCE FILLED

ADDITIONAL ROOMS SECURED AND THESE ALL TAKEN.

Reservations at University by Far Exceed All Expectations of the President.

Already all of the available space has been taken up at Buckman Hall at the University of Florida and the large extra building rented has been filled, so it is now a question as to where the school will find more room to accommodate the large number of students that will enter the State University at the coming term, which opens next Wednesday, September 29th.

In conversation with Dr. Murphree, the newly elected president, he stated that prospects were most flattering for the largest attendance in the history of the institution, and that another season would probably more than double the attendance for the coming term.

There have been reservations made for about one hundred and of course this will be largely added to on the opening of the school.

A number of changes and additions have been made to the school for the coming season, principally the addition of the law department, and this alone will greatly increase the attendance. The library of this department is the best to be found in the State, with one exception, and there is not another college in the South that can boast of such a collection of books on the first year of its existence.

The entire body of instructors are all of the highest class and order, and the people of the State will do wise to consider well before placing their children in other locations, for here the expense is greatly reduced and at the same time the same, if not better, instruction is given.

DAMAGE AT BILOXI.

BILOXI, Miss., Sept. 21.—The Gulf storm struck this city at 3 o'clock yesterday morning, with the wind blowing forty miles an hour, continuing to increase in intensity till it reached sixty miles an hour at 5 o'clock in the afternoon. It is estimated that the high tide and the wind have wrought damage to property between forty and fifty thousand dollars.

Between Beauvoir and Debuys 500 feet of the track of the Gulf Coast Traction Company is washed away and another hundred feet is gone near the Soldiers' Home, and to the eastward of Gulfport another 150 feet were washed away. All the bath houses and piers along the beach from Gulfport to the home of United States Senator Money, a distance of four miles, have been swept away. Three hundred feet of the electric car line at Long Beach, Miss., have been swept away.

A pen containing 5,000 diamond-back terrapins, valued at \$5,000, located on the back bay of Biloxi, is threatened by the incoming tide and many men are working to save the terrapins. Twenty shrimp boats are reported to be out in the storm, but a boat arriving here late Sunday night reported that they are making for Lake Borgne canal for harbor. The schooner Ruby and a wharf recently built by W. M. Hampton were wrecked. The driveway, known as "the Beach road," along the coast in front of Biloxi, is completely gone, entailing a loss of fifteen or twenty thousand dollars. Louisville and Nashville train No. 6 is the only train reaching Biloxi from New Orleans. No train has reached here from the north and all telegraph wires are down. No loss of life is reported.

HEAVY LOSS IN CUBA.

HAVANA, Sept. 21.—Telegraphic wires and bridges between Havana and Pinar del Rio are still down, and consequently it has been impossible to ascertain the extent of the damage wrought by the storm last week in that section. It has been learned, however, that many hundreds of peasants are destitute from the destruction of their huts and crops. The treasury is without ready relief funds, and President Gomez Sunday night called a special session of Congress for September 24th to make a relief appropriation. The total loss in Pinar del Rio is estimated at \$4,000,000.

Peruna Tablets Tested.

What are the Peruna Tablets good for? Has anybody used them enough to know what they will do? Read the following letter and see. If you have any doubt as to the genuineness of the letter, write to Mrs. Lohr, enclose a stamp for reply, and see whether her testimonial is genuine or not:

Ravenna, Mich., June 16, 1908. The Peruna Drug Co.

In regard to the Peruna Tablets, I have used about ten boxes in all.

While I was in Chicago my oldest daughter was bothered with a cough all the time. She has had it for four years. Sometimes it would go away, and in the winter time it was so bad that the doctors and professors said that she had consumption, and the only way to give her any relief was to perform an operation.

I spend so much money for different medicines, and for doctors also. Nothing seemed to help her.

So I saw the Peruna Tablets advertised in the paper, and I got a box and tried them. She could get some sleep by taking them. She would be up all night and cough. So in all she took six boxes, and never was bothered any more.

I will leave this for any one to inquire at our old residence, where we lived in Chicago. All our neighbors would say that she could not live with such a cough. You don't know how thankful I am. She is eighteen years old.

My oldest son also was bothered with his stomach, throwing up, and his bowels so loose all the time. He was all run down for four months. I also doctored with him. One would say this and the other something else. I started in to give him the Tablets, and now he is all right and healthy looking. He took four boxes. That is all he wants to take whenever anything ails him.

So I praise your Tablets just as high as I have your Peruna. That is all the medicine that ever comes in my house. Whenever I travel I take some with me. I have had three of my children-sick with scarlet fever two months ago, and that is all I used, was the Peruna and the Tablets. I did not lose any of them.

If there is any more information you want, why just let me know and I will be glad to do so. Yours truly,
Mrs. L. LOHR, Ravenna, Mich.

ICE CREAM SUPPER.

JONESVILLE, Sept. 23.—Miss Lizzie Hamilton and brother, John, attended church at Forest Grove Sunday.

Mr. and Mrs. Geo. E. Pickett are visiting the former's parents, Mr. and Mrs. Mrs. T. R. Pickett.

Mr. and Mrs. T. R. Pickett made a flying trip to Gainesville Saturday.

W. H. Pickett left Saturday for Atlanta, Ga., to enter college.

On Tuesday evening, Sept. 28th, from 4 o'clock until 12, there will be ice cream and cake served at the

RAMSEY LANDS OLD MURDERER TUESDAY

LEFT FOR ST. AUGUSTINE TO BRING THE PRISONER BACK.

Has Been Quietly at Work on This and Other Cases for Past Several Months.

By hard work and diligent scheming Sheriff Ramsey succeeded in locating an escaped murderer who has been wanted in this county for the past two years and Wednesday left to bring the fugitive back here for trial.

Will O'Neil, a negro employed at the turpentine farm of S. G. Gay & Co. of Micanopy some time since, became enraged at his wife, and in his fit of madness cut the woman's throat from ear to ear with a razor, making his escape at once, and had not been apprehended until Mr. Ramsey learned of him and had him arrested by Sheriff Perry of St. Augustine, where he has been for the past few weeks.

Sheriff Ramsey stated that he had been following this negro by communication for the past few months, but had not been able to get him in a place where he could be picked up until he arrived at St. Augustine. After he had become located there he wired the St. Johns county sheriff to take him in charge until his arrival.

The above killing occurred in the quarters near the depot at Micanopy just a short while following another killing, creating considerable excitement among the negro employes at the time, and the good detective work of Mr. Ramsey in this case is to be commended, for he is of the opinion that he will also land the other party within a very short while.

In addition to the above two cases, he has one other murder case, the crime having been committed about three years ago, and he has good reason to believe that he will be successful in locating this man also.

home of Mr. and Mrs. T. R. Pickett. Everybody cordially invited to attend. If you can't come in the evening, come in the afternoon, and if you can't come in the afternoon, come in the evening. There will be someone to wait on you from 4 o'clock on. We hope to make enough to finish paying for our church organ at this supper. Everybody come.

The grocery store of R. R. Strange & Company, in Lake City, was entirely destroyed by fire on last Saturday.

THIRTY-SIXTH YEAR FOR MISS

AN OLD INSTITUTION GREAT FAVORITE

Started With An Enrollment and Same Was Increased Tuesday.

For the thirty-sixth year Miss Tebeau's School was opened successfully on Monday morning with an enrollment of over fifty pupils, which number was increased during Tuesday, and expected to come later in the week.

This school, which has been successfully conducted by Miss Tebeau, has been one of the best of the city and an institution of the city points to with great interest, for it has trained some of the brightest and best men and women of the State.

Only recently this school was named as the Diocesan School of the city by the Episcopal Church, and in itself will cause it to bring new scholars from other sections of the State.

The opening enrollment is most satisfactory to Miss Tebeau and assistant, Miss Thomas, and they anticipate a great increase in the next few days, particularly among the girls who have already engaged at the school.

With this popular private school running, the University of Florida and the High School with a student body nearing the six-hundred mark, it truly makes Gainesville a great educational center of Florida. Each can be pointed to as the highest class, where the children receive all the care and attention desired.

A number of the patronesses of the school, as well as members of the Diocesan Council, were present at the opening exercises.

Small House Burned.

Saturday afternoon the small house owned by Lige Haines in the eastern part of the city was destroyed by fire, the building and contents being a total loss. The origin of the fire is unknown, as all the place were away at the time. It did not know of the occurrence until late in the night when they returned to their home.

The Apalachicola Board of Trade are urging that a business college be established in that city.

MEDICINAL WHISKIES

We Want to Sell You

THE GLENDALE COMPANY

JACKSONVILLE, FLA. 13 to 21 N. Laura St.

SIG. SAMUELS, Prop.

CHATTANOOGA, TEN. 318 E. Ninth St.

Glendale's Famous "Pride of Maryland" EXPRESS PREPAID.

4 Full Quarts	\$2.85
